PHYSICAL TRAINING IN SCHOOLS.

The following is an extract from a circular letter to the Inspectors:—

May I ask your co-operation in our efforts to promote systematic Physical Training in the schools in your Inspectorate. I might state that so far as the Military District is concerned, we are ready to lend our Permanent Force Physical Training Instructors to train your teachers according to the latest Syllabus of Physical exercises which has been adopted by the Committee of the Strathcona Trust, and also by the Department of Education.

Wherever teachers can be gathered together in numbers of twenty or more within a reasonable central point an Instructor will be furnished to conduct a Course to qualify teachers for Grade "B" Certificates. All teachers attending such a Course will be entitled to pay at the rate of 50c. an hour. The Course is a forty-five hour Course, and this is extended over a period of from four to five weeks.

G. H. GILLESPIE, Lt. Col.
D.C.S.M., M.D. No. 3.
Inspector of Public Schools,
Napanee, Ontario.

Teachers interested might communicate with the Inspector.

OBITUARY.

Mr. Allen Oliver.

The funeral of the late Allen Oliver was held on Friday afternoon, March 10th, at his home on the Deseronto Road, and was largely attended. Rev. Mr. Shorey, of Napanee, officiated. The body was laid away in the vault of the Deseronto cemetery to await spring burial.

Mr. Oliver was 82 years of age at the time of his death, and had been born and had lived continuously on the same farm. His father and forefathers were of the U. E. Loyalist stock that settled in this country during the last quarter of the eighteenth century. During his life Mr. Oliver was active and influential in the affairs of Richmond Township, as reeve and county commissioner for many years. He was at the time of his death a Justice of the Peace.

Mr. Oliver was liked by everybody, and was a good, loyal and kind neighbor. He was a lifelong member of the Conservative party and the Methodist Church. There are left to mourn the widow, Mrs. Ellen Oliver, two sons, Thomas, of Calgary, and Harry, on the homestead; and six grandchildren, and a legion of friends and relatives. Three sons have preceded him in death,—Lorne was killed while in action overseas during the late war; Merle died in Calgary, and Malcolm died at his home in Richmond. The pall bearers at the funeral were Alexander Thompson, Robert Howen, Austin Kimmerly, Mendall Kimmerly, Robert Rennie and William Joyce.

Mr. Orval Fretts.

On March 4th, 1922, there passed away at Hawley, one of its most respected and well known residents, in the person of Mr. Orval Fretts. He was born in the Township of Ernestown, and while yet a boy moved to this neighborhood, where he spent the remainder of his life. He was a staunch Methodist, and an ardent labourer for Christ, being Sunday School Superintendent for twenty years, and taking an active interest in all other branches of church work. For the last ten years, however, ill health had forced him to relinquish the former activities. Death came as a release, and an entering into the Father's life. In 1880 he was united in marriage with Miss Christina Farley, of Newburgh. Besides his widow he leaves to mourn his loss, two daughters, Mrs. Fraser Lamphin, Hawley; Mrs. Alfred Naudfa, Toronto, and one son, Clayton, on the homestead. Two sisters, Mrs. Henderson, Wisconsin; Mrs. Lampkin, Brantford, and one brother, Mr. Andrew Fretts, Hawley, also survive him.

Many women now use Day Dream Toilet Water, as a perfume exclusively. It has such a delicate, refreshing fragrance that it is so lasting. For sale in Napanee, only at Wallace's.

ERNESTOWN STATION.

The play entitled "The Elopement of Ellen", held at the Union Church, on Friday last, was well attended. The play was good, as was the programme which was given between acts by local and foreign talent. Prof. Bird, of Kingston, at the piano, and his readings were greatly enjoyed.—The members of the Ladies' Aid met at the home of Mrs. Jos. B. Hamm, on Tuesday of this week, by invitation.—Mr. Harry Vanluven, of Napanee, was in town last week. — A pleasurable event took place at the home of Mr. J. B. Lucas, on Saturday evening last, when a number of friends and relatives assembled under this hospitable roof, in honor of his 85th birthday. The evening passed by very pleasantly, those present enjoying the many incidents so graphically related by Mr. Lucas, of the early experiences of the pioneers of this locality. We are glad to report that Mr. Lucas is hale and hearty, and one of the most esteemed and highly respected citizens, being a life long resident of this place.—The event of the season in so far as Moscow is concerned, was featured here on Friday evening last, when a large number of Protestant ladies of the community, met in the Orange Hall to institute a Ladies' Orange Lodge. Thirty-nine candidates were initiated into the secrets and sublime mysteries of the Ladies' Orange Benevolent Association, by the Right Worthy Grand Mistress of Eastern Ontario, Mrs. Fetherston, of Ottawa, ably assisted by prominent members of the Order from Centreville, Napanee and other outside points. The work of the various degrees was beautifully and impressively exemplified by the distinguished visitors. After the exemplification of the various degrees, the lodge adjourned for lunch, which was enjoyed by seventy-six who sat down. The Lodge will be known as "Princess Mary", L.O.B.A., No. 455, and the night of meeting, Saturday on or before F. M.

The following officers were elected:—Worthy Mistress, Mrs. Joseph Amey; Deputy Mistress, Mrs. Joseph Foster; Chaplain, Mrs. LaVerne Huffman; Rec.-Secty., Mrs. Garnet Huffman; Fin.-Secty., Mrs. Cecil King; Treas., Mrs. Henry Reid; First Lect., Mrs. Amos Huffman; Second Lect., Miss Lorraine Ross; Lect. at C., Mrs. Sanford Keech; 1 G., Mrs. (Major) A. M. Bell; 1st Com., Mrs. James Fisher; 2nd Com., Mrs. J. Brown; 3rd Con., Miss Georgie Huffman; 4th Com., Mrs. R. J. Quinn; 5th Com., Miss Helen Amey; Auditors, Mrs. Gladys Asselstine and Miss Lila Bell.

CAMDEN EAST

Service will be held in the Methodist Church next Sunday evening at 7.30 o'clock out for the month of the year. Miss Turner, the Missionary for the W. M. S., will speak next Sunday evening. We hope to see a large crowd to hear her, as she is a clever speaker on missionary work.—Mr. and Mrs. Levi Salisbury and daughter, Daisy, were guests of Mr. A. Allen Cowark and family, on Sunday last.—Mr. Hogoboon returned home with his family, on Monday last, on Friday last, to spend a few days with his son and his family.—Miss L. Marshall, of Camden East, returned home from visiting at Gananoque and Kingston, for a few weeks past.—Mrs. John Wilson died in Toronto, and the remains were brought here on Monday last and laid in the vault to await interment in the family plot beside her deceased husband.—Mrs. Geo. Riley left for Brockville on Tuesday last to visit her brother-in-law, Mr. Heather, who is seriously ill.—Mrs. Wm. Loucks spent a day in Napanee on business recently.

NEWBURGH.

Mr. Walter Hogan is moving to his farm which he recently purchased from Mr. Herb. Sexsmith.

Mr. Martin, section foreman, has the occupancy of the house vacated by Mr. Hogan.

Miss Pringsey, of Edmonton, visited Mrs. G. M. Walker for a few days during the week.

Miss Mildred Hill enjoyed the hospitality of Mrs. Claude Brethen, Switzerville, on Sunday last.

Mrs. T. B. Wilson, of Newburgh, and Mrs. George Riley were called to Brockville on Saturday, owing to the serious illness of Mr. Heather.

Miss Marion Freeman, of Yarker, former pupil of the High School, was calling on old friends during the week.

Mrs. Libbie Weese visited over Sunday with her granddaughter, Mrs. Hubert Wartman, of Wesley.

Messrs. Bader Switzer and Lorne Lockwood visited Oshawa last week, and report it as being a very busy place.

Rev. E. B. Cooke occupied his pulpit on Sunday evening, after an absence of three weeks, owing to illness in the home.

Mrs. Simmons, of Belleville, is on a visit to her daughter, Mrs. S. A. Naylor.

Masters John and Stewart Yeomans, who have been ill for the last three weeks, are now convalescent.

MOSCOW.

With spring suddenly ushered in, and the land and roads drying up, the busy activities of rural life has begun in earnest. Those having maple groves are busily engaged in manufacturing maple syrup, and the output for the past week was reported fair.—A shipment of hogs from this point on Tuesday brought the farmers 13½c., which was considered a good price.—We are pleased to note that Mr. Henry Huffman has returned home from Florida, where he has been spending the winter, and will again be on the job to furnish Prof. Bird's readers with all of the agricultural machinery and implements they may require.—Mr. Harry Vanluven, of Napanee, was in town last week.—A pleasurable event took place at the home of Mr. J. Chased by Motor in Three Counties; Two Men Held

Percy and Fred Deline, of Murray Township Now on Way to Napanee.

High County Constable Brian, of Lennox and Addington, paid a call on the Belleville police on Sunday and received the help of Police Officer Trusiach in gathering information regarding a theft at Tamworth on Thursday night. The constable had been chasing the clue for two days by motor and his tracing of the suspects led him this way. The assistance of Provincial Officer Fred Hughes was called in and he went into Murray township with the H. C. C. of Lennox and after getting a search warrant at Brighton they arrested Percy and Fred Deline, who reside three and a half miles west of Trenton, on the charge of breaking and entering the general store of John Shire, at Tamworth, and stealing a quantity of goods, including shirts, suspenders, boots, hose, and about fifteen dollars in cash.

It is alleged that the officers recovered quite a quantity of goods which are believed to be the goods that are wanted. The men, who are brothers, were taken to Belleville along with the goods and were removed to Napanee for their preliminary hearing.

QUESTIONS AND ANSWERS.

By the Canadian Forestry Association.

Q. Our town is arranging to plant shade trees along several of the streets at the expense of the municipality. Is it considered good practice to plant only one variety of trees on a single street, or to mix the varieties to some extent ?

A. By all means keep to one type of tree on each street. The most beautifully shaded street in the city of Ottawa has nothing but elms for its entire length. Is is easy enough to spoil the appearance of a street by mixing such trees as mountain ash, birch, elm and others. Keep to the hardy and long lived tree, such as the elm and Norway Maple.

Q. Where can I obtain information as to the planting of hedges, and the selection of material that will produce best results ?

A. Write for a very informative booklet to W. T. Macoun, Dominion Horticulturist, Central Experimental Farm, Ottawa.

Q. As a newspaper editor, how can I figure out how much wood is required to keep this paper supplied with newsprint for a year ?

A. It takes one and a half cords of spruce or balsam wood to make one ton of newsprint. The average spruce found in Eastern Canada runs about six cords to the acre. You can easily calculate from this how many acres of timber must be cut each year to provide for your local circulation.

Q. Is it a fact or just somebody's guess that the timber supplies of the United States useful for the manufacture of newsprint paper are in danger of depletion ?

A. It is a positive fact thoroughly well established from American sources. In at most ten years, many of the great United States industries manufacturing paper, for newsprint purposes will have to transfer to Quebec, Ontario or New Brunswick. If we are to benefit by the coming of these industries, which are great employers of labor and distributors of wealth, we must make sure that the present rate of forest fire destruction in Ontario, Quebec and New Brunswick is cut down as far as is humanly possible. The forests coupled with the water powers of Eastern Canada are to-day the greatest industrial magnet that this country possesses.

Q. I have a brother a farmer in Western Ontario and his place contains much waste land which he would like to plant. Who can help me get such planting work under way ?

A. In the first instance write to the Provincial Forester, Parliament Buildings, Toronto, who will be glad to advise you as to procedure and he may be able to supply you with sufficient tree stock from the Provincial Nursery. Keep also in touch with the Canadian Forestry Association, Ottawa. They will do everything possible to assist you.

NAPANEE COW TESTING ASSOCIATION.

The Napanee Junior Farmer Improvement Association in conjunction with the local Department of Agriculture is conducting a cow testing association for the season of 1922. Last year, a cow testing association was conducted and the results obtained were very valuable to farmers in eliminating the "boarders" from their herd. Any farmer who is interested in having his herd or a portion of it tested for the six months from April to September, inclusive, is advised to call or write to the Agricultural Office, Napanee, for full particulars regarding this work. The weighing and sampling of the milk starts on the first day of April.

WOODBINE.

We are having a nice lot of fine weather here now.—The farmers are busy in the sugar bushes, and report a fairly good run of Sap. We are sorry to hear that Mr. John Morley is confined to his house.—Mr. W. Grass expects to have a sale of his live stock.—The stork flew over this vicinity and left a wee baby girl at the home of Mr. and Mrs. Ross Revell. —Little Aleta Sly, daughter of Mr. and Mrs. Herb. Sly, is very ill.—Mrs. Anthony Smith visited on Mrs. Ross Revell, on Saturday.

LETTER TO THE EDITOR.

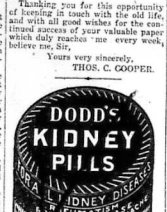
Springfield Cottages,
Polton, Midlothian,
Scotland.
March 13th, 1922.

To the Editor Napanee Beaver.

Dear Sir,—I would like to take the opportunity of letting my old friends know, through the columns of your paper, how things have been going with us since leaving Camden East. After our arrival in Scotland, I had to wait for a time before proceeding to hospital. I was admitted to the Ministry of Pensions Hospital, Craigleith, Edinburgh, on the 30th of January, 1922, and after being under observation for a few days, I was operated on on the 15th of February, when I had quite a chunk removed from my thigh. I have nothing but the greatest praise for the Doctors, Sisters and staff of the hospital, as they have done all that lies in their power to make things as comfortable as possible for the boys who came under their care. I am progressing so well that I hope to get home to the above address on Friday, the 17th, so I guess I have done fairly well in the healing line. Mrs. Cooper, John, and myself, take this opportunity of sending our best wishes and kindest regards to all the old friends at Camden East and the paper mill. My one regret is that I am unable to say when we will be able to return, as I may possibly be in the hands of the Doctor for some considerable time, but hope to have the pleasure of a reunion with them all as early as possible.

Thanking you for this opportunity of keeping in touch with the old life, and with all good wishes for the continued success of your valuable paper which duly reaches me each week, I believe me, Sir,

Yours very sincerely,
THOS. C. COOPER.



Sunset Colors.

The gorgeous sunset colors are due to the red light which is transmitted through the cloudy sky and is the reverse of the blue of the sky. Water is apparently blue in itself when one looks through a sufficiently long layer. If, however, there were nothing to reflect the light back, the water would, of course, look black, and certain lakes do show exactly this phenomenon. If there is a small amount of reflecting particles the water looks blue. With more suspended particles a certain amount of yellow is sent back, and the water becomes green. In the tropics the water is an intense blue, except near the shore, where it becomes an almost equally intense green.

The water of the Rhone where it flows out of the Lake of Geneva is blue, while the Rhine of Strasburg is green, and we find that the Rhine contains 70 per cent more suspended calcium carbonate than the Rhone. Sometimes the water in a swimming tank will be green. This is due to suspended solids in the water. The same effect can occasionally be obtained in a porcelain-lined bathtub. The clear brown breaks that one finds in many places in New England owe their color to the presence of a brown material of the nature of tannin, so this would really be a pigment color and not a structural one.—Scientific American.

Measuring Our Universe.

Astronomers are inclined to believe that our universe with its 20,000,000 stars is after all but a part of space and that other universes may lie beyond. Attempts have been made to measure the size of the so-called universe, but opinions differ very widely as to its dimensions. It is difficult to measure it by using so small a unit of measure as a mile. If we take the speed of light which travels 186,000 miles in a single second, for comparison we will begin to gain some faint idea of the dimensions. Light speeding along at this rate will travel in an hour 669,600,000 miles. It is estimated that it would take light 30,000 years to travel across this space. Some astronomers seem to believe that it would take ten times as long or 300,000 light years. The mind can scarcely grasp the idea that beyond this universe lie even greater voids.—Boy's Life.

Maiden Lane's Fame in Peril.

Maiden lane, in the heart of the New York business district, may lose its identity if the diamond and jewelry and allied trades there decide to move uptown.

Great increase in rents recently caused the tradesmen to appoint a committee to consider a proposal to move. The committee is expected to report shortly, it was learned, has recommended several new sites and a canvass will soon be taken on the proposition. More than 75 leading firms, including large manufacturers, are said to be considering moving.

A couple of Cockneys, visiting the Royal Academy, came to a picture entitled "Hawking in the Olden Days," and stood gazing at it with great interest.

"Awking in the Olden Days," said one. "Well, they didn't arf do it, eh! My word! 'orsback an' all."

"Rather!" agreed his female companion. "But wot are they 'awking, 'Enry ?"

"Blessed if I know," responded the puzzled 'Enry, "unless they're tryin' to sell their 'bbouin' parrots."

Would not be Without Zutoo Tablets At Any Cost

Mr. A. O. Norton, the millionaire Jack Manufacturer, of Boston, who recently died, was a great friend of Zutoo Tablets.

He suffered from headaches from childhood and when he found Zutoo Tablets stopped the headaches in a few minutes and left no bad effects he began recommending them to his family and friends. In an unsolicited letter, Mr. Norton says in closing :

"My family use them when ever needed with equally good results. I have frequently given them to friends who were suffering from Headache and they never failed to give quick relief. I always carry Zutoo Tablets in my grip on the road and WOULD NOT BE WITHOUT THEM AT ANY COST."

CUSTOM HATCHING.

The poultry business leads all other branches on the farm as a profit maker. Just think of over 90 tons of dressed poultry being sold in our town on only 2 days last fall at very high prices. This amount represents less than two-thirds of the poultry sold in this county last year. Then when you take into account the eggs, which amounted to over $100,000, a grand total of $225,000. Are you getting your share of this great money making industry. If not, start in now.

In order to help you get started right, The M. B. Mills Co. will do custom hatching at reduced rates. We will also take orders for Day-old chicks of the popular breeds.

We are agents for the best Incubators made, the celebrated Buckeye Hot Water Incubators also best Brooders. Can give clear instructions with the machines running before your eyes, so anybody can easily learn to handle them. Remember the most important thing is to have your chicks hatched early when you want them in good numbers, not waiting in disappointment for the chicking hens. Get your orders in now and be ready. We buy and sell poultry any day the year round.

BILIOUSNESS AND LIVER DISEASES

May be the result of Constipation or may exist when the bowels are irregular. The liver is congested often from giving rise to pain under the right shoulder, the complexion is yellow, headache, nausea, loss of appetite, flight fever, distress after eating, coated tongue, etc. Bile does not enter the bowels to digest the fats which decompose, forming gas, irritating the intestines, and often producing diarrhoea. A natural Liver Stimulant is required in DR. HERSON'S HERB TABLETS taken according to directions not only stimulates, but tones that organ.

FAD NOW IS TO RE-CHRISTEN

Slovenic Names Lead in Fashion, and the Ivans and the Goniaz Are Numerous.

If, as Shakespeare says, all the world's a stage, and all the men and women in it are players, then everybody is entitled to a stage name. Choose your own to fit the role you have assigned yourself, and you are only exercising your professional privilege. For the present, the custom—outside the domains of the theater and literature—is more general among women than men. But the fashion once diffused, there is no telling where it will end.

Says a writer in the Daily Mail of London: Time was when we were content to abide slavishly by the names bestowed upon us at our christenings, but today there are signs of revolt against a handicap such as is implied by an unsuitable Christian name.

Modern men and women realize what a depth of psychological suggestion abides within a name, and what dangerous thing it is to go through life attached to one that is antipathetic to one's nature.

Polly is becoming Patricia, and endeavoring to live up to it. Daisy is calling herself Diana and hoping that she looks like it. Human nature possesses a curious aptitude for opportunating to the view formed of and for it, so the re-christening craze achieves a wonderful mental metamorphosis is quite a number of instances.

The rose by any other name might smell as sweet, yet our feelings in regard to it might modify, were it known as stitchwort or mangelwurzel. Similarly it would be risky to be known as Martha when we long to be Penelope, and silly to suffer as Susan when we feel like Sophonisba. The world seems a different place when we feel ourselves rightly named for it.

There have been fashions in names that absolutely date their owners. Dorothy and Phyllis proclaim their age to the world at large just as do the unfortunate creatures named by misguided parents after battles, Jubilees and Russian dancers. For each the business of re-christening becomes sooner or later a positive duty.

The re-christening habit once acquired, there is no reason why it should not be repeated at intervals, as we age and develop. Just now the fashion is for the Slavonic. There are Ivans who, in long clothes, were pure George, and Sonias who in their cradle were simply Ada. Not long ago favor was with the French, and Yvonnes and Margots were everywhere.

After all, why not seek the appropriate? It may annoy one's relatives, who are apt to regard the re-christening craze as an affectation amounting almost to deceit—but everybody's doing it.—New York Times.

Desert Made Habitable.

In the southwest corner of France, between the rivers Adour and Garonne, are long stretches of pine woods, green and cool. Where these pines now stand was a barren waste in the middle of the eighteenth century. Sun and wind vied with each other in making the land drier and dustier. Then the stormy Bay and Biscay came winds that set up great sand storms and sometimes buried whole villages.

But at last there came along a man who acknowledged fate only as something to be overcome. His name was Bremontier and he was an inspector of roads.

He began fencing in the desert. He built a fence and behind it planted a handful of broom seeds. Behind the broom seeds he put seeds of the pine. The fence protected the broom seeds and the broom grew. Then the broom in its turn afforded shelter to the delicate pine shoots.

Soon the pines spread and their tough roots bound the sandy soil together. The first step was accomplished. Then canals were made to drain the wet parts and carry water to the dry.—New York Evening Post.

Walnut Stump Worth $250.

A single walnut tree stump, grubbed out on the banks of Clark's creek, will net the Settgast brothers, Geary county farmers, more than $250, according to a Junction City (Kan.) dispatch.

The brothers recently purchased all of the walnut trees and have been cutting them down and shipping the timber to St. Louis and Kansas City markets, where it commands high prices.

The big stump weighs more than nine tons and the portion under ground measures fifty inches across, while the portion that was underground was even larger. It is estimated that the huge chunk of timber would make gunstocks enough for an entire regiment.

Based on present prices, the tree of which this stump formed the base will bring in more than $250.

Wished Water Turned Off.

Billy Hart has lived with his parents in East Thirty-sixth street for three years. The other day his father took him walking down to the Meridian street bridge over Fall creek. After watching the water flowing out from under the bridge for a time Billy said: "Turn it off, pop; turn it off."—Indianapolis News.

OLD BATTLE LINES

Evidences of War Thick in Vicinity of Ypres.

Shell Holes Beginning to Grow Green, but Battered Yaples Are Everywhere in Evidence on the Scenes of Slaughter.

Leaving Zeebrugge the first day's journey by motor takes the visitor something more than a hundred miles, with Ypres as the turning point and every variety of war-stricken lands and recovering countryside on the way there and back. It was a point mostly red with wearisome frequency in the real days of the glorious war, it was "functioning," as one would have said —and among front-line troops in the salient, laughter they would ever care to come back and see that foul place under a peaceful aspect. Agreed, there were those at home who might be taken, not without profit to themselves and the world in general, over the low ground under Kemmel, or where Passchendaele looked down on the ramps, and there were now a few of the armchair gentry whose instant pressure would have been welcomed. But, for himself, he was in the common verdict of the men in the mudhole that, once out of it, Wipers and he could be the best of friends—at a distance, says a writer in the Manchester Guardian.

Riding him the place from which rises the battered tower of the Cloth hall, in the high day and under a burning sun; coming, as it succeeded and unfearful from what was unmistakably the silence of "No Man's Land," one had no question such a verdict, and finally, under the stimulation of a hundred quick-fire memories, allays the appeal. For the interest of Ypres and of all the ground in front of it would not be denied. The place was like itself—in a degree hard to credit. And if only some mimic had been there to reproduce the shrill crescendo of an approaching shell one would undoubtedly have taken cover. Going out by the way of the Menin gate and turning up into the high road to Poelcapelle, with first Hooge and then St. Julien, with these schedulable rolling up to the skyline as a background, is to pass into the field of an endless battle from which nothing has been cleared but the dead; and though elsewhere something has grown over the scars of man's "reparation" of graves which is to give our dead an orderly and lasting memorial, they still lie here, for the most part in the scattered resting places to the horizontal hands of their comrades consigned them.

The shell holes begin to grow green, but it is only in beginning and the trenches are almost unseen as one goes down the road, were they ever to be dug afresh to-morrow. It is a long time before a place is reached from which no battered tanks can be seen, and now and again there are three or four deep on the very edge of the road—filched in their first attempt by the mud. For back here, as it is its worst, with almost all its evidences but present slaughter, one could scarcely better the scene of the road. A few miles farther, and the murdered forest of Houthulst, with its acres of stricken trees and not a live one, gives a new edge to terror.

There is something wasted in the notion that one can see the battle fields in a day; the repetition would give the same hint, but increase the same impression. As a lesson Ypres and its province could not be surpassed. Coming out at Zeebrugge one's mind was in almost permanent heebie-jee, the car returning to Zeebrugge seems made into a canopy which is alive. For the hinterland of Belgium has returned quickly to it. The grey huts which everywhere replace broken areas as shelter for those who have returned to the shattered villages, give that part the comparatively satisfactorily repaired, and the tropical cultivation of the soil gives forward with surprising vigor. It is fullness typical of no class in the world to such as the Belgian or French peasantry.

NURSE THINKS NOTHING BETTER

Lydia E. Pinkham's Vegetable Compound Advised for all Women in Poor Health

Toronto, Ontario.—"I took Lydia E. Pinkham's Vegetable Compound for years and it is the only patent medicine I ever recommend. I am a nurse and if I find a woman is in poor health I always tell her to take it, although you know that doctors and nurses do not recommend medicines I must say that I think there is nothing better than Vegetable Compound. When I first took it many years ago, I was so tired when I got up in the morning that I could not eat, and when I went to bed I was tired out. My mother-in-law told me to try Lydia E. Pinkham's Vegetable Compound and see what I would do. I tried it and only took two bottles when I felt better. Since then I have found that there is nothing that makes me feel so well. I have been in both private and public hospitals, but don't know any other medicine that has done so much for women."—Miss W. H. Parker, 19 Wellesley Ave., Toronto, Ontario.

Women testify again and again that they have been helped by Lydia E. Pinkham's Vegetable Compound "after other medicines have failed." It has been tried for nearly fifty years and not found wanting.

If you are suffering from any of the various ailments which accompany the sex, write Lydia E. Pinkham's Vegetable Compound.

Wall Papers For 1922

Of late years many housekeepers have done most of their Painting and Paper Hanging in the months of February and March, for the reason, principally, that they can then secure the services of the paper hanger more easily than later in the season. We have in stock as good a selection of Canadian made Paper as can be had in the Dominion, which we are offering at the very lowest prices—quite a reduction from last year. We have also sample books of American, English and French papers of the very highest class, and at prices from 25 to 50 per cent. lower than is charged by the city dealers. There will be positively no charge for the delivery of these papers. They will be here the second day after the selection is made. We invite intending purchasers to look through our samples and get our prices.

We have a new stock of Window Shades of the different grades, which we are offering at prices we know to be the very lowest.

We will have a full line of Window Poles, and the various fittings connected therewith.

We are busy every day with the Picture Framing, but contrive to manage it so there will be no disappointment. A new stock comprises some very taking lines.

Come in and see the goods. We will show them with pleasure.

HENRY'S BOOKSTORE

Chas. Stevens Company LIMITED.

Beg to announce that we now have in stock, choice American Yellow Corn, which we offer at close prices, either whole, cracked or ground.

We also handle Salt, Coal, Wood, Flour, Middlings, Crushed Oats, Hay, Crushed Oyster Shell, Oatmeal, Soap, Starch, Bluing, etc.

If you require Galvanized Iron, either for roofing and sheeting, it will pay you to get our prices before ordering, as we import same direct from the manufacturer.

We also have a few shares of stock in the Compdey unsold, which you can get at par, at One Hundred Dollars per share, 25 per cent. down and the balance as called in at a later date. We do not anticipate calling in over 50 per cent., and buying one or more shares, as the Company is limited, each shareholder is only responsible for the amount of stock they subscribe for.

The business is a growing concern, having been conducted for over 45 years by Chas. Stevens, and we assure the public that the Company will be able to pay a handsome dividend. Drop in and see us and let us talk the matter over with you, as we have not paid one cent in premiums and furthermore do not intend to do so, so every subscriber gets in on the ground floor.

YIELDED TO TATTOOER'S ART

Many Royal Personages Have Been "Decorated"—Amusing Experience of Swedish Monarch.

It was no secret to his intimates that King Edward VII of England subjected his arms to the art of a tattooer when he was prince of Wales, nor is it a secret that his son, the present king, was tattooed by a skillful Japanese, when as a midshipman on board the "Bacchant" he visited Japan many years ago.

The late czar of Russia wore an indelible India-ink dragon on his left forearm, and quite a number of other European royalties past and present, have received these indestructible "decorations."

But the experience of Charles XIV of Sweden and Norway, makes an interesting little story by itself. It was always a puzzle to those most intimately associated with him, that he would never show himself anywhere with bared arms. It was not until his death in 1844 that the mystery was explained. On his right arm were tattooed neither a dragon, an eagle nor an insignia of high authority, but instead the red cap of Liberty, and the motto, "Death to Kings." As Jean Baptiste Jules Bernadotte, in his youth republican days in France, he had been thus tattooed, never dreaming that later he would be called to the throne.

SHEEP KILLED THEIR ENEMY

Ordinarily Timid Animals Worked in Concert to Stamp Life Out of Big Rattlesnake.

One summer morning a farmer in Virginia started out to salt a small flock of sheep that he had recently put into a hilly, overgrown field some distance from his home. At the pasture he called for some time, but seeing or hearing nothing of the sheep he walked down toward the middle of the enclosure and scanned a tall stump at the edge of the brier patch. From this point of vantage he could see the flock on a piece of level ground scarcely 50 yards below him.

The sheep were crowded into a swaying excited circle some 20 feet in diameter.

Presently, while the sheep were standing still, a big rattler made a spring, landed with his feet in the very center of the ring and bounced away like a rubber ball. In a flash another followed his lead, and another, until all had leaped on the same spot. Then away they swept down the hill.

Stepping down from his perch, the farmer made his way to the scene of this strange performance. By the side of the trampled brier clump lay the mangled remains of a big rattlesnake.

Barbless Hooks for Anglers.

A very commendable movement is under way among members of the Meguntic club, and probably other sporting clubs, for the use of the barbless hook. The idea is that true sportsmanship consists in giving the members of the "finny tribe" a fair chance for life and escape, and that to catch a fish with a barbless hook is more creditable than to use the old-fashioned barb. When trout or salmon are caught with a barbed hook, they are apt to be seriously injured, and even if thrown back into the water do not recover. In many cases, whereas, if the barbless hook is used, as now advocated, they are. If returned to the water, in almost all instances revived and may be caught over and over again. This is true sportsmanship, and it is to be hoped that the barbless hook movement will succeed.—Boston Post.

Get Value For Your Money

When you buy anything you usually get a value that is equivalent to the price paid, and this is more of a truth now than it has been for a number of years. Business of all kinds is now highly competitive. Value is demanded and must be given,—but the old adage,

"It Pays to Buy the Best"

is as true to-day as ever before.

In Boyes' "Made-in-Napanee Suits", we are giving you the very best of Cloth, Trimmings and Workmanship; real Hand-made garments of the very highest quality,—the Best that money can buy.

Our best advertisement is the fact that we have continued to operate on full time all winter. This plainly shows that men appreciate the Good Fit and Long Wearing qualities of our Ordered Suits, and are satisfied we are using them right in the matter of price.

Bargains in Men's Tweed Raincoats

These very useful garments are now down to pre-war levels at Boyes'. In smaller sizes, suitable for Young Men and Men, we are showing some real big bargains.

OBITUARY.

Mrs. Susannah McCoy.

On February 15th, 1922, at the ripe old age of 95 years and 7 months, there passed peacefully away out of life's earthly shadows into that clearer light and heavenly joy which God has prepared for his followers, Mrs. McCoy, who was a loving devoted mother, a good neighbor; always ready to give her services in time of sickness and trouble; living her religion daily by obeying the principles of the golden rule, doing unto others as we would they should do unto you, as many know who were acquainted with her during her active life.

For several years her health prevented her taking a part in church life, and this was greatly regretted by her. She united with the Methodist church in her girlhood, and remained a faithful member. Blessed are the dead who die in the Lord, for they rest from their labors and their works do follow them.

She was the only daughter of Turpin G. and Anna Martin Lasher, of Newburgh. In 1850 she was united in marriage to Asa Foster, of Prince Edward County, who predeceased her in 1865. Later she married Joseph McCoy, of the Township of Camden, who died forty-five years ago. Four children mourn the loss of a loving mother, Willet A. Foster, of Rochester, N.Y.; John T. McCoy, of Peterboro'; S. J. McCoy, of Picton, and Mrs. Byron Rose, Napanee. There also fourteen grandchildren, and eight great-grandchildren. She was the eldest of a family of nine children, of which the two youngest brothers survive, George Lasher, of Toronto, and Joseph F., of Deseronto.

The funeral service was held on Friday, Feb. 17th, at 10 a.m., from the home of her daughter, Mrs. Byron Rose, Deseronto Road, Rev. A. H. Hoar, of Strathcona, officiating. The pall bearers were her three sons-in-law and two grandsons. The remains were placed in Riverview vault, Napanee, to await interment in the spring.

VARIETY SHOWER.

On Tuesday, February 21st, a very enjoyable evening was spent at the home of Mr. and Mrs. Edward Hawkins, Hinch, when a number of friends and neighbours gathered and presented Mr. and Mrs. J. P. O'Shaughnessy with a variety shower. The evening was spent in music, cards and dancing, after which refreshments were served, and all departed, wishing them a long and prosperous wedded life. WISE AND OTHERWISE.

Mother—I've tried so hard to make you a good child, Margaret, and yet in spite of all my efforts you are still rude and naughty.

Margaret (deeply moved)—What a failure you are, mother!

Holloway's Corn Remover takes the corn out by the roots. Try it and prove it.

Old Lady—Oh, conductor, please stop the train. I dropped my wig out the window.

Conductor—Never mind, madam, there is a switch just this side of the next station.

To have the children sound and healthy is the first care of a mother. They cannot be healthy if troubled with worms. Use Mother Graves' Worm Exterminator.

Fair Angler—Mr. Rosenthal is so interesting when he is fishing.

Enthusiastic Rodman — Has he caught some big fish lately?

Fair Angler—No. But he talks to the bait just like it was a pair of dice.

The worms that infest children from their birth are of two kinds, those that find lodgement in the stomach and those that are found in the intestines. The latter are the most destructive, as they cling to the walls of the intestines and if not interfered with work havoc there. Miller's Worm Powders dislodge both kinds and while expelling them from the system serve to repair the damage they have caused.

Gouty Grandparent—What was all yon noise about?

Girl—Oh, I was only singing to kill time.

Gouty Grandparent—Well, ye has a verra guid weapon for the purpose.

A Household Medicine.—They that are acquainted with the sterling properties of Dr. Thomas' Electric Oil in the treatment of many ailments would not be without it in the house. It is truly a household medicine and as it is effective in dealing with many ordinary complaints it is an inexpensive medicine. So, keep it at hand, as the call for it may come most unexpectedly.

Merchant—Look here, that safe you sold me last month you said was a burglar proof safe, and I found it cracked this morning and rifled of its contents.

Agent—Well, isn't that proof that the burglar had been at it?

Externally or Internally, It Is Good.—When applied externally by brisk rubbing, Dr. Thomas' Eclectric Oil opens the pores and penetrates the tissue, touching the seat of the trouble and immediately affording relief. Administered internally, it will still the irritation in the throat which induces coughing and will relieve afflictions of the bronchial tubes and respiratory organs. Try it and be convinced.

Hub—The biscuits we had for supper last evening were just like those my dear old mother used to make.

Wife—How kind of you to say so, dear.

Hub—I didn't notice their similarity at the time, but I recognized the old familiar nightmare that disturbed my slumbers.

Makes Breathing Easy. The constriction of the air passages and the struggle for breath, too familiar evidence of asthmatic trouble, cannot daunt Dr. J. D. Kellogg's Asthma Remedy. This is the famous remedy which is known far and wide for its complete effectiveness even under very severe conditions. It is no untried, experimental preparation, but one with many years of strong service behind it. Buy it from your nearest dealer.

Diner—Where's my change?

Waiter—Dar ain't no change; dat's mah tip.

Diner—But I didn't tell you you could have it.

Waiter—Oh, dat's all right, boss. Ah's fo'getful mahself sometimes.

The Archbishop had preached a fine sermon on the beauties of married life. Two old Irish women coming out of church were heard commenting upon his address.

"'Tis a fine sermon his reverence would be after givin' us," said Bridget.

"It is indade," replied Maggie, "and I wish I knew as little about the matter as he does."

Mr. Klinker was negotiating with a horse dealer. "I am," he said, "not so particular about speed, but I must have a gentle horse for my wife to ride. Will you guarantee this horse to be safe?"

"Certainly," said the dealer. "He's a regular lady's horse."

"You are sure he's not afraid of anything?" asked Mr. Klinker, anxiously, for the tenth time.

Whereupon the dealer assumed an air of reflection.

"Well, there is one thing that he has always appeared to be afraid of since I got him," he admitted conscientiously. "It seems as if he's scared to death for fear someone might say 'Whoa!' and he not hear it."

Wash silk stockings the LUX way

Whisk a tablespoonful of Lux into a thick lather in half a bowlful of very hot water. Add cold water until lukewarm. Dip the stockings up and down, pressing the Lux suds through and through them. Rinse in three lukewarm waters. Squeeze water out—do not wring. Hang to dry.—Never dry over a radiator.

The thin, white, satin-like Lux flakes are made by our own exclusive process and melt quickly.

Lux is supreme—for washing fine clothes. Sold only in sealed packet—dust-proof!

Superstitious Sleuth.

"During the windstorm yesterday afternoon," related Constable Sam T. Sleekputter, the sagacious sheath of Petunia, "a sign board was blown off'n the front of the Right Place store and hit on the head a gent that was coming from the depiot to deliver the lyceum course lecture at the opery house last night, and knocked him senseless. I d'know as I believe in omens and such things any more than the average person, but I couldn't help thinking that when a circumstance like that happens it is a sign of something.—Kansas City Star.

Twirling-Arm Dance.

Many new dances were shown at the dancing congress in Paris recently. Most of them, however, appeared to lack originality. An exception is the "Telega," which is danced to the strains of Hindoo music. The "Telega" would never meet with the approval of the British dancing masters, as it is most unsuitable for the English ballrooms. It consists of fantastic movements in which the arms are twirled round the head while the dancer performs short hesitation.—Daily Mail, London.

Measuring Distance in Turkey.

In Constantinople you ask: "How far is it to the consulate?" and they answer: "About ten minutes" "How far is it to Lloyd George's agency?" "Quarter of an hour." "How far to the lower bridges?" "Four minutes." I cannot be positive about it, but I think that there, when a man orders a pair of pantaloons, he says he wants them a quarter of a minute in the legs and nine seconds around the waist.—From "Moments With Mark Twain" (Harpers).

Classifying the Dog.

My little niece is very fond of animals. Seeing some children in the next yard tormenting a puppy she said: "You kids let that dog alone; don't you know dogs is people?"—Lippincott's.

OVERFOND OF LAW

Litigation Called Curse of Gold Coast Natives.

No Disputes Seems Too Small to Be Taken Into Court—Quarrels Among Petty "Chiefs" Provide Fat Fees for Native Lawyers.

The Gold Coast, on the west coast of Africa, is a paradise of lawyers, say Ethel and Olaf Letherdge, special correspondents of the London Daily Telegraph. They write:

A point which must be made in connection both with Ashanti and the northern territories is that these administrations are independent of the Gold Coast proper, except in so far as they acknowledge a common governor who resides at Accra. They are also included in the financial estimates of the colony as a whole, and receive military aid if it is required. Of course, they work through the secretariat, which is the channel of communication to the governor. Beyond this they are free. They have their own courts, their own police, their own methods of administering justice and their own internal legislation.

Now, this may seem a small matter, but, in all truth, it is pregnant with importance for the future of this colony. The matter in a nutshell is the simple fact that the courts of Ashanti and the northern territories will not permit the employment of native or European barristers under any circumstances.

They prefer, and quite rightly so, to deal with the native population, be they chiefs or laborers.

Now the curse of the Gold Coast is litigation. Whatever may be said about the total population of the colony, there are enough lawyers in the three towns of Sekondi, Cape Coast and Accra to make a good-sized English country village. They fairly tumble over one another. Yet they are all prosperous, they all have their motors and send their daughters to places like Cheltenham to be educated.

How on earth can it be done? Is the natural query. The answer is that the gold mine they are tapping is the national chiefs. In this connection it must be remembered that, with very few exceptions the word "chief," as here employed may mean little more than the headman of a village. Forever are these petty despots quarreling over land questions, the delimitations of their boundaries, and so forth.

In Ashanti questions of this nature can be pleasantly swiftly and satisfactorily settled within an hour or two, perhaps, at practically no expense to anybody.

Not so upon the Gold Coast. The "cocoa standard" has set the pace. All there little people have money, and as soon as they covet their neighbors' land they fly to a native lawyer, or a native lawyer, even more probably, flies to them, and the interminable game of litigation starts. It may last three months, or it may last three years—the latter if the lawyers think it worth while.

Counsel are employed at altogether disproportionate fees over the most petifogging matters, and so it goes on until the rival claimants shake hands over having at least one thing in common—they are in bankruptcy. This is no exaggeration.

In one case at Adiah, the time occupied over settling a little dispute was a fortnight, and the defending counsel, who lost the case for his client, received as a fee the sum of £6,000. Another, a ruling chief who shall be nameless, since he occupies a very important position, has the doubtful pleasure of an overdraft of £40,000 at his bank, every penny of which has been frittered away over lawyers.

VENTRY'S EXPERIMENT.

British Lord Introduced New Flax Into Ireland.

Lord Ventry, who in introducing with considerable success in Ireland, and more especially on his estates in County Kerry, the cultivation of the plants of the New Zealand flax, as a most profitable form of home industry, the fibre being superior to that of any other known flax plant, with crops particularly rich in rainy, misty and damp climates, is a soldier by profession, and a good-looking gentleman of sixty, who won the Distinguished Service Order many years ago, somewhere about 1897, in the fighting in Mashonoland that preceded the Boer War.

Prior to his accession to the family honors and estates he bore the title of Col. the Hon. Frederick Evelegh de Moleyns, of the Fourth Hussars, and was some twelve years ago put to no end of annoyance by the very wide sweath cut by a swindler, who had assumed his name and his title for purposes of fraud, in the United States.

The man turned out to be his former valet, and who, having been in his service for a number of years had not only become intimately acquainted with all his family affairs, but had also succeeded in acquiring his peculiar mannerisms, and in cultivating a marked resemblance to his ex-employer. In addition to the large number of frauds laid at his door, there were charges of bigamy brought, not by one, but by several women, and unless I am much mistaken he is still "doing time," either at Joliet or at Sing Sing.

Sometimes he passed himself off as his former employer and sometimes as the latter's younger brother Richard, who happened to be in Chicago at the time when the man had first been extradited from New York and was brought face to face with him in jail. The Hon. Richard Evelegh de Moleyns on that occasion told an extraordinary story to the police of the manner in which the exvalet had been personating various members of Lord Ventry's family, not only on this side of the Atlantic, but also in Australia, New Zealand, South Africa, on the Continent of Europe, and even in England itself, raising money everywhere on checks and notes bearing the signature of one or another of the members of the de Moleyns family.

The family name of Lord Ventry's family has only been Eveleigh de-Moleyns since 1841. Before that time it was plain "Mullins," the change having been made by the third Lord Ventry, grandfather of the present peer, who secured a royal license authorizing him to effect the alteration. The first Lord Ventry started life as plain Thomas Mullins of Burnhaus, in County Kerry, received a baronetcy in 1797 and an Irish peerage in 1800 for his services in bringing about the legislative union between England and Ireland. Until the third Lord Ventry the members of the family were content to regard a certain Frederick William Mullins, member of Parliament for Tralee, in the reign of William III., as the founder of their house.

The third lord was, however, more ambitious, and caused a genealogical tree to be manufactured, showing his descent from a certain William de Moulines, who, coming over with William the Conqueror, took part in the battle of Hastings and received a grant of land for his bravery on that occasion.

His immediate descendants are asserted to have distinguished themselves in the early Crusades, and the Saracen's head, which constitutes a feature of their armorial bearings, is supposed to commemorate their warlike deeds in the Holy Land. Even the late Sir Bernard Burke, that most scrupulous of genealogists, who is responsible for so many genealogical fairy tales and mythical family trees, did not find it possible to stand for this, and in the standard "Peerages" passed over these pretensions in significant silence.

Among the most noted members of the family in modern times was that genial and witty judge, Thomas Evelegh de Moleyns, who by reason of his very agreeable manners and wonderful sagacity, even under the most trying circumstances, was known throughout the length and breadth of Ireland by the name of "Silky Tom of Dublin."

His mother, the Hon. Mrs. Edward Mullins, was one of the most celebrated beauties of her day and saw much of the Peninsular War, in which her husband took an active part under the first Duke of Wellington. She met with the most extraordinary adventures, there, but her log, which has to be annotated without an anaesthetic, recovered, subsequently how her husband a very large family of children, and lived to the ripe old age of ninety, universally beloved by reason of her kindly wit and sunny temper.

DENBIGH.

On the 16th inst., Mrs. Mary H. Cranshaw, one of the oldest and most esteemed citizens in this vicinity, passed peacefully away at her home here, at the age of upwards of 84 years. The funeral took place last Sunday at the Methodist Church and cemetery, and was attended by a large number of sympathizing friends. Among her near relatives from distant places present were her sons, Arthur, from Wolfe Island, and Ernest, from North Bay, who both started last Tuesday to return to their present homes, accompanied by their father, Mr. E. H. Cranshaw, who has retired from actual farming and intended to pay an extended visit to his son, Arthur, at Wolfe Island, but before they got very far, they met with a serious accident. Some of our public roads are not in very safe condition now, and their sleigh struck a big stone, upset and pitched the passengers on the rough ground, whereby all three received serious injuries and decided to turn back. Arthur and his father have, however, made another start for Wolfe Island, but Ernest, who received some very painful bruises on his head, decided to extend his visit to his Denbigh relatives until he had a little more recovered from his accident.—The Misses Flora Fritsch and Bertha Stein and Mr. H. Warlick enjoyed a pleasant visit to friends and relatives at Hardwood Lake.—Mr. Oscar Kastner, of the Ore Chimney Mines, who spent a couple of months here, visiting relatives and friends, has returned to the mines to resume his former position. —Mr. Wm. Ready left for Swastics, where he expects to be again employed until next fall. His sister, Miss Pearl Ready, arrived from Montreal to enjoy a few weeks' pleasant visiting with her mother and other relatives here.—Our Reeve, Mr. F. Rodgers, also arrived home again from Napanee, where he attended the meetings of the County Council last week. —The Lutheran congregation has sold their parsonage, which is no longer required, as the residence of their minister has been changed to Palmer Rapids, to Mr. F. Falk, who intends to move with his family into it very soon.—A few of our farmers have commenced operations in their sugar bushes, but so far the weather has not been favorable for good runs of sap.

I want to show you the cream separator with all the trouble left out

It has only half the discs that other cream separators require, and they're all the same—interchangeable. Think what a difference that makes in cleaning! It turns easier than any other machine. No complicated gearing—just two gears and two spindles. The power is delivered direct.

The spindles is self-aligning. The bowl balances itself by gyroscopic action. It hurries high up on the spindle, with ninety per cent of the weight below point of centact. Compact—sanitary—easy to clean. The bowl sets itself automatically. The whole machine can be taken apart without special tools.

Better everywhere, as well as farmers praise the new Gilson Cream Separator for its close skimming—It does get ALL the butter-fat.

"Goes Like Sixty"

If you're figuring on a new cream separator—if your old machine is showing signs of wear—if you're tired of a heavy running outfit that takes a lot of time to clean and wastes a lot of your butter-fat—let me show you the Gilson. It pays for itself in a few months. Come to call you.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires a constitutional remedy. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through upon the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.

Avoiding Lily Embargo.

A new and curious scheme, it is predicted, is soon to be born in Vancouver, B. C., because of the embargo placed this year by the United States department of agriculture on all Japanese nursery stock packed in Japanese straw. This device was invented to stop the importation from the island of Formosa of lily bulbs, subsequently brought into this country at the rate of $25,000,000 a year. But the trade will not be suspended, nurserymen of Vancouver declare. The bulb traffic will be deflected northward to this seaport, just above the boundary, and here the bulbs will be removed from the soil in which they crossed the Pacific. They will then be repacked in Canadian boxes, and so, free from "Japanese soil," will be admitted for sale in the United States.—Popular Mechanics Magazine

Fearful Engine of Destruction.

A warship that will combine in itself the surface craft, the airship and the submarine is "no longer a dream of the future," says Sir Fortescue Flannery, president of the British Society of Consulting Marine Engineers. The tendency will naturally be to secure the possibility of a craft combining all these qualities, but Sir Fortescue is a practical man and his opinion is supported by Sir John Fisher, who, when first sea lord of the British admiralty, predicted that such a craft would come in no very distant time and that the nations might then scrap their navies as junk.

The experiences of the recent war show how difficult it is for surface ships to fight airships or submarine, and a craft combining the qualities of the two that could seek refuge in either air or water would drive surface ships from the sea.

JOSEPH SIAUD RECOMMENDS THE DODD'S REMEDIES

Has No Trouble With His Kidneys, Even When the Weather Changes, Since Using Dodd's Kidney Pills.

Duck Lake, Sask., March 27th. (Special)—Joseph Siaud, a well-known resident here is a firm believer in the Dodd's Remedies.

"I believe I have the right to be," Mr. Siaud says. "For I have given them a thorough trial."

"I have used 44 boxes of Dodd's Kidney Pills and 42 boxes of Dodd's Dyspepsia Tablets and they have done me a lot of good. I don't feel any sore from my kidneys now even when the weather changes.

"To anyone suffering from Kidney disease or Dyspepsia I recommend the Dodd's Remedies. Give them a trial before trying any other.

Dodd's Dyspepsia Tablets give good digestion. Dodd's Kidney Pills make pure blood. With good digestion and pure blood good health is assured.

Ask your neighbors about the Dodd's Remedies.

Buy Clothes That You're Sure About

It's only natural that you should look for lower Clothing prices: world-wide adjustment permits good clothes to be sold for less; we're doing it; other good stores are doing it. But beware of the fantastic tales that you may hear now and then. Use your own judgment. Watch your step. Don't be fooled into thinking you're going to get something for nothing. The best thing to do is to buy your Spring Clothes from a store you know always plays fair.

Our stock of New Spring Clothes is now practically complete. We are showing a specially fine line of Young MEN'S SUITS, in the reliable BENGARD MAKE. Styles will please the young men.

Fine Tweeds, in different shades of Gray, Brown, and Blue, in the new Check, and Stripe effects, $20.00 to $32.50.

Fine Worsteds, in Plain and neat Pattern effects, $25.00 to $32.50.

Plain Blue in dependable English Serges, at $27.50 and $33.00.

Plain Dark Green, in one or two button, Double Breasted styles, best quality, $35.00 and $37.50.

MEN'S SUITS IN CONSERVATIVE STYLES.

For the man who prefers a more staple style, we have neat fitting two or three button single breasted models.

Tweeds, in a great variety of colorings, at from $20.00 to $30.00.

Plain Grey Serges, Canadian Cloth, $27.50; English Cloth at $38.50.

Plain Blue Serges, guaranteed as to color and tailoring, $27.50, $33.00 and $35.00.

We show only Dependable Makers' Goods. We have no use for the so-called cheaper makes; they never give satisfaction.

Has No Power to Remit.

The Standard Iron Company, Deseronto, has asked further consideration by the town council of its plea for a remission of the taxes on the plant there. The clerk was asked to inform the Standard Iron Company that council has no power to remit taxes, that the matter of free taxes would require the voice of the people and that council would be glad to meet the company at any time and talk matters over.

Tea Shortage Means Higher Prices.

During the war teas reached a very high level of cost largely owing to shortage of shipping. In 1919 and 1920, greatly increased production and unlimited shipping resulted in enormous quantities of tea reaching every market in the world, and a consequent fall in cost ensued. So serious did the situation become in India, Ceylon and Java that the various growers agreed to decrease their output during 1921 by 20 per cent. This agreement was kept and the world is now faced by a shortage of tea, which has resulted in the market climbing week by week for the last eighteen months until it has now reached a level fully 15 cents a pound over that of October, 1920.

Preached in St. George's.

Rev. J. H. H. Coleman, Rector of St. Mary Magdalene's Church, Napanee, who was the preacher at the lenten service in St. George's Cathedral on Wednesday evening, drew a comparison between the stories of two prosperous young men. There was the rich young ruler who had led a respectful life from his youth and yet could not bring himself to give up his own way to follow the Christ, and who went away sorrowful, he had kept his possessions but lost his self esteem. On the other hand, we have the Ethopian Eunuch, who was ready to accept baptism at the hands of St. Philip, to give up the temptations of the court of Queen Candace, and yet we read he went on his way rejoicing. "Next week", the speaker said, "you will have a mission in your parish. A mission is a solemn event in the life of every parishioner. A special call to higher, fuller Christian life and service will come to everyone and the choice given to them to choose the higher or the lower path, the way of the world or the way of the cross.—The Whig.

REALLY NO GREAT MYSTERY

Though at First It Did Seem Remarkable Where Those Boy Scouts Were Coming From.

Now there are boy scout stunts and boy scout stunts, but it took a Terre Haute troop to put over the best one. It was at a meet at the First Baptist church, and they were illustrating an early morning at their summer camp, Kinnesumpoose. The scenery, except for a small pup tent, was the regular church furniture. But still the audience could stretch its imagination enough to make the scene effective.

The first streak of alarm was announced, and then slowly there emerged from the pup tent a yawning, stretching scout. A wee interval, and another followed him. Another lapse of time, and another scout emerged from the tent. Then certain others until there were 12 on the platform, and still others were coming. The audience was almost incredulous with amazement, for, as every one knows, a pup tent is so small that it cannot accommodate more than three boys at the limit.

Then out started the thirteenth, and evidently he was too sleepy, for he jostled the tent so that it slipped away from its moorings, and there back of it was the entrance to the pool for baptism. The rouststers had been concealed in it and used the tent merely as an entry to the platform.—Indianapolis News.

MEANT TO CALL THEM QUICK

Aunt Dinah Had No Idea of Allowing for Misunderstanding When She Rang the Bell.

Aunt Dinah, plantation born and reared, went to a nearby town to "hire out." She was very promptly hired by a young housewife, who, seeing her lack of familiarity with modern households, started to train her.

She showed Aunt Dinah her small silver-service bell—there were no electric bells in the old-fashioned house—and told her that when it was rung she must come into the dining room. Aunt Dinah said she understood. A few days later the mistress was seated on the broad veranda with a friend when she heard a tremendous clangor from the direction of the kitchen. It came nearer swiftly and soon identified itself as the sound of a large bell.

Puzzled, the housewife entered the hall and there stood Aunt Dinah, swinging a large dinner bell vigorously. "Why, what on earth is the matter, Aunt Dinah?" she gasped. "Why are you ringing that bell?"

"Well, Miss Mary, I thought dat was the way folks called each other in dis here home. Didn't you show me yo' bell the other day? I found de one in de cupboard and I wanted you right quick in de kitchen, so I rung hit."

Labor Savers.

At a home in North Delaware street the man of the house gathered two or more bushels of nuts last fall and put them in the attic. His wife spends most of her time at the office with him, so the house is empty every day. However, recently the wife remained home one day and heard a terrific noise in the attic. Investigating she found two squirrels rushing around like mad, trying to get out a closed window. They had gnawed a hole in the roof as large as a grapefruit and had disposed of the whole mess of nuts. The owner said they saved him the trouble of feeding them, for he had gathered the nuts for them.—Indianapolis News.

The Last Day of Our Lucky Coupon Sale

The contest will close to-night (Friday) at 5.30 o'clock, and on Saturday, April 1st, the selection of the Lucky Coupon will take place at 2.30 o'clock. OBITUARY.

Mrs. John B. Allen.

On the morning of March 15th after a long illness which was borne with Christian grace and fortitude, Mrs. Allen, wife of John B. Allen, of Madoc Township, passed to her eternal reward. Mrs. Allen, whose maiden name was Agnes Lund, was a daughter of the late Thomas Blackburn Lund, of Napanee. She was born in Yorkshire, England, 54 years ago, and came, while she was a girl, with her father and his family to Napanee where she spent her early womanhood. Seventeen years ago she was married to Mr. Allen, and since then she has resided in Madoc Township.

Being a woman of rather delicate health she was denied the privilege of taking an active part in public functions, but she was most hospitable and she learned the "luxury of doing good", in quiet ways. She was a woman of gentle spirit, a real homemaker, a true friend and much beloved by all who knew her. She leaves to mourn her loss her husband, Mr. John B. Allen, a respected Elder in St. Peter's Church, five sisters, and an aged mother, who was ill, and was unable to visit her daughter during her last trying illness. She has three brothers but they all predeceased her.

The funeral was held on Friday, March 17th, when a large concourse of friends and neighbors came to show their respect for one whom they had known and loved. At the service in St. Peter's Church, the Pastor, Rev. Dr. MacTavish, preached an appropriate sermon from the words, "O grave, where is thy victory?" Rev. Mr. Hastings, Rector of Madoc, Thursday, March 30th, 1922.

FINIS.

"Who's the stranger, Mother dear ?
Look! he knows us—ain't he queer?
Hush, my own, don't talk so wild,
He's your father, dearest child."
"He's my father ? Not at all;
Father died away last fall."
"Father didn't, or, you cuh.
Father joined a curling club.
But they've closed the club, so he
Has no place to go, you see—
No place left for him to roam—
That is why he's coming home.
Kiss him—he won't bite you, child;
All these curling bugs look wild."

HAGERMAN—PINNEY.

At the home of Mrs. Wm. Pinney, Hinch, a very pretty wedding took place on Wednesday, March 22nd, 1922, when her daughter, Jennie Eileen, was united in marriage to Abram A. Hagerman, of Bath.

At 12 o'clock noon, the bride, charmingly attired in ivory baronette satin and radium lace, embroidered veil with Juliet cap and orange blossoms, and carrying a sheaf of white roses, entered the drawing room on the arm of her mother, to join the groom under the wedding bell suspended from an arch of evergreens. The young couple were attended by the bride's cousin, Miss Edith Hughes, gowned in crepe-de-chine, carrying a sheaf of crimson roses, and Mr. H. E. Hagerman, of Toronto, brother of the groom. The vows were received by the Pastor of Selby Circuit, Rev. T. H. P. Anderson. The sister of the groom, Miss Hagerman, played the wedding march. After the ceremony congratulations were received from the seventy-five guests. While the young people were signing the register, Mr. J. Hagerman sang "A Perfect Day". The groom's gift to the bride was a cameo pendant; to the bridesmaid, a friendship ring; to the best man, a club bag, and to his sister, who played the wedding March, a substantial cheque.

Immediately after the young couple received the congratulations, an interesting event took place, when Edward Edward Hagerman, infant son of Mr. and Mrs. Wm. Overton Hagerman, of Kingston, cousins of the groom, was christened by Rev. T. H. P. Anderson.

After this interesting ceremony the guests were served to a sumptuous wedding dinner. The beautifully ornamented four-storied wedding cake was the gift of the bride's friend, Mrs. Hawkins.

After the dinner the toast to the bride was proposed by the Rev. T. H. P. Anderson, and Evan Brooks responded to by the groom, who gracefully thanked the friends for their good wishes.

The bride's going away gown was navy blue trieotine. The gifts to the bride were numerous and costly among which may be mentioned a cheque for $100.00, a gramophone, a complete dinner and tea set of Nippon china, many pieces of cut glass and ornamental gifts. The young couple left for Toronto amid a shower of confetti, and with the best wishes of their numerous friends.

ADOLPHUSTOWN.

Miss Mildred Johnston, "The Willows", left recently for Toronto to enter the General Hospital as nurse-in-training.—Miss Allen is the guest of friends in Kingston.—Miss Freda and Master Victor and Evan Brooks are ill of pneumonia.—Misses Catharine Gallagher and Edith Johnston spent the week end at their home here.—The Misses Bruner have left for their home in Ruthven.—Mrs. Roy Johnston has returned from Kingston.—Mrs. Hagerman, Camden East, is visiting Mr. and Mrs. Ed. Hogeboom.—Mr. and Mrs. Ephraim Fitchett have returned from visiting relatives in Deseronto.—The work on St. Alban's Parish Hall is now nearing completion. The interior has been completely renovated, and now presents a pleasing appearance. The walls and ceiling are of buff muresco, heavy board, with maroon strappings; and the varnished and waxed floor is of British Columbia fir. All the woodwork has been painted maroon color, and new windows and shades have been placed. An enlarged kitchen is an added useful feature. The hall will be lighted with two 200 c.p. gasoline lamps, suspended from the ceiling. The opening takes place on Friday of Easter week, April 21st, and the services will be in charge of the Girls' Altar Guild, the local orchestra furnishing music for dancing.

TAMWORTH.

Mrs. Thompson, of Toronto, is visiting Mrs. Wells'.—Charles McGuire, aged 81, passed away quietly at the home of his daughter, Mrs. Geo. Bell, after an attack of pneumonia. Funeral was held at Christ Church. Rev. Mr. Poston officiating, which was largely attended, on Sunday last. —Dr. O'Connor wears a big smile, a little baby girl came to board with him.—Maple syrup is very plentiful at $2.00 per gallon.—Dr. Detwiler will speak in the Methodist Church on Thursday afternoon, April 13th, in the interest of the Travellers' Aid.—A. R. C. Moss has a full gang of men on sawing up the winter's supply of saw logs.—Can we show about enough for one day, Wednesday was very much like spring.

LETTER FROM FRANCE.

It was a novel experience to fly from London to Paris, but the shortest and quickest way to get there, and at the vagrant time from Napanee were in search of novel experience, they booked their passage on the Handley-Page passenger airship, and with a few anxious friends to see them on a two voyage, started on from Croydon aerodrome at noon on March 21st. There were only six passengers infall, although there was seating capacity for eight. Another Napanean had been picked up in London, so we were in the majority. If any of the friends who followed us after could see the speed of 90 miles an hour. Rising in a beautiful country from any view-point, and certainly shows off to good advantage from a plane. It was very comforting to see so many level fields which suggested an easy landing place in case anything went wrong with our engine. There was no such feeling when we encountered two or three snow storms when crossing the English Channel, and it was with some sense of relief that Boulogne was first sighted. On we flew over Treport, Etaples and Paris-Plage, where so many hospitals were located during the war, many of them in Canadian ones. Traces of them could still be seen.

On we flew over hundreds of little farms, with no fences nor buildings upon them, for all the buildings are together in a village, the nearest one miles was like a huge crazy patchwork quilt. We ate our lunch on board; but the noise of the propeller and the hum of the engine made it difficult to converse. So we ate in silence; but exchanged signs and glances when some interesting object came in sight, and perhaps the most welcome was the Eiffel Tower, which told us our journey was at an end.

Just two hours and twenty minutes. It is frequently made in much less time, but a head wind had retarded our progress.

To-day we visited the battlefields, covering the territory from Amiens to Arras, and passed completely around that mound which will ever be sacred to Canadians, Vimy Ridge. Much has been done by way of reconstruction, but the clearest evidences of ruthless devastation are still apparent on every hand. Scores of men are still engaged in removing the debris of villages, towns and cities, razed to the ground, and in clearing away the miles of barb wire scattered about the country in rolls all over the country. The trenches and shell holes are partially filled in, and many of the dug-outs have been levelled and are now under cultivation, but it will require years to restore the country to its pre-war condition. The workmen were hauling away the masses of barb wire which had apparently been hurriedly rolled up from the trenches as there were brought to view shells, bombs, rifles, and in some instances the remains of some one probably reported "missing".

These ghastly reminders of the mortal struggle that took place over all this part are tenderly gathered up and in one shell hole we came across the bodies of nine Germans in their field-grey uniforms wrapped in new canvas ready for removal to the nearest cemetery. To bring home, in a manner this grim reminder of the unspeakable horrors of war, we stood, the awful carnage that was wrought and the sacrifices that were made, one has but to glance at the graves and acres of little crosses in the dozens of cemeteries along the Bapaume-Arras road. In one of these no less than 5,000 French soldiers are buried. We were naturally most interested in the Canadian ones, and there are many of them, all clearly marked and well cared for, and in some there are as many as 50 or 60 from one battalion, scroll, upon which is legibly written, in alphabetical order, the name of every Canadian buried there at the location of his grave. Similar scrolls will be found at the entrance of every cemetery where the Canadians are buried. These boxes are not placed at the head of the grave of any one, and there is no fear of mistake for the Maple Leaf is a sacred emblem along with it there is anything bearing the name of Canada upon it is treated with great respect. Anyway, these people all know what suffering for liberty is not a family in the district but has some loved one sleeping in a soldier's grave, and they will guard with their lives the resting places of those from over the seas who died protecting the homes that the merciless invader was destroying. We spent a full day in the district, visiting other and more interesting places the subterranean headquarters of the Germans which were afterwards occupied by General Petain, later on by the British.

Returning to Paris in the night we were surprised when emerging from our car to find the ground covered with snow, something unusual at this season of the year.

HAY BAY.

It is a matter of great pleasure to record that after a long and serious illness, Mr. Ed. Hambly of Hay Bay is now recovered and about once more visiting at his many friends.—Mr. W. H. Diamond, who has been in hospital for some time now, is not recovering as fast as we would like.—Considerable talk in some quarters has been heard about the need of a hall or room at Hay Bay, to meet the needs of the young people of that place. There is considerable ability capable of great expansion in these young people, and it is lamentable to hear them say "we have no place to go." We wonder if someone with a pride in our youth would not take this matter seriously to heart.

The funeral service was held at his father's home, and was conducted by Rev. Mr. Nickle, of Odessa. The remains were placed in Millhaven vault and later buried in the family plot at Bath.

NEWBURGH.

The Board of Directors of the Public Library, with T. I. Winter as President, are planning to fumigate the Public Library next week, and it is very desirable that every person having a book or books shall bring them in on Saturday evening, April 8th. The rooms will re-open on Saturday evening, the 15th, at 7.30 o'clock. This is a step in the right direction, so let us do our bit in assisting the directors to carry out their plans and either send or bring all books in on Saturday, April 8th.

Mr. George Thompson, or Toronto, was called to Newburgh to see his mother, who has been ill for a short time. Mrs. Thompson is some better at the time of writing.

Mr. Paschal Shorey and family visited at Mr. S. Shorey's for a few days during the week.

Mrs. (Rev.) E. B. Cooke resumed her position at the organ in the Methodist Church on Sunday evening last, after an absence of four weeks. Miss Ramsay officiated in Mrs. Cooke's absence.

The annual Easter meeting of the W. M. S. was held in the basement of the church on Wednesday of this week. Mrs. Batstone, of Kingston, took a prominent part in the programme.

Mr. and Mrs. Griffith, of the Free Methodist Parsonage, Odessa, visited at Mr. George Warren's, Wesley, on Saturday last, and conducted the usual Wesley service in the Free Methodist Hall, on Sunday afternoon, Mr. Jacob Peters returned on Monday from a visit to friends in Sydenham.

Mr. Lawrence Dack spent Monday in Napanee.

Dr. Sarah Detwiller, Organizer and Superintendent of Travellers' Aid, will be in Newburgh and address a meeting on Tuesday, April 11th, at 3 p.m. Every mother in the vicinity should make it a point to hear her.

CAMDEN EAST

March went out like a lion, and April came in like a lion. A heavy snow storm of about one foot came. People were out sleighing again and the jingle of bells was heard on the first Sunday in April.—Mrs. Dickson returned home last week, after spending five weeks with her relatives in Toronto and other places.—Miss Emma McGaughey was seriously ill last week, but is convalescing at time of writing.—The funeral service of the infant child of Mr. and Mrs. Baker was held on Saturday afternoon last at their home, the Rev. Mr. Latimer officiating. The remains were laid in the vault.—The stork flew over this vicinity on Sunday morning last, and left a son and heir at the home of Mr. and Mr. Jessie Neal.—The ladies' circle opened on Monday last for a month's session. There was a large crowd and her discourse was very highly appreciated.—A goodly number of friends of Mr. Jas. Baines on his mother gathered at their home on Friday evening last to enjoy a social time together before they left for their new place of residence, near Wilton, and presented them with a purse of money, to remember their dear friends in this vicinity.—Many there were very sorry to see the Misses Arthur Davis and village. These friends wish them good luck in their new home.—Mrs. (Dr.) Detwiler will give a lecture in the Methodist Church, on April 11th, at 7.30 o'clock. Hope to see a good crowd of ladies present.—Clinton Richardson is preparing to build a new house on his lot he purchased from M. Foster.

DESMOND.

March certainly proved true to old adage, came in like a lamb and went out like a lion. The last few days almost made one think that winter had once more been ushered in.—Mrs. J. Love and Mrs. Dexter Cronk and Mr. Alvero Cronk, Long Lake, visited at Mr. Geo. Orwe's last week.—Miss Ethel Tate, Selby, is visiting at Mr. Jas. Bowerman's.—Mr. Joe amey is spending some time at Mr. Edmund Amey's.—Mrs. Fred Switzer.—Miss Ethel Tate and Mrs. Fred Bell spent a day with Mrs. Arthur Switzer last week.—Mr. and Mrs. Percival Haley entertained a few friends to a sugar party Tuesday evening.—Mr. W. H. Huffman and family, Moscow, at Mr. H. F. Bell's, Monday, for tea.—Mrs. Geo. Drew has recovered, after a few days' indisposition.—Rev. Mr. Leigh took tea at Mr. Horatio Bell's, Sunday.

Fresh Lettuce at Hooper's.

YARKER.

On Wednesday morning, about 10 o'clock, Grant Freeman, oldest son of Mr. Harold Freeman, passed peacefully away, after a very short illness of only about four days. He was taken sick with bronchopneumonia, but developed in pneumonia, and in spite of all that loving hands could do he passed to his eternal rest. He was a bright little fellow about two years and six months old. The father and mother have the sincere sympathy of their many friends. The funeral was held on Friday, Rev. Mr. Downs officiating. The village was treated to a visit by the real old time Gypsies this week. Some fine gals, "eh boys"?—The Benjamin Co. have finished sawing logs for this year.—Mr. Fowler's tinsmithing ties and shipping them to Kingston.—Last Sunday the congregation of the Methodist Church contributed a nice sum for the starving Russians.—Oak Hall spent a few days in the village this week.—The Ladies' Aid served a good tea in the League Hall Thursday evening, to a large crowd.—The roads are very muddy at present.—Clinton Richardson is preparing to build a new house on his lot he purchased from M. Foster.

How young those ankles make her look!

"YOU'D be surprised Molly, if you knew I was responsible for that! When she first arrived, she asked me to tell her what were the best stockings she could buy.

"Of course, I said Mercury—I've worn them for years—and I told her about them being seamless with a wide top and fashioned calf. She asked how they fitted around the ankle—I just raised my foot to show her, and that was enough! And you know yourself how well they wear.

"So she went right down town and bought Mercury—now she's got as trim an ankle as I ever saw."

TOWN COUNCIL

Council Chambers,
Napanee, April 3rd, 1922.

Council met in regular session on Monday evening, Mayor Graham presiding.

Members present — Councillors Steacy, Tustin, Boyes, Wilson, Perry and Ming.

The minutes of the last regular session were read, and on motion were confirmed.

COMMUNICATIONS.

From the Hydro-Electric, Toronto, acknowledging receipt of a copy of a resolution passed at the last regular meeting of the Council, protesting against the increase in rates, etc., saying it would be brought to the attention of the Commission. Ordered filed.

From the Board of Railway Commissioners, acknowledging receipt of letter from the Clerk, asking to be notified of date of hearing, re location of a watchman at Centre Street crossing. Ordered filed.

Mayor Graham informed the Council that he had written to the Mayor of Gananoque, asking for information as to how they were progressing with their endeavor to gain separation from the County, and received a reply from the Mayor of Gananoque, saying that their County Council and the Town Council had arrived at an agreement for the separation of the town from the county, the bill at present being before the Provincial Government for ratification.

The Napanee Town Council are seriously considering taking the matter of separation from the County up with the County Council and the local ratepayers at an early date.

From Safety Silent Policeman Co., Orillia, enclosing literature re a new device to act in capacity of a silent policeman. Referred to the Streets Committee.

From the Navy League, Toronto, saying the annual meeting will be held this year at St. Catharines, on April 6th and 7th, and asking that the local branch send a delegate.

From Kingston General Hospital, asking the Council to phone the hospital when they wished to send any infectious case to that institution, as space is limited.

From Ontario Municipal Association, re supplying Clerk with bills before the Legislature, and asking for annual fee of $25.00.

From Canadian National Institute for the Blind, asking for a grant. Referred to the Finance Committee.

TENDERS.

The following tenders were received for man and team for street sprinkling, flushing of Dundas street pavement, and other town teaming:

W. G. Nelson, $5.00 per day.
John S. Chatterson, $3.75 per day.
James Powell, $4.00 per day, or $25.00 per week of 10-hour day and to do Sunday sprinkling.
George Grieve, $4.00 per day.

On motion the above tenders were referred to the Streets Committee to report to the Council.

REPORTS.

Councillor Boyes, Chairman of the Finance Committee, reported that the Auditors' Report had been inspected, and the Committee were well pleased with the manner in which the work was done. The Committee also made several recommendations re assessing, collecting, etc. On motion the report was adopted.

The committee also reported that they were of the opinion that it is advisable to put the Town Hall lighting system on one meter, instead of two as at present, and thus gain the advantage of the lower rate after a certain amount of current is used. The cost of making the change would be $12.00. Referred to the Fire, Water and Light Committee, with power to act.

Moved by Councillor Meng, seconded by Councillor Steacy, that a light be placed on the corner of Richard and Thomas Streets. Carried.

Moved by Councillor Boyes, seconded by Councillor Steacy, that the Auditors be given an increased grant of $10.00. Carried.

ACCOUNTS.

The following accounts were ordered to be paid:—Hum Wah 90c., H. Vanaltine $16.00, P. Gleeson $54.00, D. B. Wilson $4.10, D. B. Wilson $1.80, D. B. Wilson $2.65, J. L. Boyes $8.80, R. Douglas $10.00, M. C. Bogart $20.70, House of Providence $10.29, Boyle & Son $86.85.

An account of Ghas. Stevens' $16.75 was referred to the Fire, Water and Light Committee, with power to act.

An account of the Hydro-Electric Commission, $15.20, was referred to the Town Property Committee, with power to act.

On motion the Council adjourned.

CLAREVIEW.

Maple syrup makings is the order of the day.—Messrs. Milligan and Kimmett have finished cutting logs at Black's bridge, and moved their mill away.—The remains of the late Charles McGuire, Sr., were laid in Tamworth vault on Sunday to await burial later.—A baby girl has applied for board at Michael Finlan's.—Leonard Hopkins moved to Erinsville.

Copalline Varnish for floors, linoleum and furniture. For sale only at Wallace's.

CONSTIPATION.

It is a disease-producing malady, and if not corrected may result in serious complications. If good health the bowels should move freely at least once every day, carrying away the waste products from the Blood and Liver. If this function fails or is irregular, the work of removing the poisons falls on the skin and Kidneys, with the result of the latter organs becoming congested and clogged. The Blood becomes poisoned. Indigestion acts in the Kidneys become deranged, and severe if not fatal illness is brought on. DR. HENDERSON'S HERB TABLETS correct this trouble by its action on the Liver, causing a healthy flow of Bile, and exerting a soothing and toning influence on the whole Intestinal Tract. 50c. and $1.00 a box at Hooper's Drug Store, Napanee. Sir John C. Eaton Dead.

HEAD OF EATON DEPARTMENTAL STORES PASSES AWAY IN TORONTO.

Toronto, March 31st — Sir John Eaton died at 9.40 o'clock last night. The funeral is to take place on Monday.

Sir John's illness extended over five weeks. For several days last week hopes for his recovery ran high. Six days ago he reached the maximum of improvement. Then he began to show signs of weakening. Dr. Barker, of Baltimore, was immediately called in to consultation again. On Monday the patient's condition of weakness was seen to be confirmed. He was not able to get any rest whatever. Since Tuesday night he was unconscious.

Sir John's illness is known to medical science as secondary infection following an attack of influenza. Its peculiar characteristic is a weakness amounting in some instances to total non-functioning or collapse of one or more of the internal organs. Sir John's heart action remained strong for a considerable period; but the liver and kidneys were affected to a degree which rendered medical alleviation a long and difficult process.

Born in 1876.

Sir John Craig Eaton, K.B., generally supposed to be Toronto's wealthiest citizen, was born in Toronto on April 28th, 1876. His father was the late Timothy Eaton, founder of the extensive business with important interests in a number of cities of the Dominion, including Montreal, Moncton, Winnipeg, Vancouver and Toronto.

Educated in the public schools of Toronto and at Upper Canada College, John C. Eaton was trained to the business which his father had begun. Upon the father's death in 1907, the son, who was then vice-president, became president of the T. Eaton Company. The business continued to expand until the Eaton interests virtually touched every important point in Canada and reached far beyond the dominion. Sir John's other business activities embraced several directorships. He was on the Boards of the Canadian Pacific Railway, The Sterling Bank and the Dominion Bank, and he held governorships in Victoria University and The Toronto General Hospital.

A Philanthropist.

Sir John Eaton was one of Toronto's most distinguished philanthropists. His munificence included the giving of several hundred thousand dollars to the Toronto General Hospital; the surgical wing of which he built at his own expense; $250,000 in memory of his father; $50,000 to the Y. M. C. A., Toronto; $10,000 to the endowment fund of Victoria University; and subscriptions to numerous enterprises of a religious, philanthropic or charitable nature. He built and furnished throughout the Eaton Memorial Methodist, Toronto, being one of the most magnificent places of worship in the dominion. He was a director of the Canadian National Exhibition and sundry other organizations.

Sir John Eaton's loyalty during the Great War was shown in many practical ways. He raised and equipped the Eaton Machine Gun Battery, with quickfiring Vickers Maxim Guns mounted on armoured trucks, and he was actively connected with a number of organizations in connection with war relief work. He was knighted in 1915 in recognition of his public services, and he was created an honorary colonel. Previous to the war and afterwards Sir John was interested in the Canadian Baden-Powell Boy Scouts, of which organization he was for some time a commissioner.

Among Sir John Eaton's recreations was yachting, and for many years he owned one of the best-equipped steam yachts on the Great Lakes. He was a member of several yacht and golf clubs, and was a member of the Merchants' Club, St. Gall, Switzerland. During the war his yacht Florence served as a submarine chaser off the Atlantic coast.

Lady Eaton, four sons and one daughter survive. Timothy Craig, John David, Edgar Allison, Gilbert McCrea, and Florence Mary. Mrs. Timothy Eaton, mother of Sir John, also survives.

R. Eaton, a cousin of Sir John's, is the present vice-president of the T. Eaton Company.

All The Clothes Out By 9 a.m.

Monday morning just started and your washing all done! You think it sounds impossible, but just use Rinso and see.

Really, the clothes soak themselves clean in the Rinso suds and the dirt runs away freely in the rinsing. Why? Because Rinso is the new modern method for the family wash and it is absolutely different from every other soap or washing powder you ever used.

Do not pour the Rinso granules direct from the package into the wash. Use it this way as it guarantees the best results: Dissolve half a package of Rinso in just enough cool water to make it like thick cream. Add two quarts of boiling water and stir. When the froth subsides you will have a clear, amber coloured liquid—the famous, scientific, Rinso solution. Pour it into your tub of cool or lukewarm water, then put in the clothes and let them soak one hour, two hours, overnight or as long as convenient.

Then give them a thorough rinsing, and they are clean without any hard rubbing—without boiling.

If You Use a Washing Machine:

Soak your clothes for the usual time, then add more Rinso solution and work the machine. Rinse and dry—you will have a clean, sweet, snow-white wash.

Certainly Not a Washing Powder:

The fine granules of Rinso may look like a washing powder but just make this test. Dissolve a heaping teaspoonful of Rinso in a little hot water. In another cup dissolve a heaping teaspoonful of washing powder in boiling water. When they cool, see what happens:

BURNS CAUSE THE DEATH OF MRS. BULLARD.

The death of Mrs. Jennie Huff Bullard, aged 67 years, occurred at her home, No. 83 High St., yesterday morning at 10 o'clock, from the result of burns which she suffered, Sunday, March 19th, at her home. News of this splendid woman's death was received with great sorrow.

As stated above Mrs. Bullard's death was the result of an accident which occurred over a week ago and to which at first no great importance was attached. Mrs. Bullard was passing an open grate fire when her skirt ignited and was at once enveloped in flames. Mrs. Bullard with great presence of mind commenced at once to extinguish the flames, trying to put them out before they could reach the upper part of her body. She picked up a rug from the floor and with this smothered the fire.

Mrs. Bullard did not believe at first that she would have any serious results from the accident and did not call in a physician but did secure the services of a Nurse. Complications following the burns later set in and it was found that Mrs. Bullard was in a serious condition. Yesterday her death took place quite suddenly.

Mrs. Bullard was born at Napanee, Canada, and had resided in Bradford since 1878. She was the possessor of a high character and was greatly beloved by many friends. She was a member of the First Methodist Church.

Deceased was the widow of L. C. Bullard. She is survived by three brothers, John Huff, of Russell, Pa.; William Huff, of Canada, and S. M. Huff, of Bradford, and one sister, Mrs. Blanche McCrum, of this city.

Funeral services for Mrs. Jennie Bullard will be held at the home on Thursday, at 2 p.m., Rev. Keen officiating. Interment in Oak Hill.—Bradford Evening Star and The Bradford Daily Record, Bradford, Pa., March 29th, 1922.

WISE AND OTHERWISE.

The ease with which corns and warts can be removed by Holloway's Corn Remover is its strongest recommendation. It seldom fails.

"Your nephew is a college graduate, isn't he ?"

"Yes," replied the old farmer, "but in justice to the college, I'll own up that he had no sense beforehand."

For years Mother Graves' Worm Exterminator has ranked as a reliable worm preparation and it always maintains its reputation.

First Invalid—Is this a good place for the nerves ?

Second Invalid—Oh, yes ! When the proprietor of this hotel first came here he charged ten shillings a day; now he has the nerve to charge twenty-five !

The Poor Man's Friend.—Put up in small bottles that are easily portable and sold for a very small sum, Dr. Thomas' Eclectric Oil possesses power in concentrated form. Its cheapness and the varied uses to which it can be put make it the poor man's friend. No dealer's stock is complete without it.

An old darky got up one night at a revival meeting and said : "Brudders an' sisters, you knows an' I knows dat I ain't been what I oughter been. Ise robbed hennoosts an' stole hawgs, an' tole lies, an' got drunk, an' slashed folks wi' mah razor, an' shot craps an' cussed an' swore; but I thank the Lord der's one thing I ain't neber done; I ain't nebber lost mah religion."

The Oil for the Farmer.—A bottle of Dr. Thomas' Eclectric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

You will find the latest designs in Wall Paper at Hooper's, at prices to suit all purchasers.

A For to Asthma. Give Asthma half a chance and it gains ground rapidly. But give it repeated treatments of Dr. J. D. Kellogg's Asthma Remedy and it will fall back even faster. There is no half way measure about this remedy. It goes right to work and drives asthma out. It reaches the inmost breathing passages and leaves no place for the trouble to lark. Have it by you for ready use.

REINDEER FOR CANADA'S NORTHLAND.

The value of the reindeer to the native inhabitants of Labrador and Northern Canada generally has led to efforts again being made to build up herds of these animals in the regions referred to. The Hudson Bay Company has taken hold of the enterprise and recently landed 628 reindeer, most of them at Baffin Land some months ago. Because reindeer, in common with other animals, are liable to certain diseases and parasitical infestations, the Department of Agriculture at Ottawa, through the Health of Animals Branch, has seen to it that the imported stock included only healthy specimens. The inspection of the animals was made by Dr. E. A. Watson, Chief Animal Pathologist, who was sent to Norway to examine the shipment before embarkation.

Some years ago importations were made by Dr. Grenfell in connection with his mission work in the Labrador. The herd prospered well while under the care of Lapp herders, but when the Lapps returned to their native land the animals became scattered and lost. Most of the 628 reindeer comprising the latest shipment have been landed in good condition, and it is hoped that a beginning has been made in establishing a reindeer industry which may prove of great value to Canada.

Sciatica for Years But Is Well Again

WHY C. LACHANCE RECOMMENDS DODD'S KIDNEY PILLS

Quebec Man Relieved of Long Suffering Shouts Praises of Dodd's Kidney Pills.

Petite Valley, Gaspe Co., Que., April 3rd. (Special)—C. Charles Lachance, a well-known resident here is shouting the praises of Dodd's Kidney Pills.

"I had sciatica and rheumatism," Mr. Lachance states. "My trouble started from a cold. I perspired freely with the least exertion. My limbs swelled.

"Then came the sciatica and rheumatism and for seven years I was a sufferer.

"I took six boxes of Dodd's Kidney Pills. Now my health has come back and I tell everyone who suffers from sciatica, rheumatism, or kidney trouble to use Dodd's Kidney Pills."

Dodd's Kidney Pills act directly on the kidneys. They put the kidneys in condition to strain the uric acid out of the blood. Without uric acid in the blood there can be no rheumatism or sciatica.

Ask your neighbors if Dodd's Kidney Pills do not make healthy kidneys.

May we have the privilege to show you ?

The Spring Suit is a Wonderful Asset to Every Woman

We picture herewith a Suit which appeals to us as being a very outstanding value. This garment is made from an All Wool Tricotine. The material is dyed as well as woven in Great Britain, hence it is almost impossible to secure anything better by way of material. As you will notice it is developed in a strikingly handsome style, its beauty lying in its simplicity, its good taste, and in the service its purchaser is bound to get. Because we purchased these Suits in a very extraordinary manner, it enables us to pass them along to you at the very special price of, $39.50 each, which is dollars cheaper than the present market prices. Obtainable in numerous sizes of Black and Navy.

Suits At $29.50.

At this price we can show two styles,—one particularly good for women, the other better for Misses' wear. These garments are made from All Wool Tricotines, in a remarkably good, serviceable quality. Lined throughout in Tussah Silk, they make splendid Suits. Come in all sizes, in Black and Navy Blue.

Novelty Suits.

Our regular range of Suits offers you garments which portray all the newest whims of Fashion. Included are the charming three-piece Suits developed in Poiret-Twill; the loose-back Raglan Sleeve models, and those of Tailored and Semi-tailored vogue. Braids, Bandings, Embroideries, are used for ornamentation. Priced from $21.50 to $70.00.

Men's and Young Men's Suits and Top Coats Suits, $15.00 to $25.00

These beautifully tailored Suits are being shown in a fine range of models, specially designed for Spring and Summer, 1922. The fabrics are in a wide variety of attractive patterns,—small checks, overchecks, stripes and fancy mixtures. Models designed to fit the "stout man", "thin man", "tall man", "short man", and the boy donning his first long pants.

For the man who insists on particularly fine Tailoring and style in his Suits, these new Spring Models will appeal to.

Come in and judge these values for yourself.

Top Coats, $15.00 to $25.00

The models in Top Coats for this season are wonderfully attractive in styles and fabrics. Included in the range are Slip-ons, Form Fitters and Chesterfields. A particularly stylish Coat for young men is the "French Style" in a Fawn Gabardine, has an all-round belt with buckle, convertible collar and vertical pockets. The prices afford a wide range for selection.

Every man, no matter what his taste or extent of his purse, can come here with the assurance of getting the very best value his money can procure.

Spring Hats

THE bulk of our Hats are "Made-in-Canada," because we have the exclusive agency of a manufacturer that really makes the hat from the raw fur (not merely blocks and finishes felt bodies that have been made in England or the United States). The money that formerly went into duties now goes into the hats and enables us to sell you BETTER Hats for LESS. Pearl, Hazel, French Grey and Walnut are popular colors for young men, and in our "Brock" quality are the "acme of perfection."

In men's we give you neat Fedora shapes with bound brims, in Blackstone Green, Brown and Grey, at $2.75 to $3.50.

We have a large and well assorted stock for you to choose from.

Clean Up Paint Up

KEEP your house looking its best at all times. Keeping up its appearance will keep up your pride in it.

Plant flowers and grass seed. Trim up the shrubbery and vines. Don't let rubbish accumulate in either the front or back yard.

Then paint your house with Lowe Brothers High Standard—the investment paint. Lasts longer than most other paints and looks better as long as it lasts. This means that repainting won't be necessary so soon.

High Standard costs a few cents more per gallon, but you need fewer gallons, therefore you begin saving money right at the start.

We will gladly prove to you that the difference between Lowe Brothers and other paints is more than a mere difference of opinion.

Come in and ask for interesting literature and look at the sample panels.

The Wall Paper Trade for the Spring season is off to a good start. We have already made sales of some beautiful papers. We have the stock and we know our prices are right. We have just received a consignment that is the best value in cheap paper we have had since before the war. It is 22 inches wide; the colors and the patterns are very pretty, and the price is only 12 cents per roll. All is fresh and new. Our range in Quality, designs, and prices will compare favorably with any other stock anywhere. We invite inspection by intending purchasers.

We have Paste ready made for putting on Wall Paper. It is better and cheaper than you can make it from the flour.

Auditors' Report, Town of Napanee, 1921

To the Mayor and Council of the Corporation of Napanee, Ont.

Gentlemen,—We, your Auditors, duly appointed to audit the accounts of the Town for the year 1921, beg leave to report as follows:—

We have carefully checked the Receipts and Disbursements of the Treasurer and find the entries have been properly recorded, vouchers for payments having been produced.

We hand you herewith a Detailed Statement of Receipts and Expenditures, an Abstract Statement of the School Accounts, and a Statement from the Collector's Roll.

We do not consider that the book used by the Collector is at all suitably ruled for the Town of Napanee, and would strongly recommend that when the Roll is handed to the Collector it should have the various amounts to be collected from each taxpayer entered in a proper column opposite the name of the taxpayer.

We also present a Statement of the Dundas Paving Account prepared from the statement furnished by the Merchants' Bank, against which we have checked vouchers as far as they were obtainable. Several of the ratepayers took advantage of the discount and made full settlement of the claim against their respective properties, paying to the Town Treasurer the sum of $8,633.70, which amount was deposited in the Merchants' Bank to the credit of Dundas Paving Account.

Your Clerk holds Bonds for the Treasurer for the sum of $5,000.00, and for the Collector for the sum of $5,000.00.

All of which is respectfully submitted.

A. C. BAKER,
C. B. CREIGHTON,
Auditors.

Napanee, Ont., March 3rd, 1922.

To the Council of the Corporation of Napanee, and
The Public Utilities Commission.

Gentlemen,—We, your Auditors, appointed by the Council to audit the accounts for the year 1921, beg leave to report as follows:—

We have carefully checked the Receipts and Expenditures of the Water Works Maintenance Department, and present herewith a report the same from November 1st, 1920, to December 31st, 1921. Our reasons for preparing a complete new statement is that under the head of Receipts the amount of accounts due and uncollected is entered as having been received, and we maintain this should not be included as Receipts. Again the printed statement shows only the transactions to December 17th, and the Act requires that a complete statement shall be given up to and including December 31st, 1921.

In the items of Expenditure we find several amounts for which there are no vouchers and we would recommend that in future a voucher be obtained for each and every disbursement.

We also find that the discounts on water rates were allowed to many for some considerable time after the date when such allowance should be discontinued.

In view of the fact that there are frequent changes in tenancy which makes it difficult to collect rates from the proper party, thereby occasioning loss of revenue, we would recommend for your consideration the advisability of assessing water rates to the owner of the property and leaving it for him to collect from his tenants.

We find the Canal and Adjacent Land Account to be correct, as per printed statement to December 15th, and we have prepared a Supplementary statement from December 15th to December 31st, inclusive.

The Net Balance standing to the Debit of Plant Extension Account is $38,038.32.

All of which is respectfully submitted.

A. C. BAKER,
C. B. CREIGHTON,
Auditors.

10 Reasons why you should Buy a Ford

1. It costs less than any other car by several hundred dollars.
2. It costs less for gasoline.
3. It costs less for tires.
4. It costs less for repairs.
5. Service is obtainable wherever you go.
6. Its resale or trade-in value is higher than that of any other car.
7. Easiest to operate; both hands on the steering wheel all the time.
8. No radical changes in design to make a last year's model appear out of date.
9. Engine power in excess of your needs always available.
10. Quick pick-up—gets away first in a traffic jam.

Women should Insist

No matter what you buy in kitchen utensils, demand that each article carry the **SMP** trade-mark shown below: **SMP** Enameled Ware is safe to use; acids or alkalis will not affect it; it cannot absorb odors; cleans like china; wears for years. Tell the storekeeper you want either

SMP Diamond or Pearl WARE

Diamond Ware is a three-coated enameled steel, sky blue and white outside with a snowy white lining. Pearl Ware is enameled steel with two coats of pearl grey enamel inside and out.

Labor Troubles on Tea Plantations.

The high wages paid to workers on the tea plantations in India and Ceylon during the war, and the present scarcity of the leaf, have lead to a constantly increasing price for good tea. It is rumoured that the cost of producing tea, which has advanced between 12 and 16 cents a pound during the last eighteen months, will soon make necessary a general increase in retail prices.

Hand Amputated.

A distressing accident occurred about six o'clock on Monday evening, at the Gibbard Furniture Co.'s factory. Happy Johnston, a young lad of seventeen years, came in contact with the knives of a planer and tore the flesh almost from the shoulder to the wrist in such a manner that the hand had to be amputated and it is thought that the arm will have to come off below the shoulder. Dr. Galbraith rushed the plucky boy to the Kingston General Hospital and everything is being done that can be to try and save the arm.

Storage Batteries.

Three questions you should ask when buying a Storage Battery. 1st, Is is a good battery ? 2nd, Is it made by a reliable firm ? 3rd, Can I get service everywhere ? Prest-O-Lite Storage Batteries are 100 per cent. built in Canada. Prest-O-Lite Storage Batteries are standard equipment on the majority of Canadian-built motor cars, and, from the beginning, proved themselves superior in power and life. Prest-O-Lite has more than 800 Service Stations in Canada. Wherever you go, you can get expert advice and repairs.

Address and Presentation.

About forty friends and neighbors of Mr. and Mrs. Leslie Davis gathered at their home on Friday evening, March 17th, when the following address was read, and presentation made :—

We, your friends and neighbors, have gathered here to-night to spend a few social hours with you before you leave our neighborhood. We feel our loss will be some one else's gain. You have always been ready to help when you saw any one in need, and now we ask you to accept these two chairs and couch, and whenever you sit in them, we ask you to remember your old friends at Westplain. May God prosper you and bless you.

Signed on behalf of your friends and neighbors at Westplain.

ARCHIE DAVIS,
JAMES M. WAYTE.

Mr. Leslie Davis made a very suitable reply, thanking his friends for remembering him, and told them never to pass his place hungry. The evening was spent in games and music.

The Lucky Number--4663

was selected last Saturday afternoon at 2.30 o'clock amid a large throng of anxious folk. Despite the inclemency of the weather, our customers and friends turned out in large numbers from all over to watch the interesting performance. The winner of the lucky number was MRS. HIRAM FARKS, South Napanee. Mrs. Parks was presented with the $40.00 Dinner Set, and in her own pleasing style extended her heartiest thanks and very best wishes; and here we wish to extend our thanks and appreciation to our many customers for the interest taken in the lucky series of sales.

We have endeavored from time to time to place at your disposal unparalleled bargains, doing our very best to bring prices down to a sound basis and within the reach of everybody, especially those who depend on a living wage. We believe in service with the widest latitude of interpretation; we believe in being consistent and courteous; we believe in establishing such a relationship between our customers and ourselves that we may always merit their confidence.

On Monday, April 10th, it is our intention to introduce a rebate coupon system. On every purchase of 25c worth of goods in any of the departments in our store you will receive a coupon that will be worth money to you. It will also explain itself, and in addition our staff will inform you of its money-saving value.

To keep the interest going, manifested in the coupon series of sales just closed, we intend to continue throughout the whole month of April a series of Weekly Sales. In many cases the prices will be cut regardless of cost.

Our aim and object is to do our part to keep the real life in business in Napanee alive. We are prepared to compete with the prices in any other centre. There is no reason why we should not. We buy goods as cheap as the biggest of them from our own best and European markets. Boost your own county town by doing your business and trading in Napanee.

Let us do what we can to encourage a real community spirit, mutually helping each other.

This week, to keep the home fires burning, the following bargains will be placed for a rush sale :

NAPANEE W. C. T. U.

On Monday afternoon, April 10th, a most interesting meeting, under the auspices of the W. C. T. U. was held in Trinity Church, the President, Mrs. N. Miller, in the chair. After devotional exercises conducted by Mrs. Vine, the speaker of the afternoon was introduced.

Dr. Sarah Detwiler is World's Superintendent of Travellers' Aid Department in W. C. T. U. work, and with that quiet compelling power of one who knows whereof she speaks, and realizes full well its vital importance, she gave to her hearers a vivid word-picture of present day conditions.

The work was traced from its early beginnings in New York in 1885, to the present, when some two hundred cities in Canada and United States, as well as many smaller places, have taken up the much needed work. The speaker mentioned the fact, that great as may be the convenience of Travellers' Aid work to the public generally, its real object is the protection of the young, especially young women.

In the year 1919, in United States alone, sixty-eight thousand young girls were lost to their homes, and to the world; and though statistics in Canada are not known, our workers feel that we, according to our population, are not very far behind. Where lies the responsibility?

To some extent, of course, on the traveller herself, hence the need of knowledge, for the art of the seducer is fearful and wonderful.

First of all, however, let parents take heed, for on them rests the primal responsibility. But should parents through ignorance or indifference, neglect their duty, or should circumstances over which they have no control, endanger both the life and morals of their children, there must be protection elsewhere.

Naturally, we turn to the laws of our land, only to find that there is but little protection there; and in our own minds we are forced, at times, to question the meaning of British justice and fair play. It is so difficult to arrest the guilty, and often when convicted, the punishment meted out is so small, the offenders go on their way, unafraid, and the White Slave Traffic proceeds to take its deadly toll of body and soul.

In closing, Dr. Detwiler called on the women of to-day to be up and doing. Ours is the duty to help, to educate, ours the duty to work for better laws with proper enforcement behind them, ours the duty and privilege to be true to our trust as mothers, showing always that real "big sister" spirit to all who are in need.

Rev. Mr. Millson, one of the Secretaries of Social Service work in the Methodist Church, also gave a short address, referring first to the widespread heartedness and thoroughness of Dr. Detwiler's work, and of W. C. T. U. work generally; and then through interesting facts in his own experience brought home to us again with much force the great responsibility resting on the women of to-day.

With no uncertain sound we were warned, that if as mothers we were half as anxious to push our daughters into the church, as we are to push them into society, conditions would not be what they are.

A solo by Mrs. Dennis, the meeting closed with the hymn, "Blest Be the Tie", and prayer by the President.

NEW DEPARTURE IN ARCHITECTURE.

UNIVERSITY STUDENTS SHOW STRIKING ABILITY IN EXHIBIT.

While it has hitherto been generally held that Canadians as architects are an unimaginative people, the originality and excellence of the designs displayed by the undergraduates of the University of Toronto in the architectural department at the annual exhibition of work done by the students, held in Hart House last night, proved a revelation to authorities who were present. It is the verdict of good judges that the class of work exhibited is not only of a high standard, but that it would compare favorably with any of the European art schools.

The tendency this year is to render the subjects in color, and, without exception, it has been a decided success. Railway terminals, moving picture theatres, churches and buildings, together with representations of ancient architecture, are set forth in striking, yet harmonious, effects. The Parthenon", by Clare McLean, a first year student, has been acknowledged a real work of art. The ancient temple, with its reconstructed figures and pillars has been well done in sepia and evokes much favorable comment.

Another striking study is that of "The University, in solid black background, by Barney Heins, a fourth year student, whose originality of treatment will truly draw a large following among the students. It has been characteristic of the department that any new departure quickly establishes a vogue.

There are splendid examples of Gothic architecture in church design, together with some picture theatre designs, the most outstanding of which is "The Alhambra".

An innovation this year is the 24-hour problems in water color. The students are given twenty-four hours in which to draw and render their compositions, according to the Beaux Arts method. Prominent among the best examples are those by Kenneth Ford, A. Norcross and Miss P. Lawson. Noxon also has an exhibit of merit and considerable interest to the profession, an enlargement to the photograph taken of a clay model of a group of university buildings.

Other exhibits include water colors, plaster relations and casts and relief work in plaster. Miss A. Wright, a first year student, is among the exhibitors from the particular Order of work.—The Mail and Empire, Toronto, April 7th, 1922.

MISSION CIRCLE CONCERT A SUCCESS.

A very enjoyable concert was held in the Sunday School Room of St. Andrew's on Friday evening, under the auspices of the Mission Circle of the Church. Mrs. Katharine A. Powell, of Napanee, was the feature performer of the evening, and delighted the audience with a programme of various readings, including a selection from Shakespeare and a number of humorous numbers, all of which were received with applause.

An excellent programme of instrumental and vocal music was rendered by the choir from Miss T. Pearson, Mr. B. Cutmore, Mr. Leslie Unitt, and a duet on violin and bass duet by Messrs. Fred and Marvin Cherrill. The Pie Le Laval orchestra also gave several well-received selections.

Rev. J. F. Chapman acted as chairman for the evening, and Rev. G. E. Ross led in prayer. At the conclusion of the entertainment, supper was served to those taking part by the young ladies of the Mission Circle, in the Parish Room.—Peterborough, April 8th, 1922.

OBITUARY.

Mr. Samuel Knight.

After a short illness of five days, Mr. Samuel Knight passed away at his late residence, in Kennebec Township, on March 27th, 1922. Funeral took place on Wednesday, March 29th. Mr. Knight was born in Camden East, and lived there all his days. He lived in Kennebec nearly all his life. In religion he was a Methodist. He was loved by wife and family and is sadly missed by all, being highly respected by all who knew him. Surviving his life he made a host of friends, he leaves to mourn his loss, his wife, eight daughters and four sons. The daughters are Miss Janet, Miss Hazel and Miss Helen, at home; Mrs. M. Thompson, of Kennebec; Mrs. Thos. Barrie, of Belleville; Mrs. W. Switzer, of Watertown; Mrs. H. Pederson, of Watertown; Mrs. C. Robinson, of Kennebec. The sons are Thos. Durward and Guss, at home; Arthur, at Napanee; Irvine Knight, of Township of Kennebec, and Robert, of Michigan; and one sister, in Watertown, N.Y. The pall bearers were Messrs. Hope Church, where the service was conducted by Rev. Mr. Bailey. Mrs. Arden, and the remains taken to Glenvale cemetery for interment. The bearers were Messrs. T. Barrrage, C. Parks and G. Parks.

FOREST MILLS.

We are certainly having spring-like weather at time of writing, and the mud and slush wagons make it more so.—House cleaning is the order of the day.—Mr. and Mrs. Archie Eagleson are rejoicing over the arrival of a young son.—We are very much pleased to have Mr. and Mrs. Earl Whiteman in our neighborhood.—Quite a number from here attended the Grand Opera Concert in Orange Hall, on Friday night of last week.—Mr. and Mrs. Frank Spratt spent Saturday night at Mr. and Mrs. John A. NAPANEE SCHOOL BOARD.

The Napanee Board of Education met in the Council Chamber, on Monday evening.

Members present—Chairman, Alpine Woods, and Messrs. P. Gleeson, H. Daly, J. M. Thomson, S. R. Miller, J. L. Boyes, Geo. Thompson and E. J. Pollard.

A communication from Mr. F. J. Corkill, Public School Inspector, in reference to medical and dental inspection in Public Schools, was read and filed for future reference.

The Finance Committee reported recommending accounts of Napanee, $34.00, F. E. VanLuven $34.00, and Napanee Express $57.30, be paid. Report adopted.

Mr. Trenouth reported that the caretaker had used the ashes from the West Ward School furnaces to fill in a low spot in the grounds, and asked for a few loads of sand to complete the filling.

On motion the ashes were ordered covered with sand.

The Principal's monthly report for March was presented.

Accounts of caretaker, 1921, $6.00; and W. F. Hall, postage, $8.00, were ordered paid.

Considerable discussion took place on the disparity between the grants given county schools and that given the town.

A communication from the School Board of Georgetown, inviting representatives to meet at Toronto on April 27th, was read, and on motion Messrs. Woods and Boyes were appointed a deputation to meet in Toronto, also to attend the Ontario Educational Association.

Board adjourned.

HOLLOW EARTH.

I am enclosing a clipping from Professor Chamberlain, a Geologist in a Chicago University, which please print following these lines that people can see both sides. It is about twenty years ago since I spent a winter in Chicago, and at that time the theory that the Interior of the earth was molten was not discarded. I spent five months in Chicago, and while there I visited everything of importance and heard many lectures upon this subject, and published a statement in Hurst's Chicago, "American", my views that the earth was not molten, but "hollow" and filled with gas, and was the cause of earthquakes. That the motions of the earth created a suction of these gases formed from decomposed vegetable matter, and claimed that earthquakes could be stopped by the utilization of this gas by drilling and taping large arteries of gas created by the pressure from the interior of a vacuum of 7,800 miles in diameter tightly

Is Now a Healthy Boy

"From a puny, delicate child, my little Johnny has become a strong sturdy boy."

One mother writes:—"If you had seen my little Johnny four months ago and you were to see him to-day, you would never believe that he is the same boy. Then he weighed only 49 pounds. To-day he weighs 98 pounds, almost double what he weighed four months ago. His trouble first started with a cold, which we never noticed because he was strong and like all boys at his age occasionally caught cold. After a while we began to notice that his cough instead of getting better, was getting worse, that he was looking pale and losing weight. He seemed to be tired all the time, had no energy to do anything. Before he caught this cold he had no trouble with his lessons and remained at the head of his class without much study. But we began to notice a change. He didn't seem to care whether he knew his lessons or not and nothing seemed to interest him. He coughed so much and so hard at times that his face would become purple and we thought he would surely burst a blood vessel. Medicines and cough mixtures didn't do him any good. Finally, in desperation and as a last resort we tried Vinol. In a short time his cough had almost disappeared. His appetite was returning and he was beginning to take an interest in his studies. And, thanks to Carnol, he has become as strong and healthy as he has ever been."

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it has not done you any good, return the empty bottle and he will refund your money. 1-122

WILTON.

On Wednesday evening, April 5th, about 9.30 o'clock, Sarah Lake, wife of Charlie Marshall, passed peacefully away, after a lingering illness of several months. During her illness she had the constant care and attendance of nurse, her husband and sister and whose companionship was a comfort and help to her in her last hours of suffering. Her funeral was held at the residence of her brother-in-law, Mr. J. E. Miller, on Friday afternoon, services being conducted by the Rev. H. J. Latimer, and the remains were placed in the family plot in Wilton cemetery. She leaves to mourn her loss her husband, one son, Bruce, her father, B. W. Lake, her sister, Mrs. J. E. Miller, and brother, W. B. Lake, Odessa.—The death of Mr. Wesley Babcock, an aged resident of Wilton, occurred on Thursday morning at the home of his son, John Babcock. Mr. Babcock has been in his usual health until a short time ago, when he had a fall and suffered a broken hip, which caused his death. The funeral was held at the home of Mr. John Babcock, on Saturday afternoon, conducted by Rev. H. J. Latimer. The remains were placed in Wilton vault. The deceased leaves two sons, John, of Wilton, and Will, of Odessa; one daughter, Mrs. Zina Hunter, Watertown, N.Y.—Mr. Kenneth Babcock has purchased a Ford truck, and has the contract of delivering milk to the Napanee condensery. —Several of the farmers are busy in the sugar bush, as there is quite a large quantity of syrup being made, and selling at $2.00 a gallon.—Mrs. C. Loyst made a business trip to Kingston last week.

Mail orders promptly filled at Wallace's Drug Store.

"It is a strange thing," said the professor, "I was shaved this morning by a man who really is, I suppose, a little above being a barber. I know of my own knowledge that he studied at Heidelberg and spent several years in other educational centres.

"I know, also of my own knowledge, that he has contributed scientific articles to our best magazines and has numbered among his intimate friends men of the highest social and scientific standing in Europe. And yet," soliloquized the professor, "he can't shave a man decently!"

"By Jove!" exclaimed young Rounder in astonishment, "What is he a barber for, with all those accomplishments?"

Do your own grailing! It's a simple process, if you do it the "Campbell" way, and we will demonstrate for you how easy it is. Ask at Wallace's Drug Store, Sole Agents for Campbell's Varnish Stain.

Try Doing Next Week's Washing with Rinso

Find out for yourself why hundreds of thousands of women say that they could not face another wash day without it. The two easy steps below will save *you* hours of back breaking rubbing.

First: For each tub of clothes dissolve a half a package of Rinso into a little cool water until it is like thick cream, then stir in two quarts of boiling water. If the water is hard, or the clothes extra dirty, use more Rinso.

Then, pour into tub—of cool or lukewarm water. Mix well. Keep adding the solution until you get a rich, lasting, soapy suds, even after the clothes have been put in. *Do not pour the Rinso direct from the package into the tub.*

Soak the clothes for one hour, two hours, overnight, or as long as convenient. Then rinse to remove the loosened dirt, until the water runs clear. Hang them out to dry.

There's no rubbing—no boiling. Rinso is not a washing powder, but a scientific combination of pure cleansing materials that loosen and dissolve the dirt from even the heaviest pieces. It *soaks* clothes clean in a few hours without injury to a single fabric.

IF YOU USE A WASHING MACHINE

Follow the regular directions given here. Soak the clothes. Then, before operating the machine, add fresh Rinso solution using the same amount of Rinso as you used for soaking. No other product is needed when Rinso is used.

THE PRODUCTION OF CORN

Its History and Development and Recently Discovered Pest.

The Deputy Minister of Agriculture for the Dominion, Dr. J. H. Grisdale, in a recent address dealt with the history, production and utilization of corn and tells of the devastating spread of the European corn borer in the principal corn-growing districts of this province. Early explorers of the northern half of America, as far back as Columbus in 1498, record the fact that vast fields of corn were grown by the aborigines. European settlers perpetuated its cultivation. The types grown in the early days were the same as they are to-day, excepting for the new varieties created from them, namely, the Flint and the Dent, the first-named being used by the Indians for making of hominy and similar foods, and the latter for flour. The Indians also appear to have enjoyed the roasted ear. To-day the United States crop of corn runs annually from two and a half to three billion bushels of grain and from thirty-five to over forty million tons of ensilage or forage, most of the latter being stored in half a million silos. Canada's crop of corn is over fifteen million bushels of grain of which Ontario produces close to seven-eighths, and six million tons of forage stored in between fifty and sixty thousand silos.

Dr. Grisdale told of the cultural experiments with corn that have been carried on at the Central Experimental Farm, Ottawa, detailing the cost of cultivation, and showing that the average yield per acre for four years was 16.60 tons and the profit per acre, $34.21. The advantages of a growing corn for ensilage in Canada are, he said, its cheapness and excellence for feed, the large return per acre, best crop on which to apply manure, for cleaning land and for breaking up a sod field, easiest crop to harvest as to weather conditions, most cheaply housed, most easily handled in feeding, best for supplementing dry pastures and to help in inducing cattle to consume coarse and poor roughage, and the crop that permits the carrying of most live stock per acre. Turning to the corn-borer, Dr. Grisdale stated that in all 100 townships in Ontario, covering an area comprising 7,600 square miles, are known to be infested, and urged farmers to co-operate in control of this very serious pest by following instructions given in Leaflet No. 16, "The Control of the European Corn-borer" obtainable on application to the Publications Branch, Department of Agriculture, Ottawa. Issued by the Director of Publicity, Department of Agriculture, Ottawa, March 22nd, 1922.

Ready for Your Easter Choosing, Dozens of Interesting Revelations in New Styles of Spring Hats

Our Millinery Department has its quota of Easter Hats now ready. All the exclusive one-of-a-kind Pattern Hats are unpacked. Our own hand finished numbers are in the show room. Those who want to buy a Hat on Saturday will find as much individuality about this Easter display as characterized our formal Spring openings.

Every single model, from the Smart Sailor to the exclusive Dress Hat possesses a charm which is most captivating, whether you view back, front or all around.

The most clever ideas with ribbon, the boldest touch of quill or feather, the many charming effects of flowers are exploited in Hats of every shape and every color.

Vivid Reds, Henna and Tangerine hues, Sand and Bisque, Copen and Turquoise Blues, as well as more sober shades of Navy, Brown and Black, are splendidly represented.

Exclusive in Style, yet moderate in Price.

Some of Our Smartest Easter Suits are Priced $40.00 and Under

You know that stay-and-standby sort of Suit—not too business-like for social occasions, and not too fussy for knock-about wear, a Tricotine or Wool Serge Suit that comes so beautifully cut and tailored as to look distinctive wherever well dressed women are assembled.

In this assemblage are loosely belted models with tuxedo collars, semi-fitted models with cuff-link fastenings and several of the box-back order with Peter-pan collar and bell-sleeves.

The linings are in Tussah Silk, Pussy-Willow and Satin-de-cyene. Embroideries, Braids and Fancy Stitchings, make effective ornamentation.

Our $29.50 and $39.50 Suits are wonderful values.

All sizes. Navy and Black.

Parasols for The Easter Promenade

Make your selection from the new Spring assortment. A rich Parasol puts the finishing touch to the Easter outfit, and you will find it a pleasure in making the new choice. The favorite styles in handles are Leather ring, and these come in many pleasing color combinations. Silk, and Silk and Wool are the favored materials, and priced so favorable, from $3.00 up to $8.50 each.

Men's Suits for Easter

New Styles! New Shades! Extra Well Tailored!

Robinson's are still in the lead with a hundred and fifty new 1922 Spring Suits for you to choose from, and the most attractive thought is that the prices are really reasonable even in these close times for money. They start at $15.00, and are priced from that up to $40.00, but the biggest range by far is at $25.00. At that price and at $30.00 and $35.00 we have an extra choice range, picked from hundreds, yes thousands of the best makers' samples.

SPRING OVERCOATS.

New Slip-ons, in beautiful effects of Greys and Greens. The best fitting Coats we have ever seen. Best ones are $25.00 to $32.50. Others at $15.00, $17.50 and $20.00, well made from good, honest coatings, but not the finest cloths.

Men's Felt Hats

Choose yours for Easter now. New shapes, new colorings. We buy from the best Canadian and English manufacturers, and we have a truly wonderful stock from which to choose.

We are selling our Canadian Hats at $2.50 and $3.50 each.

Formaldehyde for treating seed grain and potatoes, fresh in, at Wallace's. Ask for direction sheet.

The School Dramatic Society was giving its first performance of the season and the play chosen for the momentous occasion was "Julius Caesar".

All went smoothly until Caesar's body was brought in and Mark Antony had to deliver his famous speech.

He put his heart into his part, and the audience felt acutely for the poor citizens, who were all presumably horror-stricken and overcome with grief, when Antony gently but firmly grasped, as he thought, the face cloth, and slowly, very slowly, began to draw it back.

Just then an excited whisper came from the other end of the corpse:

"This end, you idiot!"

But Antony was too much wrapped in grief to hear. He persevered, and then suddenly disclosed to the intently gazing audience Caesar's boots!

FARMER'S WIFE REGAINS HEALTH

Gives Credit to Lydia E. Pinkham's Vegetable Compound

Fork River, Manitoba.—"I saw in the newspapers where Lydia E. Pinkham's Vegetable Compound was doing so much good to women, and that I needed something I began to take it. I used to be very sick but I am not now. I live on a farm in the homestead district and we have to do all our own work. I tell all the women I see what Lydia E. Pinkham's Vegetable Compound does for me. I think it saves me from going to a doctor and is the best medicine women can take."—Mrs. Wm. COLTAS, Fork River, Manitoba.

Lydia Pinkham's Vegetable Compound is a medicine for the ailments peculiar to women. It is prepared from medicinal plants, with care and accuracy it can be taken by women of any age.

Women make a serious mistake in allowing these ailments to become so weak and nervous that it is well-nigh impossible for them to attend to their necessary household duties.

Such symptoms as pains and irregularities, all-gone feelings, backache, headache, hot flashes, nervousness, with a general run-down condition, indicate some form of female trouble.

The Vegetable Compound has brought relief to thousands of women suffering from such ailments. Let it help you.

CUSTOM HATCHING.

The poultry business leads all other branches on the farm as a profit maker. Just think of over 90 tons of dressed poultry being sold in our town on only 2 days last fall at very high prices. This amount represents less than two-thirds of the poultry sold in this county last year. Then when you take into account the eggs, which amounted to over $100,000, a grand total of $225,000. Are you getting your share of this great money making industry. If not, start in now.

In order to help you get started right, The M. B. Mills Co. will do custom hatching at reduced rates. We will also take orders for Day-old chicks of the popular breeds.

We are agents for the best Incubators made, the celebrated **Buckeye Hot Water** machines; also best Hovers. Can give clear instructions with the machines running before your eyes, so anybody can easily learn to handle them. Remember the most important thing is to have your chicks hatched early when you want them in good numbers, not waiting in disappointment for the clucking hens. Get your orders in now and be ready.

We buy and sell poultry any day the year round.

FLORIDA, OUR STATE.

Address of L. M. Rhodes, to the Florida Audubon Society at Banquet, Seminole Hotel, Jacksonville, Florida, March 23rd, 1922.

If every tree in Florida was a phonograph and every leaf was a record and every man, woman and child in the state were operators, and the story of Florida was equally divided and placed on all these records they could not tell it in five minutes. And I do not expect to impart to you the wonderful story of Florida, the Queen of Commonwealths, Nature's masterpiece and man's opportunity in one-twelfth of an hour.

With not more than one-tenth of her available wealth developed, Florida has an assessed valuation of $409,588,963. As this is based on a 40 per cent valuation of the real property, we have a total wealth in the state of $1,024,000,000 and when our resources are developed it will be ten times as much.

Florida banks have resources amounting to $245,500,000 and deposits amounting to $192,000,000. These deposits have increased 205 per cent. in five years.

More than 25 per cent. of all the building done in the United States in 1920-21 was done in Florida, and Florida has building material enough to build two cities as large as New York, or homes for 20,000,000 people.

Florida is as large as New York, Massachusetts and Rhode's Island. These states have a population of 15,000,000. With intensified farming on our 20,000,000 available acres and our superabundance of fresh and salt water fish and sea food, we could feed 15,000,000 of people. Florida is no big thing if it should turn a sumersault West Jacksonville and St. Augustine would land in Texas. If is should turn North, Key West would strike in Kentucky.

Florida has room to build 500,000 homes on the margin of our waters giving each 100 feet front or 1,000,000 homes giving each a 50 foot front, or 5,000,000 people could live on our water fronts and people like the water, for 70 per cent of the population of the United States are in our 28 port states and people are coming to Florida; 36 per cent of our population were born out of the state.

Florida has 6,242 miles of railroad and is in the market centre of the world by water. Florida led all states in 1921 in production of winter grown tomatoes; 18,630 acres produced 5,175,000 crates, valued at $19,045,000, nearly one-third of the production of the United States. If all the winter crop of tomatoes grown in Florida were in crates and placed side by side, they would reach from Jacksonville to New York City.

If all the potatoes grown in Florida were in barrels and placed in a row, sides touching, they would reach from Jacksonville to St. Louis.

The oranges and grapefruit production in Florida in a single season, would load a solid freight train from Jacksonville to St. Petersburg and sell for five times as much as the United States paid Spain for the whole state.

Florida also ranks first in diversity of food products. In variety of crops, fish, birds, trees, flowers and herbs. In value per acre of farm products; in number of growing days; in production of phosphate and naval stores; fullers earth; in fishing industry; in surface water; in production to area; in length of coast line; in area of standing timber; in winter grown truck crops; in annual rainfall; in cocoanuts, bananas, camphor, sisal and sponges.

Florida has an annual crop and livestock value of $150,000,000 and an annual production of manufactured forest, mineral, fish and sea food products with a value of $215,000,000 making a total production of $365,000,000 or $1,000,000 daily, and the state has no bonded indebtedness. Our total value of production has increased 269 per cent in 10 years.

There are 256 different varieties of crops, nuts, fruits and vegetables that grow well in Florida. There are 80 crops shipped by carload in the United States, 62 of them grow well in Florida, and our farm property has increased in value 171 per cent in a decade.

Florida has invigorating atmosphere, cooled, warmed and cleansed by ozone from pines, breezes from silvery lakes and tropic seas, beauty of landscape, natural attractiveness, charms and health giving conditions and strength building qualities which often give a new lease on life and increasing years to those in poor health. It is Nature's own sanitarium.

Florida is in the most ideal latitude and longitude on earth, the warmest in winter and coolest in summer. We are in the same latitude with the land that the Lord said should flow with milk and honey and in which our Saviour and Christian religion were born.

Florida is the play ground of the Western Continent, the Garden of Eden of the United States, where babbling brooks, rippling lakes, silvery rivers and crystal seas blend in eternal melody with gorgeous magnolias, flaming poinsettias, moss draped oaks, stately pines, graceful palms and myriad song birds, and where, amid incomparable beauty and matchless climate, Nature seems to smile and say, "Abide with us forever."

Florida is the laborer's opportunity, the farmer's chance twelve months in the year, the dairyman's flowing bowl, the farmer's land of honey, the poultryman's egg basket, the stockman's perpetual pasture, the banker's strong box, the manufacturer's and lumberman's abundance, the sportsman's rendezvous, the yachtsman's paradise, the home seeker's goal, the tourist's refuge, the pessimist's Waterloo, the citizen's haven, the best place to live this side of Heaven and we can go there from Florida.—The Florida Grower, April 1st, 1922.

WISE AND OTHERWISE.

A true story about a citizen whose daughter is about to be married and who has been trying to get a line on what the expense of the rather elaborate ceremony will be. He approaches a friend of his, seeking information.

"Morris," he said, "your oldest daughter was married about five years ago, wasn't she? Would you mind telling me about how much the wedding cost you?"

"Not at all, Sam," was the answer. "Altogether about $3,000 a year."

An Oil Without Alcohol. — Some oils and many medicines have alcohol as a prominent ingredient. A judicious compiling of six essential oils compose Dr. Thomas' Eclectric Oil, and there is no alcohol in it, so that its effects are lasting.

"Now, Nora," said the physician to the Irish girl, who was nursing a bad case of fever, "if the patient sees snakes again give him a dose of this medicine; I shall be in again at 6."

The hour for his return arrived. The physician visited the patient and found him raving. He had been so, said the nurse, for hours.

"And did you give him the medicine I prescribed, the purple doctor," Nora shook her head.

"But didn't I tell you to give it to him if he saw snakes again?" demanded the physician.

"But he didn't say he saw snakes this toime, docther," replied the nurse confidently. "He said he saw red, white and blue turkeys, wid straw hats on."

Miller's Worm Powders destroy worms without any inconvenience to the child, and so effectually that they pass from the body unperceived. They thoroughly cleanse the stomach and bowels and leave them in a condition not favorable to worms, and there will be no revival of the pests.

Many people have curious hobbies, and Potter was one of them. He had a perfect passion for going over prisons, and, being a determined person, managed to get permission to do so. One day he had just concluded his tour of inspection round one of the largest prisons in the country, when he remembered that he wanted to telephone to his wife. He was shown into an office, where there was a telephone and a convict doing something with a hammer.

"Would you mind stopping your hammering for a second or two?" asked Potter.

"Not a bit, guv'nor," replied 6152. "I've got twenty years to finish this little job in."

Asthma Cannot Last when the greatest of all asthma specifics is used. Dr. J. D. Kellogg's Asthma Remedy assuredly deserves this exalted title. It has to its credit thousands of cases where all preparations had failed to benefit. It brings help to even the severest cases and brings the patient to a condition of blessed relief. Surely suffering from asthma is needless when a remedy like this is so easily secured.

Two Jewish tradesmen had shops in Brighton, one in the King's road and one in a side street. Ikey, the "side-street" man, noticed that his friend had a brand new sun-blind, and commented on the cost.

"Vy, Mosey, it must have cost you twenty quid?"

"Es, it's a fine blind and worth fully twenty, but, my friend, it cost me six."

"Cost nix?"

"No, not a penny. You see, in these var times people have plenty of money for charity, si I put a notice up in my vinder, 'Donations to the blind', mit a collecting-box, and in less than a week I haf the money."

The Oil of Power.—It is not claimed for Dr. Thomas' Eclectric Oil that it will remedy every ill, but its uses are so various that it may be looked upon as a genuine pain killer. It has achieved that greatness for itself and its excellence is known to all who have tested its virtues and learned by experience.

How to Grow New Skin!

Nothing is more wonderful than the human skin. It breathes through tiny mouths called pores. If it is kept whole and strong it inspires the entire body's health.

Those who know most about the complex structure of the skin appreciate the care that must be taken in feeding what is the safest, purest and best dressing to apply in time of accident or disease.

Much scientific thought and experiment was expended in the search for an ideal natural healing substance, but that actually been found at last, in Nature's own storehouse of medicinal herbs.

Never in the world's history has there been another preparation like zam-buk. Amongst other virtues, it possesses that rare quality of actually growing new skin in Nature's own way.

A MIRACLE BEFORE YOUR EYES.

Healing the injured and diseased tissues by this process, zam-buk balm is a miracle that may be performed before your own eyes. Children remember zam-buk best for its great power in soothing and healing their hurts, while in the treatment of eczema, ringworm, chronic sores, ulcers and poisoned sores, zam-buk powerful antiseptic and tissue-building properties ensure success; again, many thousands have zam-buk to thank for their complete release from torturing piles.

Differing fundamentally and in action from all ordinary ointments, zam-buk is free from animal fats and mineral compounds. It is highly refined and contains no ingredient which the skin cannot readily absorb. A fifty-cent box of zam-buk may save you many dollars in doctors' bills. It is a unique preparation with a wonderfully wide range of usefulness.

ONTARIO FORESTS AT MERCY OF FIRE.

An urgent plea has been made by all public bodies interested in forest and game protection to campers, fishermen, hunters and others having occasion to use the woods for recreation. Every such man is asked to join hands with the forest rangers of Ontario during this year in eliminating at least half of the enormous forest fire losses chargeable last summer to human agency.

It is a comparatively simple matter for any camper or fisherman to take such sensible precautions as to extinguish a camp fire before leaving camp, to put out a cigarette before throwing it away or to avoid throwing matches into inflammable leaves, twigs or moss. A great many campers show very little caution in selecting a spot to build their camp fires. In no case should a camp fire be built against a tree or in an old log or in a dry bog, but wherever possible on a rocky shore or on a gravel or sand base. A small fire always cooks better than a large one and is much easier to extinguish. When through with the cooking fire a few quarts of water or a shovel or two of earth will easily extinguish it. No glowing coals or smoking embers should be left under any circumstances.

Those who enjoy and profit by the forest areas of Ontario, particularly the campers and fishermen, would take such simple precautions they would preserve this year hundreds of the finest and most beautiful camping spots in the province and at the same time remove one of the main sources of forest fires which are doing such enormous damage to the main source of employment in this province.

For Baby's Woollens

The little woolly garments for Baby must be kept soft or they will irritate the tender skin. Washed in Lux suds Baby's woollens will keep beautifully soft and fluffy. The thin satin-like flakes of Lux are made by our own exclusive process, and dissolve instantly into a lather harmless as pure water itself.

Just dip Baby's clothes into a bowlful of the rich Lux suds—rinse them, squeeze out the surplus water and hang to dry.

There is nothing like Lux. Sold only in sealed packets—dust-proof!

CONSTIPATION.

It is a disease-producing malady, and if not corrected may result in serious complications. In good health the bowels should move freely at least once every day, carrying away the waste products from the Blood and Liver. If this function fails or is irregular, the work of removing the poisons falls on the Skin and Kidneys, with the result that the latter organs becoming congested and clogged. The Blood becomes poisoned. Indigestion sets in, the Kidneys become deranged, and, where if not fatal illness is brought on. DR. HENDERSON'S HERB TABLETS correct the trouble by its action on the Liver, causing a healthy flow of Bile, and exerting a soothing and toning influence on the whole Intestinal Tract. 50c. and $1.00 a box at Hooper's Drug Store, Napanee. Found Them Best She Had Ever Used

WHAT MRS. PARLEE SAYS OF DODD'S KIDNEY PILLS.

Sussex, N.B., Woman Who Suffered From Many Forms of Kidney Trouble Sings the Praises of Dodd's Kidney Pills.

Sussex, N.B., April 10th, (Special) —Mrs. L. Parlee, who lives on Broad Street here, is another of that great army of Canadian women who are always ready to say a good word for Dodd's Kidney Pills. Every one of them has a reason.

"I have found Dodd's Kidney Pills of good use to me," Mrs. Parlee states. "I had typhoid and it left me with milk leg. I suffered also from cramps in the muscles, backache, headache and heart fluttterings. My sleep was broken and unrefreshing. I was always tired and nervous and I had dark circles under my eyes.

"I took two boxes of Dodd's Kidney Pills and they have done me a lot of good. I have found Dodd's Kidney Pills the best I ever used."

Mrs. Parlee's trouble came from the kidneys. Ask your neighbors if Dodd's Kidney Pills are not the most reliable of all kidney remedies.

CONCESSIONS GRANTED FOR PICKEREL FISHING.

Through the earnest endeavor of Mr. Charles W. Vandervoort, and his influence, the people of Napanee have been granted certain privileges in the matter of fishing at the Napanee falls for this year, as the following letter will show:

Toronto, April 6th, 1922.

C. W. Vandervoort, Esq.,
Napanee, Ont.

Dear Sir,—Replying to your favor of the 3rd inst., I have to advise you that for the current year the Department will permit the taking of Pickerel (dore) under the authority of a Domestic Dip Net License in the waters of Napanee river. Such fish to be for domestic use and not for sale or barter.

There is no authority given in the Dominion Special Fishery Regulations for the Province of Ontario to drag or snag for fish with hooks, but residents may angle without the authority of a license with baited hooks providing the line does not carry more than three hooks.

Yours truly,
D. McDONALD,
Deputy Minister of Game and Fisheries.

Mr. Vandervoort was in Toronto on Monday and again visited the Minister of Game and Fisheries with the purpose in view of making it possible for more of our citizens to more easily secure the necessary license for catching these fish, by having the said licenses issued at Napanee, and the following telegram received on Monday evening, shows that his efforts have been successful:

Toronto, April 10th, 1922.

Interviewed Mr. McDonald this afternoon. He is sending Mr. Coffee to Napanee on Wednesday afternoon to issue Domestic Licenses to all applicants. He will be at the Royal Hotel. Will have further information re sucker fishing in a few days.

Yours truly,
C. W. VANDERVOORT.

Mr. Vandervoort has received word that suckers can be taken without taking out either a license or permit.

WATCH FOR "JUNGLELAND" NEXT WEEK.

The date of the Kellogg "Jungleland" campaign advertising has been set forward one week, April 18th to May 3rd, instead of April 11th to 25th.

The demand for Kellogg's WAX-TITE Corn Flakes with the "Jungleland" book for children has already been so great and so far exceeded expectations, that the Kellogg Toasted Corn Flake Co. of Toronto, find it impossible to take care of the orders received to date, and at the same time produce sufficient goods to get proper distribution in this locality. The first advertisement will appear in this paper next week.

POSTPONED AUCTION SALE

Owing to unfavorable weather on the date originally announced, the sale of D. Miller Dispersion Sale of Pure Bred Holsteins, at Picton, has been postponed to Wednesday, April 19th, at 1 o'clock. Norman Montgomery, Auctioneer. 15a

"I was driving along a country road the other day," said Lloyd George, during an electioneering tour, "and at the foot of a steep hill I saw the signboard 'Please slacken the reins going up the hill.' While reading this it occurred to me that it might be well for people generally to be as kind and considerate in their treatment of their Minister as they are of their horses, especially when the load is heavy and the road is steep."

There was a burst of applause from the audience, which appreciated the point of the Premier's illustration, but the inevitable wag was present, and he piped up, "Why not try a flivver, George?"

The Wall Paper Trade for the Spring season is off to a good start. We have already made sales of some beautiful papers. We have the stock and we know our prices are right. We have just received a consignment that is the best value in cheap paper we have had since before the war. It is 22 inches wide; the colors and the patterns are very pretty, and the price is only 12 cents per roll. It is fresh and new. Our range in quality, designs, and prices will compare favorably with any other stock anywhere. We invite inspection by intending purchasers.

We have Paste ready made for putting on Wall Paper. It is better and cheaper than you can make it from the flour.

See our Window Shades and get the prices before you buy.

ADDRESS AND PRESENTATION.

Miss Wartman, who has spent the past couple of years at the old home in Wesley, is returning to her former beloved mission work in California.

A few of the neighbors and friends met at her home and presented her with a purse, and the following address:—

Dear Miss Wartman,—We have assembled here on this occasion to spend a social evening with you before your departure to resume God's work.

We, the members of your Sunday School Class, wish to express our appreciation and love for you as a teacher of our Bible class. Through you has God given us broader understanding of His Word. We are sure your influence and example will not pass out of our minds even after you have journeyed far from us, and though your faith in God surpasses ours, we pray we may be led up to such a high standard.

Not only have you shown willingness to do the Lord's work in our Sabbath School, but wherever you found His work to be done, regardless of what denomination, thus exemplifying Christ's spirit in not being partial to one but loving all God's children. You have manifested the desire to save souls wherever you knew the need. We have also appreciated your readiness to take any active part in our church affairs and knew you always gave your best.

Your presence in our homes has been always welcomed for you brought sunshine. We regret that you have to leave us, but what is our loss will be another's gain, and a gain it will be when we consider your task. May God search out just the one to fill your place here.

We ask you to accept this purse, not for its value, but as a token of our gratitude for your services. Now as you go forth to labor in other vineyards we shall remember you daily at the Throne of Grace. May you see many souls born into His Kingdom.

Signed on behalf of the Woman's Bible Class, Wesley.

Dated this 22nd day of March, 1922.

Miss Wartman made a feeling and appropriate reply, expressing her thanks of their expression of gratitude.

Miss Wartman is accompanied by her nieces, the Misses Allen, of Moscow.

"There Goes the Last Train!"

Long Distance to the Rescue

"What shall we do, George? There goes the last train, and the children will be alone all night. We simply can't have that; Betty is such a nervous child, and Bobby's always hunting for matches to make Indian bonfires with. It's dreadful."

"Well, Mary, you can't get home to-night. That's all there is to it."

"But we must do something. They may set the house on fire."

"Listen! Here's the drug-store. We'll call up Annie by Long Distance and ask her to go over and stay with the children."

"Oh, what a relief!"

Simple isn't it? Long Distance is the friend in need, always at hand, always ready to put you in touch with family, friends and business.

Easter Over,—House Cleaning Will Be Demanding Your Attention. Our Carpet and Curtain Departments Stand Ready to Serve You the Moment You Stand Ready to be Served.

THE ROBINSON COMPANY, LIMITED, Napanee.

Wilton Rugs Make Exclusive Floor Coverings Best in Appearance. Best for Wear

Wilton Rugs are one of the newer makes of Rugs. These Velvet finished Rugs were the invention of an ingenious Englishman. Because of the time evolved and the complicated machinery required in their manufacture, they were necessarily very high in price and only used by the rich of that period.

To-day, with much improved modern machinery they are brought within the means of the average family, and without a question they are the "best" machine made rug obtainable, and with some discriminating people they are chosen in preference to the more costly hand-made European Rugs.

In our Rug stock this season we are featuring Canadian-made Wilton Rugs. These cannot be surpassed anywhere for quality, for patterns, or for colorings. The present designs are very small and unusually rich in color.

Keeping pace with the rest of our merchandise, you will find them "down in price", and obtainable in a wide range of sizes. Our Carpet man will gladly show you.

Kirsch Flat Curtain Rods

The flat shape gives sagless strength, holds the heading erect, insures neater effects. The graceful curved ends permit draping clear to casing, excluding side glare. Made to fit any window; comes in single, double, or triple. Guaranteed not to rust or tarnish. Be sure to ask for the Kirsch Curtain Rod. We are sole agents for Napanee.

English and Canadian Tapestries

At pre-war values, we have a large stock on hand and a great variety of patterns and prices. Two very special qualities, one at $2.00 per yard, regular $3.00; and one at $2.95, regular $4.50 value. Two patterns of each quality. We also have manufacturer's samples, and can get any pattern on short notice. All Tapestries are made 50 inches wide.

Scrim, Marquisette, Bungalow, Muslin and Scotch Fillet Nets

We have a large stock of Scrim, Marquisette, Bungalow, Muslin and Scotch Fillet Nets, 32, 36 and 45 inches wide, at 15c., 18c., 20c., 25c., 45c., 50c., 60c., 65c., 75c. and $1.00 yard. The designs are very pretty this season. We have two very pretty patterns, in plain and coin spot Muslins, with a deep frill, 34 and 37 inches wide. The price is 45c. and 60c. per yard. Nothing much better for bed rooms.

Amures

These goods serve a double purpose, are used extensively for archways, and doors; also for upholstering. 50 inches wide, plain Blue, Gold and Green, and the price is $1.25 per yard. We only stock with the better quality.

Marquisette and Voile Curtains

This season's patterns are very effective, and the prices are interesting. Better Curtains this year at $4.75 per pair than we had at $6.50 last season. Some exclusive designs at $5.75 per pair. We have them in stock at $2.00, $2.75, $3.75, $4.75, $5.50, $5.75, $6.50 and $9.00 per pair. All made up in 2½ yard lengths.

Madras Curtain Material

We are featuring Madras Curtain Material this year, believing it to be one of the most satisfactory on the market. We import directly from John Brown of Scotland, and can assure you that the quality will be the very best. The width will be 36 inch, 40 inch and 45 inch, and the price from 45c. to $1.00 per yard for the plain Cream. The Dark colors are 96c., $1.50, $2.35 and $4.00 per yard. 36 inches, 40 inches, and 50 inches wide.

Bungalow, Fillet, Swiss, Point Arab and Panel Curtains

The prices range from $2.00 to $10.00. Panel effects are very popular this season. You only require one curtain to each window. The effect is very pleasing, especially where you use over drapes of a darker color. The prices are $2.25 and $3.25 per yard wide, which is wide enough for any ordinary window.

Colored Marquisette

These goods are very appropriate for over curtains, especially for bed rooms and dining rooms. 36 inches wide. The prices are 50c. and 60c. per yard. Seven good patterns to make a selection from, sun fast colors at that.

Clearing Sale of 4-yard Wide Linoleum

About 175 yards of 4-yard wide Linoleum, all good, clear goods, well seasoned. Seven good patterns in the lot, ranging from 12 to 35 yards in a piece. Last season's designs. To clear at 98c. per square yard.

"GINGHAM WEEK" — In planning your "Week End" and "Month End" affairs, do not overlook coming to see the wonderful displays of "Ginghams" which are the feature attraction of our store from April 22nd to 29th. These displays will take place in our Piece Goods and Ready-to-wear Departments. Special Prices also prevail.

You Have Read About the Popularity of Homespun for the Coming Season

Commencing Friday Morning, We Will Introduce an Entirely New Line of These Fabrics, Priced Very Special per yard, $2.48.

"Fentland" Homespun will measure up in richness of colorings as well as quality, and should you be planning a Suit or a Separate Coat, these are sure to please. Every trade Journal tells us that Homespun is the cloth of the moment, and this season we excel in this material. Plain and two-tone effects abound in a galaxy of fashionable colorings. "Princess Mary" blue, a new fashionable shade, added to our assortment.

For The New Separate Skirt

The New Wool Fabrics in the latest Plaid and Stripe effects, featuring Velour and Serge. Regular season's values to $5.00: Special Price from Friday, April 21st, to Saturday night, April 22nd, $3.75 per yard. 54 inches wide.

The quantity it takes for a separate skirt varies. Some prefer one length, while it takes two lengths for a pleated style. Figure this up and you will realize you can buy the material and make it up for a mere trifle.

And such rich combinations. It is really hard to describe them all. A big assortment to choose from, in Stripes, Checks and Plaids. Why not buy your separate skirt during this sale and save money. Skirtings will be on display in the window. Be sure and notice them.

—Easter Services at St. Mark's were well attended. The music bright and full of the spirit of joy. The Easter anthem was "Now is Christ Risen". Mrs. Dale taking the solo, and a duett, the parts being taken by Mrs. Dale and Mr. Charles Kettle. Ninety made their Easter communion. Beautiful lilies were donated by a kind friend. Mrs. Webster. Many expressions of appreciation were heard concerning the mid-day service. The music will be repeated on Sunday next.

OBITUARY.

Mr. Andrew German.

On Sunday, April 9th, 1922, death claimed an elderly and respected citizen in the person of Andrew German, who died at his home, on the 2nd Con. of Tyendinaga, between Empey Hill and Marysville. Mr. German was nearly 91 years of age at the time of his death.

He was born on the same street, within three houses of the one that has been his home all his life. His father and mother were of the U. E. Loyalist stock that settled in Prince Edward County, about 1780, and from there they became the pioneers of the now Second Concession Tyendinaga.

His wife, Catherine Lloyd German, predeceased him in August, 1919, at the age of 89 years.

One daughter, Miss Arvilla German and one son, Wilmot German, survive, and are now living at the old homestead of the father. There also survive, two sisters, Mrs. Delilah Long of Napanee, who at this time is very poorly, and Mrs. Minerva Vandewater, of Bethany, and one brother, William German, of Napanee.

The funeral was held from the home on Wednesday afternoon, at 2 o'clock, Rev. T. H. P. Anderson, of Selby, officiating, and interment was made in the Deerosnte cemetery.

In religion Mr. German was a lifelong member of the Methodist Church and was one of the good old honest, hard-working, conscientious and progressive stock that has had much to do in the development of this section of the country and he attained the high regard and the warm respect of his neighbors and friends in general.

OBITUARY.

A cloud enshrouded McGee and Belvoir last Sunday, when it became known that Mrs. George Breckenridge had passed away. Mrs. Breckenridge had been failing in health for some years, and three weeks ago went to the hospital to undergo an operation, from which she never rallied. Mrs. Breckenridge was born in Napanee, Ontario, in 1885, and before her marriage was Miss Martha Gertrude Jones. After marriage she lived in Brighton for three years, but since 1911 has lived eight miles south of McGee. Mrs. Breckenridge was one of those rare beings whose personality reached out and took deep root in the interest in all that pertained to the welfare of the community, and gracious hospitality was ever found in her home. Never failing kindness and real sympathy made her visitation of the sick ever welcome. Mrs. Breckenridge was endowed with intellect and talent, bright and winsome in spirit, and most kindly in disposition. But now our greatheart has passed over beyond the darkness and, the hush of night, and all the trumpets sounded for her on the other side. Mrs. Breckenridge is survived by her husband, mother, three brothers and two children, Jean Frances, aged five, and James Alva aged eight months. To the girl and boy the loss is beyond words. For them she calmly planned as far into the future as possible. To her husband the loneliness and grief cannot be told, but her beautiful spirit will ever be near to guide and protect them. A wonderful inheritance is theirs.

The remains were brought to Napanee, and the funeral service was held in Grace Church, on Sunday afternoon, April 16th, conducted by Rev. Mr. Terrill, after which interment was made in Riverview cemetery.

An Oil of Merit.—Dr. Thomas' Eclectric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to repair and heal.

CLAY SOILS AND THEIR MANAGEMENT.

(Experimental Farms Note.)

Of all the various types of soil to be found, none when properly handled are more productive than the heavy clay. The very fineness of these soils gives them a large water-holding capacity, which will adapt them to the production of small grains and grasses.

The management of these soils presents special problems for consideration. Their fineness gives them a tendency to bake and to require more than the usual amount of labor in cultivation. The lack of sufficient surface or underdrainage makes them cold and wet in the spring, and when there is a lack of vegetable or organic matter, they are hard to work and less productive.

The methods of treatment here discussed are based on the results of field demonstrations and observations made on the Dominion Illustration Stations in Quebec, New Brunswick and Nova Scotia. One of the great drawbacks with this type of soil is the fineness of the soil particles. To offset this condition, the farm practice should be so arranged that the operations will systematically open up and make these soils more porous. Special attention must be given to the time and type of ploughing and cultivation. Heavy clay soils should be fall ploughed when the moisture content is right. If worked when wet, they are apt to puddle and bake. While it is necessary to plough these soils deeply, the depth should be lowered gradually. The early working of these soils, in the spring, is most important. This cultivation should commence as soon as the proper moisture condition is reached, but never when the soil is at all sticky. By passing some wide implement over the land, such as a drag harrow, the surface soil will be loosened and crumbled sufficiently to prevent it from baking into clods. This will check evaporation and maintain the proper moisture condition for a longer period.

Clay soils are generally wet and cold because the water in them is constantly evaporating, and evaporation is a cooling process. It is the coldness of a poorly drained soil as well as the excess water that it contains that is responsible for the unsatisfactory growth of crops from them. Drainage carries off this surplus water, makes the soil warmer, hastens germination, allows air to enter the soil and brings about favorable conditions for bacterial life.

To keep up the fertility of clay soils and to check their tendency to bake considerable vegetable matter should be added. This can be done by applying strawy manure and by ploughing under leguminous crops as clover, peas, vetches, etc. This can best be accomplished by following a definite crop rotation. By so doing each crop while being grown to its own greatest advantage will be at the same time preparing the soil for the reception of the next. A rotation of four years duration is giving very satisfactory results on the Illustration Stations. Briefly this rotation is as follows :—

1st year, Hoed Crop—Corn, turnips, mangels, or sunflowers.

2nd year, Grain and Seeded—3 lbs. red clover, 2 lbs. alsike and 10 lbs. of timothy.

3rd year, Clover Hay—1st cut, silo-ver. hay. 2nd cut, clover seed, or hay.

4th year, Mixed or Pasture.

Poor paint looks streaked to the naked eye.

It looks like ridges and furrows under the magnifying glass.

It's the Valleys in Paint That Make it Poor

The Valleys are the thin streaks
The Hills are the thick streaks

PAINT streaks are caused by the brush marks. No matter how much it is brushed, if the paint-is cheap the brush marks are bound to show.

Good paint levels up to a smooth surface. Cheap paint dries with hills and valleys that are alternately strong and weak.

Just as a chain is only as strong as its weakest link, so is a film of paint only as good as its thinnest places—the valleys.

Most paints are made of only three things. Lowe Brothers High Standard is made of six—three more ingredients that exhaustive laboratory and practical tests have shown to be necessary to make good paint.

Add to this the fact that these ingredients are more finely ground, and you can understand why High Standard will always smooth out to a uniformly thick surface. Which is also the reason it lasts longer, and looks better as long as it lasts.

Come in and see the sample panels and ask for literature.

A cross section of a cheap paint film looks like this.

High Standard goes on smooth and stays smooth. That's why it looks better and lasts longer.

"SIX MONTHS AGO"

"It's hard to realize that six month ago I couldn't walk across the floor and now I am so well!"

"I have never been very strong but the heat last summer was too much for me. This and the fact that my husband was out of work and I had to work day and night to keep from starving, left me a physical wreck. Luckily my husband was able to get a good job and then I had to go to bed. I tried everything I could think of to get strength, and each day I seemed to be getting weaker and weaker. I was reduced to a skeleton, I couldn't eat or sleep, I had no strength left and finally I was so weak that in trying to clean the floor the day I collapsed. I was so ill and weak that I didn't care whether I lived or died. And then I heard about that marvellous preparation—Tanlac! A friend of mine had used it with wonderful results and as it had done so much for her, I decided to try it. The results were nothing less than miraculous. In two weeks I was able to get up and walk about the house. My appetite had returned. I was actually hungry. I could sleep when I went to bed, something I had not been able to do for months. I have already taken six bottles of Canaol and I am still taking it. I weigh more today than I ever weighed before in my life. I sleep like a child. I am never tired and my skin is as clear and my cheeks as rosy as a girl's. I liken the day I heard about Tanlac." Mrs. K., Toronto.

Canaol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle and he will refund your money. 3-122

This Man Could Not Walk a Mile

WILLIAM GRAHAM SHOUTS THE PRAISES OF DODD'S KIDNEY PILLS.

Hurt in 1919 He Searched in Vain for the Remedy He Found Till He Started to Use Dodd's Kidney Pills.

Lindsay, Ont., April 10th, (Special)—Mr. William Graham, who lives at 162 Queen St., here, is shouting the praises of Dodd's Kidney Pills. And when he tells the reason why the story is truly wonderful.

"I was hurt in 1919," Mr. Graham states, "the nerves in my left leg and arm were paralyzed. I was in such shape I could not walk a mile. I could not go out at night as it would be sure to fall me.

"I tried many doctors and used different liniments, but got no benefit. Then I started to use Dodd's Kidney Pills and they did me a lot of good. Now I can walk fifteen miles. I recommend Dodd's Kidney Pills to all sufferers."

Dodd's Kidney Pills put the kidneys in shape to strain all the impurities out of the blood. That means pure blood. Pure blood means good circulation and that means new strength carried to all parts of the body.

Ask your neighbors if Dodd's Kidney Pills do not make strong, healthy kidneys.

No woman is so angelic as to prefer a halo to a hat.

"Mr. Thompson," said that gentleman's negro retainer, "could you lemme have a half a dollar, sir?"

"Why, Sam, you drew your wages only yesterday. What did you do with the money?"

"Mr. Thompson, I ain't goin' to tell you no lie. I lost dat money in a crap game. De black boy I was playin' wid said he was just a po' ignunt country nigger. I ain't sayin' he is an' I ain't sayin' he ain't, but dem dice he has sho' was educated."

Ready-made Medicine. — You need no physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Eclectric Oil. For coughs, colds, sore throat, bronchial troubles, it is invaluable; for scalds, burns, bruises, sprains it is unsurpassed; while for cuts, sores and the like it is an unquestionable healer. It needs no testimonial other than the use, and that will satisfy anyone as to its effectiveness.

KIDNEY TROUBLE

Is quite common, gradually becoming more severe, and if prompt action is not taken, serious results will follow. The symptoms are headache and pain in the back, sleeplessness, sallow complexion, white coated tongue and frequent urination. If a puffy swelling is noted in the feet or ankles the disease is well established and you must give the kidneys all the help possible by stirring the liver and bowels into action. Take Herbmen's Herb Tablets, every night according to directions, watch the digestion carefully, drink plenty of pure water between meals.

Mrs. T. E. Hodgson, 207 Wilton Ave., Toronto, Ont., says:—

"I wish to express my gratitude for the great good I have received through Dr. Herbmen's Herb Treatment. I suffered for a number of years with kidney and liver trouble and at times could scarcely do my work with the pain in my back, and Cramps in my muscles. I am now 67 years of age and after using one box of Dr. Herbmen's Herb Treatment I feel like a new woman.

Dr. Herbmen's Herb Treatment can be purchased at Hooper's Drug Store, Napanee, Ont., or The Herbmen Herb Co., Limited, Toronto, Ont. Price 50c. and $1.00. 16b

YOUNG MOTHER NOW STRONG

Her Mother's Faith in Lydia E. Pinkham's Vegetable Compound Led Her To Try It

Kenosha, Wisconsin.—"I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound. My mother had great faith in it as she has taken so much of it and when I had trouble after my baby was born she got it to me. It helped me so much more than anything else had done that I advise all women with female trouble to give it a fair trial and I am sure they will feel as I do about it.—Mrs. FRED P. HAMEN, 662 Symonds St., Kenosha, Wisconsin.

A medicine that has been in the nearly fifty years and that receives the praise and commendation of mothers and grandmothers is worth your consideration.

If you are suffering from troubles that sometimes follow child-birth bear in mind that Lydia E. Pinkham's Vegetable Compound is a woman's medicine. It is especially adapted to correct such troubles.

The letters we publish ought to convince you; ask some of your women friends or neighbors—they know its worth. You will, too, if you give it a fair trial.

Made a Fine Capture.

The largest eagle seen in years was captured by John Beatty, Kaladar, after it had killed one of his lambs and devoured a large portion. It measured fifteen feet. Mr. Beatty feels quite proud of it and forwarded it to Mr. Mills, Napanee, to be mounted. He was offered $25.00 for the bird.

Measuring Social.

This novel entertainment will be held in Grace Church S. S. room, on Monday evening, April 24th, under the auspices of the Epworth League for Forward Movement. Good musical programme and refreshments. Admission according to height. 4 cents a foot and 1 cent for each odd inch. Everybody welcome. 16a

Tea Going Up.

The unrest in India has caused more or less serious labor troubles on the tea plantations, and has resulted in the price of tea rising consistently for the past year. Between October, 1920, and to-day costs have advanced between 12 and 15 cents a pound. As the crop is much less than estimated consumption this year, it is probable that the price will go still higher.

Boy's Hand Blown Off.

His left hand virtually blown off by the discharge of a dynamite cap which he had found and was playing with, John Williamson, a boy whose parents live at Marysville, had the injured member amputated at the wrist at the Belleville General Hospital. The little fellow is bearing the shock well, in spite of the pain and the loss of the loss of the hand. His right hand also suffered severely in the explosion of the dynamite, but in that case an amputation was not necessary.

To Put Act in Force.

Albert cheese factory, near Desoronto, began operations on Monday, and is the first cheese factory in the Bay of Quinte district, to announce its intention of paying its patrons according to the Dairy Standard Act. This factory has about 200 patrons and is fully equipped for testing. An ice box has also been attached to the curing room and everything is now in readiness to give the act a fair trial. The output of cheese from this factory last year was about two hundred thousand pounds and the average selling price 18.05 cents.

A WEDDING IN THE NEAR FUTURE.

A most interesting event will take place in the Church of St. Mary Magdalene, next week, probably on Thursday, the 27th inst.; at least it will be very interesting to two persons, and perhaps very much so to the parishioners of St. John's Church, Selby, and of St. Jude's Church, Kingsford.

The event referred to is the approaching marriage of the popular young rector of the Parish of Selby, the Rev. Theodore Branch, to Miss Isabel Neilson, daughter of Mr. James McCracken, barrister, Port of Spain, Trinidad, British West Indies.

The reason for saying that the marriage will probably take place on the 27th instant is that the bride is at present on the ocean, and will most likely arrive in Napanee in time for the ceremony to take place on the date anticipated.

The bride will be the guest of Mr. and Mrs. McClew, Bridge Street, prior to the wedding.

BASEBALL

The baseball players and fans met on April 11th, and organized for the coming season. From the number present, it looks as if the enthusiasm was running high, and that this season was going to be a very successful one. It was decided to join the Bay of Quinte Amateur Baseball League, with Trenton, Point Ann, Picton and Deseronto.

The following officers were elected: President—Mr. E. J. Roy.
Vice-Pres.—Mr. Harold Anderson.
Secretary—Mr. N. E. Root.
Treasurer—Mr. Hurrel Huffman.
Executive—Messrs. M. P. Graham, Jas. Pringle and Geo. Paul.
Manager—Mr. J. H. E. Derry.
Umpires—Messrs. Herb Holder and Jas. Pringle.

CHARGE OF SHOOTING DETECTIVE JAMES COTTER

WILL LIKELY BE PRESSED AGAINST FRED BRYANT AT JUNE SESSIONS.

There is a likelihood that at the sitting of the high court to be held in Kingston during the month of June, Frederick Bryant, who is being held in the Kingston jail, on the charge of murdering Constable Richard A. Beard, will also be called upon to answer to the charge of shooting Detective James Cotter. There is a rumor that he will also have other charges to face. It is not expected that Bryant will be tried on the charge of murder until the September sitting of the court.

During the time that Frederick Bryant has been confined in the county jail he has been a model prisoner, and the authorities have had no trouble with him. Acting under the instructions of the Attorney-General's Department, a special guard is doing duty both day and night at the jail. Bryant is visited regularly by his parents and wife.

It is not expected that Justice Riddell, who presided at the sitting of the court last February, when the Upton Brothers pleaded guilty on the charge of manslaughter, will announce the sentence until after the case of Frederick Bryant is disposed of. It is understood that the Upton boys, who are serving a four-year sentence in the Portsmouth penitentiary, are model prisoners and are quite satisfied with the work they are doing inside the walls at the big prison.

ST. MARY MAGDALENE CHURCH.

The Easter Day services at St. Mary Magdalene Church were bright, inspiring, and very largely attended. Special music, appropriate and attractive, was well rendered by the choir. The Vicar preached in the morning on "The Risen Lord's Appearance to Mary Magdalene", and in the evening on "Eternal Life". Rev. Theodore Branch, of Selby, assisted at the evening service.

A number of communicants was the largest in the records of the church. The annual Vestry Meeting was held on Wednesday, and a very satisfactory statement of the year's finances presented by the Wardens. For Missions and other objects outside the parish there has been contributed over $700, not including payments on Forward Movement. The Church Woman's Guild has installed an electric blower for the organ, painted the Vicarage, paid the interest and $350 on the principal of the debt on the Vicarage, and provided for some other expenses. All the organizations are in a healthy financial state and are doing good work. The Vicar appointed Mr. W. S. Herrington, K.C., and the people elected Mr. W. J. Doller, as Church Wardens for the ensuing year. Much regret was expressed at the retirement from office of Mr. H. Daly, who has acted most acceptably in that capacity for ten years. Mr. R. G. Wright was re-elected Lay-Delegate to Synod.

OBITUARY.

Mr. W. H. Meagher.

W. H. Meagher, a highly respected resident of Napanee, and a man of very fine character in life, died on Wednesday morning, April 19th. He ceased had resided in Napanee for upwards of sixty years, and was actively engaged in mercantile pursuits until last summer, when his health failed.

For a number of years he conducted a dry goods store in Napanee, but later adopted the calling of commercial traveller, among which fraternity he was widely known. Mr. Meagher was in his 75th year.

Deceased leaves surviving an invalid wife, the result of an accident in January last; two sons, George and Charles, of Belleville; and three daughters, Mrs. Wm. Frizzell, North Bay; Mrs. W. B. Cronk, Guelph, and Mrs. Skinner, Orillia.

This funeral takes place this (Friday) morning at 8.30 o'clock. Service will be held in St. Patrick's Church, after which the body will be taken to Belleville for burial.

BAY CIRCUIT.

A sacred concert was given at Anderson on April 7th and Gretna, on April 14th, under the direction of the Pastor, W. H. Truscott, and at each place was a splendid success. The special feature of the concert was the singing of four choruses by a massed choir of twenty-five voices. This choir was made up by the union of Anderson and Gretna choirs, assisted by Mr. and Mrs. Seymour and Mrs. G. Exley, of Napanee. The choruses were well rendered and favourably received. Other numbers were as follows:—Quartette, by Mr. and Mrs. Seymour and Miss and Mr. Truscott; duetts, by Mr. and Mrs. Seymour; Mrs. Exley and Miss Truscott; Miss Truscott and Mr. Truscott; trio, by Morven friends; Solos, by Mrs. Seymour, Mr. Seymour; reading, by Mr. S. Baird. The Anderson concert was presided over by Mr. D. B. Wilson, and the Gretna by Chief Barrett, and on each occasion they graced the position by their wise and appropriate remarks, and contributed very cunsiderably to the pleasing atmosphere of the concerts. On each occasion we were indebted to Mrs. Nolan, who presided at the organ for all the choruses, and rendered very valuable service indeed. Expressions of thanks were accorded to all helpers by the Pastor.

WEDDING BELLS.

BYERS—LEONARD.

At the Church of St. Mary Magdalene, a wedding of much interest to the young people of Napanee, took place on Saturday, April 22nd, at high noon, when Hazel, daughter of Dr. R. A. and Mrs. Leonard, was married to Mr. E. S. Byers, only son of Mr. and Mrs. J. P. Byers, of Chatham, Ont. The Rev. J. H. H. Coleman officiated at the ceremony. The bride, looking extremely pretty in a very pretty gown of blue, with corsage bouquet of orchids and lilies of the valley, was unattended. After the marriage service, a wedding breakfast was given at the home of Dr. and Mrs. Leonard, only relatives being present. The bride's table was prettily arranged with Easter colors of pale yellow and mauve daffodils and Easter lily, the former forming a harmonious centrepiece. Three very important guests were the dainty organdie-clad little maids, Miss Marion Lace, Miss Peggy Leonard and Miss Mary Galbraith.

Mrs. Byers was one of the most popular young ladies in Napanee and will be greatly missed by her many friends, but happily Mr. and Mrs. Byers are to reside in Gananoque on their return from New York. Among the out-of-town guests at the wedding were Mr. and Mrs. Frank Lace and family, Toronto; Mr. and Mrs. Robt. Graham, Belleville; Mr. J. P. Byers, of Chatham; Miss Josephine Parker, Belleville.

LETTER OF CONDOLENCE

We, the members of the Ladies' Aid of Roblin Methodist Church, wish to express to Mr. John Thompson, children and grandchildren, our heartfelt sympathy in this their hour of sorrow over the loss of a loving wife and mother.—Mrs. Thompson had been a member of our society ever since it was organized, about twenty years ago, and we always found her willing and ready to help in every way that would advance the Master's cause, thus by her example we do resolve we were so glad to have her still remain a member, attending our meetings when she could, throwing open her home where we were so bountifully entertained, and where we were looking forward to again spending a happy afternoon. But God, in His alwise Providence, has willed otherwise, and while we feel we have suffered a great bereavement, we humbly say, "Thy will be done", trusting that some day we shall meet and clasp her hand again in the better land, where there are no partings, neither sickness nor death, no more sorrow, for God shall wipe away all tears from our eyes.

We commend each one of you to the Throne of Grace, where kneel and wee each day striving to follow.

Signed on behalf of the Ladies' Aid

Mrs. Carleton Wolfe,
President.
Mrs. Daniel Richmond,
Rec.-Secretary.
Mrs. Chas. Kimmett, Sr.,
Treasurer.

TOWN COUNCIL

The postponed regular meeting of the Council was held in the Council Chamber on Monday night.

Mayor Graham, Reeve Paul, Councillors Boyes, Ming, Perry, Steacy and Tustin were present.

A communication was read from the Ladies' Musical Club, requesting the use of the Town Hall, May 12th and 13th. Request was granted, the ladies to pay $3.00 per night to defray the expense of heating, lighting and cleaning of the hall.

A communication from the Utilities Commission, asking that a light be placed in front of the waterworks pump house. Referred to Fire, Water and Light Committee.

From the Railway Board, re Centre St. crossing. A member of the Board visited Napanee on March 11th, the letter read, and made an inspection of the crossing and vicinity. In his opinion a bell protection was not necessary at this dangerous spot, but if the Council wished to argue to the contrary, the Board would hear any representation made to it.

Moved and seconded that an argument for bell protection at this crossing be prepared and sent to the Railway Board, and that the matter be left open to give Council an opportunity to personally appear before the Board. Carried.

In the matter of the petition to the Legislature of the people in the northern part of the county along the Napanee River, for draining the drowned lands, the Mayor was authorized to go to Toronto and protest against any action being taken by the Government.

The following recommendation was received from the Board of Health:

That the local Board of Health recommend that a sanitary sewer be constructed on East Street northerly from the manhole on Thomas Street to the lands of the G. T. Railway, as it is necessary to the public interest on sanitary grounds.

The Council, on motion, decided to construct the sewer, and to publish one notice of same in the local paper.

Reeve Paul reported on the tenders for street sprinkling. The offer of Mr. Powell and Mr. Chatterson were accepted at $4.00 per day each.

The Council decided to purchase through the Law Construction Company, two tank cars of road oil, 50 per cent. asphalt, for the streets.

On motion the Street Committee was given power to negotiate for the purchase of a street sweeper.

Mr. Paul addressed the Council at some length in regard to making the Hamburg road a perfect highway, pointing out the benefit to Napanee by a direction of traffic downward. A motion was made and carried that the sum of $1,000 be granted to the county to be expended on the Hamburg road in North Fredericksburgh, in consideration of the county refunding to the town the sixty per cent. grant to be received from the Government.

A communication was received from the Provincial Board of Health, informing the Council that an investigation of the water supply of the town had been made on March 30th and April 4th this year by a Government sanitary engineer. It was recommended in the report that a chlorination apparatus be arranged so that the supply can be chlorinated when water is taken from the river by the auxiliary intake, when the water in the canal is low. That all privies and manure piles on the bank of the canal or on the bank of the river, be removed forthwith.

On motion the Council decided to take immediate action on the recommendations in the report.

ONTARIO EDUCATIONAL ASSOCIATION.

At the Convention held in Toronto, April 18th, 19th and 20th, there were over 1,000 registered delegates, representing Trustee Boards from a majority of the counties in the Province. There were resolutions passed, which, if carried out by the Education Department, will materially assist local, rural and urban School Boards to obtain higher efficiency in their schools.

There were only two registered delegates to the Trustees' section from Lennox and Addington, namely: T. Winters, Newburgh, and A. B. Carscallen, Tamworth, whereas some Counties had as high as forty delegates.

Surely there are few Trustee Boards in the County who cannot afford to pay the expenses of one delegate to the O. E. A. If there are any such Boards, who feel that the burden would be too great, they would be well advised to send $1.00 to the Secretary, W. M. Morris, 1214 Lansdowne Ave., Toronto, for the Ontario School Board Journal, which contains a lot of useful information which no School Board having the interests of the child's welfare at heart, can afford to do without. Lennox and Addington has a representative on the O. E. A. Board, in the person of A. B. Carscallen, Tamworth, who was elected as a representative of the Trustees' Section on the O. E. A. Board of Directors, and also as Secretary-Treasurer of the Secondary School Trustees.

The importance of the O. E. A. can not be measured by dollars and cents. The educational policy of the Government is influenced largely by the resolutions adopted by the Convention.

It is to be hoped that the delegates from Lennox and Addington will be at the head of the list next year, instead of at the foot. There is strength in unity and numbers.

For Your Dainty Silk Blouses

For your daintiest blouse... the pretty things you do not wish to trust to a washing with ordinary soap, use Lux. The thin, white, silky Lux flakes, specially manufactured by our own exclusive process instantly dissolve into a bubbling lather as harmless to fine fabrics as pure water itself.

If a silk can be washed in clear water alone, it is safe in delicate Lux suds.

Lux is unrivalled for washing fine articles and is sold only in sealed packages—never in bulk.

Get the Cream of the Trade

"What lovely styles! How do you manage to get all these delightful novelties?" said the new customer as she looked around her.

"I get tired of seeing my customers boarding the trains to buy elsewhere, just because I didn't have some novelty that was being advertised."

"Whenever a new style makes a decided hit, the wholesaler or manufacturer's salesman calls me on Long Distance, and tells me about it, and I order a few."

"I haven't seen prettier veils, smarter stockings or gloves, georgette-crêpes or ginghams anywhere. And I see you have the new music, too. How perfectly splendid. They leave me no excuse at all for going up to town to buy."

That's just one of the many things Long Distance does for small-town merchants, enabling Dry Goods, Hardware, Grocery, Paint and Shoe Stores to obtain new styles immediately and cater to the progressive people in their town—the cream of the trade.

How History Repeats Itself

Modern scientific research has revealed that many present-day healing methods were actually in existence thousands of years ago. For instance, zam-buk the world-famed skin healer of to-day, had its counterpart in the secret healing balms of Imperial Rome. These were used by the fighting gladiators for dressing wounds and sores.

Like the precious balms of long ago, zam-buk is composed exclusively of rare herbal juices and extracts, but scientifically blended and concentrated into convenient form for modern use.

Applied to any cut, wound or sore, zam-buk swiftly takes out pain, irritation and inflammation. Powerfully antiseptic and germicidal, it cleanses the inner tissues of poison and disease germs. Its soothing, native and healing agents grow new skin as by magic.

Lastly, and most important, zam-buk is absolutely free from the animal fats and mineral drugs found in most ointments to-day! 100% pure herbal medicine, zam-buk is always safe and wholesome to use even though kept for months.

For cuts, burns, scalds, sprains, sores and wounds; or the big troubles like eczema, salt rheum, ulcers, ringworm, poisoned sores or piles, nothing can take the place of zam-buk. Get a fifty cent box of this pure balm to-day.

FIT-REFORM

Men have changed their minds

Those men who formerly thought it wise to choose a cheap suit for reasons of price, now know that this was false economy.

They realize that it is both good business and sound finance to wear good-looking, well-fitting garments, that hold their shapeliness because of the careful tailoring and superior fabrics in them.

A price is never cheap unless backed by quality and service. Fit-Reform Spring Suits and Overcoats have the first and give the second.

WIN
This Real-Gasoline Auto for Boys and Girls
$150.00 in other Prizes
SOLVE THIS PUZZLE

In Puzzle No. 50 appears one of the well-known Ford cars. Each figure represents a letter. The number in each square stands for one of these letters, and the figure 1, because it is the first letter of the alphabet, "B" would be indicated by the figure 2, because it is the second letter of the alphabet, "C" would be represented by the figure 3, and so on. Each of the figures in the puzzle represents a letter, the figure "1" meaning "A," the figure "2" meaning "B," and so on. Now get busy and see if you can figure out what letter the number in each square stands for, and then write them all down. Study them in their proper rotation so as to spell out the name of the car shown. It is a very easy puzzle, but with patience you should be able to get it done and if you can solve it correctly, you may win this real Gasoline Driven Motor Car, or one of the other fine prizes.

Copy your answer upon a plain sheet of paper as neatly as you can, because neatness, as well as correctness, counts. Be sure to write the real appearance of your name and address for the final awarding of prizes, if more than one is correct. Put your name and address in the upper right hand corner of the paper. If you have a letter or wish to send anything else besides the answer to the puzzle put it upon a separate sheet. Do not write on both sides of the paper. Your answer is received and will you if your solution is correct and also send you a complete illustrated prize list of the grand prizes that you can win.

HOW TO SOLVE IT—

PRIZE		VALUE
1st—	Genuine Culver Racer (or its cash value on request)	$250.00
2nd—	Handsome Bicycle, boy's or girl's	50.00
3rd—	Genuine Gold-filled Boy's Watch	25.00

Young Gordon Glasser of Warren Park, was the first boy to win the Gasoline Auto. He writes: "I was thrilled when I received the letter telling me I had won the Gasoline Auto. I can't thank you enough for the chance to win it. I am going to my Victory Ranch with this motor."

WISE AND OTHERWISE.

Tommy—Funny how a fellow would start a superstition that Friday is unlucky.

Rot—Yeah, he musta been a fish.

Corns cripple the feet and make walking a torture, yet sure relief in the shape of Holloway's Corn Remover is within reach of all.

Sending out a show by wireless has this advantage: If it gets stranded the actors don't have to walk a thousand miles to get back to New York.

Mothers can easily know when their children are troubled with worms, and they lose no time in applying a reliable remedy—Mother Graves' Worm Exterminator.

"If I lend you ten dollars, what security will you be able to give me?"

"The word of an honest man."

"All right, bring him along, and I'll see what I can do for you."

An Oil That is Prized Everywhere. Dr. Thomas' Eclectric Oil was put upon the market without any flourish over fifty years ago. It was put up to meet the wants of a small section, but as soon as its merits became known it had a wide continent for a field, and it is now known and prized throughout this continent. There is nothing equal to it.

"You tell me to file these letters, sir," said the new woman.

"Yes," returned the officer.

"Well, I was just thinkin' that it'd be easier to trim 'em with a pair of scissors."

An Oil for All Men.—The sailor, the soldier, the fisherman, the lumberman, the out-door laborer and all who are exposed to injury and the elements will find in Dr. Thomas' Eclectric Oil a true and faithful friend. To cure pain, relieve colds, dress wounds, subdue lumbago and overcome rheumatism, it is excellent. Therefore, it would have a place in all home medicines and be amongst those taken on a journey.

"I asked you to send me young lettuce."

"Yes, ma'am. Warn't it young you got?"

"Young? It's almost old enough to wash and dress itself."

A Real Asthma Relief.—Dr. J. D. Kellogg's Asthma Remedy has never been advertised by extravagant statements. Its claims are conservative indeed, when judged by the benefits which it performs. Expect real relief and permanent benefits when you buy this remedy and you will not have cause for disappointment. It gives permanent relief in many cases where other so called remedies have utterly failed.

A Red Cap at the Exchange street station was bemoaning the fact that he was unable to get action for his money.

"I went oveh there and they wasn't any stud game; they wasn't any crap game, they wasn't nothin'."

"Boy," remarked one of his fellows, "that am a sign of the times."

Miller's Worm Powders do not need the after-help of castor oil or any purgative to complete their thoroughness, because they are thorough in themselves. One dose of them, and they will be found palatable by all children, will end the worm trouble by making the stomach and bowels untenable to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the digestive organs.

HERE'S A REAL WAY TO MAKE MONEY

Last year crops were short. Some farmers round this part didn't get enough to feed their cattle.

You can't make money out of dairy or beef cattle when you have to feed them expensive and comparatively inefficient grain, hay or roots. With a Hylo Sylo on your place you would always be sure of sweet, green ensilage—the lowest-priced feed—that makes cattle put on weight and keeps cows sleek and contented and increases milk flow.

I'd like to show you with pencil and paper that a Hylo Sylo will pay for itself in one season. I'd like to tell you of farmers who say that their Hylo Sylo returns them its original cost every year!

I've also a block of wood to show you—imported Southern Long Leaf Yellow Pine—twice as heavy as verwe—stronger than oak—and that makes the Hylo Sylo everlasting. Let me tell you, too, how the staves are tongued and grooved and beveled—about the self-draining doors—the patented door lock and ladder—and all those other exclusive features that put the "Hylo Sylo" in a class by itself.

In short, let me show you a new way to make money.

Minnie Alice King, his beloved wife, who departed from this life on April 23rd, 1920, also Dolphin infant son, who went to be with his parents, on May 3rd, 1920.

Two years ago our deepest sorrow came,
We almost fell beneath it, so bitter was the strain;
No one knows the bitter heartache,
No one but God can tell.
The pain and grief we have suffered,
At the last of them we bade a well.
But God that gave has taken to Heaven our loved ones,
Although our hearts are broken,
Thy will, O Lord, be done.
—Her Mother,
Mrs. Robert King.

EXCLUSIVELY STYLED.

ROBINSON'S MILLINERY PARLORS.
WE MAKE HATS TO YOUR OWN SPECIFICATIONS.

MERCHANDISE THAT YOU WILL NEED THIS SPRING HOUSE-CLEANING SEASON.

Brussels Stair Carpet.
The most satisfactory Carpet for stairs, will wear longer than more expensive pile carpet, such as Axminster or Wilton, and much easier to clean than other carpets. 27 inches wide, full pitch, five frame. We only stock with the good quality, $2.75 and $3.00 per yard. The colors are Fawn ground with darker shades of Brown and dark Green; also Crimson and dark Green, Oriental and Conventional designs.

Linoleum.
The factory is turning out entirely new designs this season. The old patterns have been discarded completely. We think the new patterns are an improvement on the old, besides the quality has been improved. We are just placing in stock a complete assortment of both two and four yard widths. The price for the good quality is $1.00 and $1.10 per yard, twenty-five per cent. less than last season's prices. All can afford to buy Linoleum at the present prices.

Stair Oilcloth.
New patterns in these goods also. We stock with two widths and two qualities. The widths are 18 inch and 22½ inch. The prices for the canvass back are 35c. for 18 in. and 40c. for 22½ inch; and the oil back is 40c. for 18 inch and 50c. for the 22½ inch. These goods are used extensively for runners in halls also. The patterns are beautiful.

The New Way To Polish Your Floors.
Old ways must give way to new ways. Time is too precious to waste. Back-breaking stooping to dust, clean, or polish the floors is no longer necessary; it is a foolish drudgery. The new way is the O'Cedar way. It means cleaner, brighter and prettier floors, the saving of time, work and money.

The O'Cedar Polish Mop comes in two sizes, large size $2.00, cottage size $1.25.

Roller Blinds.
The blinds at your windows are one of the most important parts of your house furnishings. You may have a good house and other things to correspond, but unless you have good blinds your home is not completely furnished. The critics and your friends both have a chance to comment on your windows. We are selling agents for the largest factory in Canada, and can supply you with any color you might wish to harmonize with your other furnishings. If you wish to have the blinds trimmed with lace or insertion, we can give you exclusive designs. All of our better blinds are mounted on hartshorne, guaranteed rollers. The price for this season is much lower than last year. See our Carpet man for special orders.

French Shadow Cloth.
Shadow Cloth for the large emposing rooms or the small little flats, in shades of Blue, Rose, Green and Gold, exactly suitable for curtains and furniture covering in whatever scheme of decorating you have in view. 31 and 50 inches wide; positively fast colors. The prices are $1.75, $2.00, $2.50 and $3.00.

To-day's Way of Beautifying Furniture and Woodwork Is To Use O'Cedar Polish.
For O'Cedar cleans as it polishes. In place of a greasy dust collecting shine or liquid coating, O'Cedar Polish cleans the furniture and woodwork of all dust, scum, finger marks and the like, brings out the beauty of the grain of the wood and then imparts a high, dry and lasting lustre that does not get gummy, sticky or collect dust. In this way O'Cedar really beautifies, cleans and polishes—all at the same time.

O'Cedar Polish, 4 oz. bottles 30c., 12 oz. bottle 60c., quart bottles $1.50.

CANADIAN FORESTRY ASSOCIATION.

In the current issue of the Illustrated Canadian Forestry Magazine, published by the Canadian Forestry Association, there appears a timely article on the reasonable subject "Tree Planting", especially written by B. R. Morton, B.Sc.F., Dominion Forestry Branch, Ottawa. Some suggestions from this well-known authority herewith given should prove of assistance to intending tree planters in all parts of Canada.

It is well to remember the injunction of Dr. Fernow, lately Dean of the Faculty of Forestry of Toronto : "Trawe-planting a tree from one side to another is a surgical operation during which the patient needs special attention."

Spring planting should begin as soon as possible after the ground is thawed out and dried sufficiently to work the soil. It should not be attempted after the buds begin to open. It may be said in general that April and early May represent the proper time for planting.

Look first for a tree that has a compact root system. The more small roots a tree has, the greater its chances of surviving the shock of transplanting, and the more rapid will be its growth. A tree with a large top and few roots will be slow to establish itself and is apt to die.

Some roots are bound to be destroyed in the transplanting process so that it is always necessary to prune about one-fifth of the branches. Prune equally on all sides to retain the symmetry of the tree. All cuts should be made sharp and clean. Trim off with a smooth cut all broken and badly-injured roots. Make sure, however, not to cut off the leader or main stem when pruning.

When trees are bought from a nursery they should be immediately unpacked, "puddled" and "heeled in" until ready to be taken up for planting. Puddling means dipping the roots in a mixture of clay and water about the consistency of paint. Heeling in consists in digging a trench sufficiently deep to contain the roots and then covering them in with a layer of moist earth until you are ready to plant them in their final position.

At no stage should the roots of the tree be allowed to become dry. This is highly important. Many trees are dead before they have been set in the ground for lack of such precaution. Make the hole in which the tree is to be set considerably wider and deeper than is necessary to accommodate the roots. Before placing the tree, the hole should be partly filled with good garden loam or the surplus soil which has been removed and set aside when making the hole. Do not plant too deep. Roots need air. Allow the roots to spread naturally in the hole. Do not bend or crumple them up. Be sure that the earth is well packed and in contact with the roots.

In setting a tree care should be taken from the very start to see that the stem is kept perfectly vertical. Any attempt made to straighten it after the planting is done is liable to injure the tree and loosen the soil.

CUSTOM HATCHING.

The poultry business leads all other branches on the farm as a profit maker. Just think of over 90 tons of dressed poultry being sold in our town on only 2 days last fall at very high prices. This amount represents less than two-thirds of the poultry sold in this county last year. Then when you take into account the eggs, which amounted to over $190,000, a grand total of $225,000. Are you getting your share of this great money making industry. If not, start in now.

In order to help you get started right, The M. B. Mills Co. will do custom hatching at reduced rates. We will also take orders for Day-old chicks of the popular breeds.

We are agents for the best Incubators made, the celebrated Buckeye Hot Water machines; also best Hovers. Can give clear instructions with the machines running before your eyes, so anybody can easily learn to handle them. Remember the most important thing is to have your chicks hatched early when you want them in good numbers, not waiting in disappointment for the chicking hens. Get your orders in now and be ready.

We buy and sell poultry any day the year round.

He Wasn't Able To Do the Chores

NOW HE PRAISES DODD'S KIDNEY PILLS.

Manitoba Man Run Down and Out of Sorts Finds the Remedy He Needed in Dodd's Kidney Pills.

Morden, Man., April 24th, (Special)—"I feel like advising everyone to use Dodd's Kidney Pills."

Such is the statement of Mr. I. O. Dyck, who lives on R.R. 2, near here. Mr. Dyck has used Dodd's Kidney Pills and found them good.

"I had been dragging along for the last few years" he says, "till I wasn't able to do the chores. I tried two doctors but they seemed to do me no good at all.

"Then an advertisement led me to try Dodd's Kidney Pills. I am so much improved that I feel like telling everyone to use them."

Dodd's Kidney Pills make healthy kidneys. Healthy kidneys mean pure blood. Pure blood gives new energy all over the body. If you have that tired feeling that spring brings ask your neighbors about Dodd's Kidney Pills.

How to Have Beautiful Walls
THE most economical and satisfactory way is to paint them with Mellotone—a flat wall paint made by Lowe Brothers.
Mellotone is easily applied with a brush. Dries quickly with that soft, dull velvety finish that is so much desired.
Using it, you can have a different color scheme in every room, yet all will be in perfect harmony.
Mellotone colors are as soft as the tints of the rainbow.
Easily cleaned with soap and water.
Come in and see the sample panels and ask for literature.

Why are we Agents for this line?

Because, like you, we want honest value, and "AMERICAN" fence, made by THE CANADIAN STEEL & WIRE COMPANY, LTD. AT HAMILTON, ONT., gives it.

The strength and durability of the fence depends on the weight. This heavy fence gives every ounce it claims. We will prove it to you.

Drop in and we'll show you the fence and the "AMERICAN" Galvanized Steel Fence Posts to use with it.

We can sell you this fence as cheap as you can buy fence anywhere.

Soak coloured things half an hour (white things one hour, two hours, over night or whatever time is convenient) in Rinso suds.

Soak the Dirt out.

THERE is such a simple easy way of washing rompers, school ginghams, play clothes, etc., that you won't mind how many there are—thanks to Rinso.

First, make the wonderful Rinso suds. Take half a packet of Rinso, thoroughly dissolve it in cool water, and add two quarts of your hot water. Then put your clothes to soak in the tub of cool or lukewarm water. After one, two or three hours soaking in the morning give them a thorough rinsing and the dirt just runs away. No need to rub on the wash board and so the clothes come and colour safe.

Rinso is a wonderful product, scientifically made to wash clothes by soaking—different from soaps, chips and washing powders, and used differently.

Do not put Rinso into the tub from the package, but make the Rinso liquid first.

IF YOU USE A WASHING MACHINE

Follow directions as above. After soaking the clothes wring them into the machine, add Rinso liquid, operate and rinse. and you will have the sweetest, cleanest clothes you ever saw.

Tea Growing Very Expensive.

The very high wages that have to be paid to workers on the tea plantations in India and Ceylon, due to social and political unrest, has caused the price of tea to rise consistently in the primary markets and in London. This influence is now being felt farther along the line and it is to be expected that the price of tea will increase to the consumer in the near future.

Storage Batteries.

Three questions you should ask when buying a Storage Battery, 1st, Is is a good battery ? 2nd, Is it made by a reliable firm ? 3rd, Can I get service everywhere ? Prest-O-Lite Storage Batteries are 100 per cent. built in Canada. Prest-O-Lite Storage Batteries are standard equipment on the majority of Canadian-built motor cars, and, from the beginning, proved themselves superior in power and life. Prest-O-Lite has more than 800 Service Stations in Canada. Wherever you go, you can get expert advice and repairs.

A Warning.

Boys and others have been doing a good deal of injury in past years to the farm and grounds used by the Napanee Golf Club, and we are informed that the Club are going to take steps to put a stop to such damage. Trespass notices were posted last year, but little or no attention was paid to them; in future all parties found on the links, other than members or persons accompanied by members, who are not in possession of a permit signed by an Officer of the Club, will be prosecuted for trespass. Boys who wish to caddie will have to apply to Mr. T. B. German, who will, if their application is approved, issue a permit. These permits are not transferable and will be taken up if found in the possession of anyone other than the party to whom it was issued. Mr. Geo. Harmer has been authorized to forbid and prevent anyone from entering the property of the Golf Club unless they are in possession of the required permit.

BOWLING.

On Friday evening last the Napanee Bowling Club met at the Club House to organize for the season. The following officers were elected :

Hon. Pres.—Judge Madden.
President—J. E. Robinson.
1st Vice-Pres.—P. Gleeson.
2nd Vice-Pres.—J. L. Boyes.
Secty-Treas.—W. J. Wiggins.
Management Committee — President, the Officers, and Messrs. F. W. Barrett, R. R. White and H. Huffman.
Greens Committee—Messrs. W. E. Loyst, W. C. Smith and J. E. Madden.
Auditors—Messrs. W. J. Doller and D. B. White.

On motion the fee for 1922 was fixed at $10.00.

The Greens Committee were authorized to engage a caretaker for the season, and to do anything necessary to put the green in the best possible condition.

The list of members is now being made and any person wishing to join may do so by handing their names to the secretary, Mr. W. J. Wiggins, or Mr. Paul Killorin.

OBITUARY.

Mr. John Pearson.

At the age of 94 years and 6 months, Mr. John Pearson, of Sheffield Township, passed away on April 15th, 1922, at the home of his son-in-law, Mr. John E. Woodcock, of Beaver Lake.

Mr. Pearson was born in Hungerford, on October 1st, 1828, of Dutch parentage. Much of his life was spent in Harlowe, and the last fourteen years he has lived with his daughter, Mrs. J. E. Woodcock. He was a carpenter and boat builder by trade and was active in his work until almost the close of his life. He was a man of deeply religious nature, and was much respected by all who knew him.

The funeral service was held in the Methodist Church, by Rev. W. H. Clarke, on April 17th, and his body laid to rest in the Tamworth Methodist cemetery.

MAY USE COAL HOIST.

Napanee Would Be Divisional Point With Belleville Cut Out.

It is reported on good authority that the C. N. R. may put to use very soon the old coal hoist on the end of the long dock, Deseronto. As may not be well known, the railway company owns this hoist, and have the right of way to it. The plans, it is said, are to have the boats bring the coal there and unload it in bins for distribution for railway uses. A C. N. R. surveyor was there recently and went over the situation and learned that the hoist could be made ready in a short time. Simultaneous with the above report came the news that the C. N. R. will make Napanee the divisional point and cut out Belleville and Brockville.

LOYALTY TO BRITISH INSTITUTIONS.

W. C. Mikel, K.C., of Belleville, a member of the Provincial Parliament, gave an address before the U. E. Loyalist Association of Ontario, Thursday evening, on "Bay of Quinte Reminiscences", in the course of which he pointed out the service rendered, the sacrifices made and the hardships endured by these early settlers for a principle,—Loyalty to British Institutions. The Bay of Quinte District was really the "Cradle Ground" for Ontario and Western Canada.

High Canadian Ideals.

He said that the men and women who have contributed most to the early settlement of Canada and which still exert the great influence, were guided by high ideals, not by mere commercialism, namely, the early French Christian Missionaries and the U. E. Loyalists. The ideals of the former were Religion, and the latter, British Connection.

Movie Scenes.

After reviewing the early conditions in the Bay of Quinte section of Upper Canada, sometimes called the "cradle of Nations", he urged that the Movies show pictures of the experiences of the U. E. Loyalists so that Canadians would better understand how Canada was saved for the Empire and made available for our one million British homes, with comforts far beyond the dreams of the early settler, and suggested that those who love their country, place or power or wealth or are restless or discontented with their lot, would find useful lessons in studying the lives of the U. E. Loyalists.

Hereditary Title.

When Lord Dorchester was Governor of Canada an Order was passed by the Governor-in-Council, November 9th, 1789, at Quebec, placing a "Mark of Honour" on the U. E. Loyalists and their posterity regardless of nationality, politics or religion, and created the only hereditary title that has been created by a Canadian Government. The possessors of this title may have good reason to be proud of it as it was not given for the accumulation of wealth or for political influence, but because of the sacrifice of all their material wealth and influence in their home country, and their ideal. It was not given because an ancestor waded in the sunshine of the Prince's favor, but because an ancestor fought a noble fight and suffered in a good cause. The title will yet be the most illustrious in the Empire.

Justification.

No better justification of the stand taken by the U. E. Loyalists can be had than the words of General Isaac Brock, the famous American General, who fought against the British in the American Revolutionary War. General Putnam wrote a letter to Col. Beverley Robinson after the war was ended in 1783, in which he says :—"Whenever I think seriously on the future state of this country (the new Republic of the United States) I cannot but bewail my folly in taking part which I then thought was a time when I firmly believed I was separating from the mother country would be the greatest blessing to this. But alas! experience—how easy and how quick—convinced me, as well as thousands of others, how very erroneous this opinion was."

If there are persons in any part of the Empire who think separation from the Empire desirable, they would do well to ponder the words of General Putnam.

Over one hundred years afterwards, at the dedication of the monument erected on Dorchester Heights, Boston, to commemorate the evacuation of Boston by the British, the orator of the day was delivered by Hon. Senator Hear of the U. S. Senate, in the course of which he said, "The Government of England was in the main a gentle Government, much as our fathers complained of it. Her yoke was easy and her burdens light. Our fathers were an hundred times right in 1775 than were the men of Kent, the vanguard of liberty, in England. There was more happiness in Middlesex county than there was in Middlesex on the Thames."

EXECUTRIX'S NOTICE TO CREDITORS.

In the Estate of William Raymond Lacey, Farmer, Deceased.

Notice is hereby given, pursuant to Chapter 121 of the Revised Statutes of Ontario, 1914, and amending Acts, that all persons having any claims or demands against the estate of William Raymond Lacey, late of the Township of Sheffield, in the County of Lennox and Addington, Farmer, deceased, who died on or about the 1st day of June, A.D. 1922, are required to deliver or send by post prepaid to James Aylesworth, Tamworth, Ontario, Solicitor for Sarah Ann Lacey, Executrix of the last will and testament of the said William Raymond Lacey, Farmer, deceased, on or before the 10th day of June, A.D. 1922, their names and surnames, addresses and descriptions, with full particulars of their claims or demands duly verified, and the nature of the security (if any) held by them.

And further take notice that after the said 10th day of June, A.D. 1922, the said Executrix will proceed to distribute the assets of the said estate amongst the persons entitled thereto, having regard only to the claims or demands of which she shall then have received notice, and shall not be liable for the said assets, or any part thereof so distributed, to any person or persons of whose claims or demands she shall not have received notice at the time of the distribution thereof.

J. E. MADDEN,
Solicitor for the said Executrix.

MOTOR FEES TO PAY FOR ROADS.

WILL PROVIDE $25,000,000 FOR IMMEDIATE USE.

Bond Issue Will Mean Completion of Provincial Highways at an Early Date.

Within three years, construction work on the entire Provincial Highway System of 3,800 miles will be completed, if a bond issue of $25,000,000 proposed by the Honorable F. C. Biggs, is approved by the Legislature this month.

The plan of the Minister of Public Highways is to capitalize a portion of the revenue from Motor Vehicle Licenses Fees, $2,000,000.00 a year for the next twenty years, thus providing immediately a fund of approximately $25,000,000.00 for the construction work of the next three years. The Minister seeks, by an amendment to the Highway Improvement Act, to effect this object.

On several occasions the Ontario Motor League has urged the Government to adopt the scheme of capitalizing a portion of the revenue anticipated from Motor Vehicle License Fees to provide funds for the building of the Provincial Highways. The League has advanced this as an alternative to the proposal to largely increase the annual motor license fees at the present time, and, therefore, the League heartily supports the principle embodied in the amendment proposed by Mr. Biggs.

What opposition there is to this amendment is based principally on the argument that the roads now being built will not last for 20 years and, therefore, will be worn out before their cost has been met through the retirement of the bond issue. This argument, however, is fallacious, as at least two-thirds of the whole work being done is of permanent value. Permanent work such as the construction of bridges and culverts, grade reduction, drainage, cuts and fills, for all but the surface work, will have as great a value 40 or 50 years from now as it will five years hence. So far as surface work is concerned, the average surface should last from 10 to 20 years if good drainage is provided and a proper system of maintenance is established.

The revenue from Motor Vehicle License Fees last year was approximately $2,000,000.00. This revenue is increasing from year to year and if $2,000,000.00 annually is set aside by the Province for the purpose of construction work, there will still be upwards of $1,000,000.00 remaining each year to provide for maintenance.

LETTER TO THE EDITOR.

RE TOWN COUNCIL'S GRANT TO NORTH FREDERICKSBURGH FOR GOOD ROADS.

As the one who introduced the motion and urged its acceptance by the Council, I have been taken severely to task for what is termed unusual and lavish generosity in granting $1000 to make the concrete road south in North Fredericksburgh a first-class road, so I am writing to let you all know why we, as a Council, thought it fair to the people living south of the town to do this, and good business for the town as well.

It is a well-known fact that the people of Picton and Kingston are making every effort to divert the trade of the farmers and others of Adolphustown, South Fredericksburgh, Bath, the Island and Ernestown, in either of these directions.

A strong deputation recently waited on the Ontario Government, urging a government car ferry from Young's Point to Glenora, thus bringing Picton only about six miles from Adolphustown. This deputation had the support of Mr. Parliament, of Prince Edward County, Speaker of the Legislature; Mr. Sickle, of Kingston, Mr. Rankin, of Frontenac and many other prominent men, and we do not know what will be the outcome. It was further proposed to make the Bay Shore road from Adolphustown through Conway, Bath, etc., to Kingston, a Provincial highway. To do this it was necessary to make the Bay Road a County Road by our County Council, and your representative at the last session succeeded in preventing this by-law from passing.

Now, as the Bay Road is not a County Road, the ratepayers are making it into a Provincial highway have been materially reduced and the threatened diversion of our southern trade to Picton and Kingston blocked.

Now these people want, they deserve, and I think should have a perfect road leading into Napanee, which is not second to either of these other places. Therefore I strongly supported a grant from the county of $1000 to be spent on Close's Lane, conditional on other interested municipalities encouraging this scheme. North Fredericksburgh are offering between $3500 and $4000, South Fredericksburgh has voted $1000, and Adolphustown $500, and as we want the people from the south to have a perfect road that they may get to town, I moved the grant of $1000, of which $600, or 60 per cent. is refunded by other municipalities.

Now it is up to the merchants and business men if this grant is lost or not. Forget that dollar ever lived, cater to the wants of the people, and this will turn not only the people of the southern part of the county still, want to trade in, instead of Picton or Kingston, but they will be, but get tourists talking about—the beauty, the progressiveness, the natural advantages of Napanee, which is our best means of advertising.

Thanking you,

A. E. PAUL, Reeve.

RECTOR OF SELBY WEDS.

The Bride is Miss Isabel Neilson McCracken, of Port of Spain, Trinidad, British West Indies.—Church Filled With People to Witness the Ceremony.

The Church of St. Mary Magdalene, Napanee, was the scene of a very interesting event on Thursday, April 27th, 1922, when the Rev. J. H. H. Coleman, M.A., Vicar, united in marriage Miss Isabel Neilson, daughter of James E. McCracken, of Port of Spain, Trinidad, B. W. I., to Rev. Theodore Branch, Rector of Selby.

The church was well filled with well-wishers and friends of the young couple, from Selby, Kingston, Napanee and other places.

The ceremony commenced promptly at 4 o'clock, when the bride, on the arm of Mr. Gilbert C. Dicks, of Birmingham, England, representative for the bride's father, and supported by Miss Boyd, of Selby, as bridesmaid, proceeded down the centre aisle and were met at the chancel rail by the bridegroom, ably supported by Harry Edgar, of Selby, as groomsman.

The Vicar conducted the beautiful marriage service in his usual and effective manner, and the music was splendidly rendered and reflects the greatest credit on the organist and choir. The bride entered the church to the strains of "Mendelssohn's Wedding March". The hymns sung were beautiful and appropriate, the first being "The Voice that Breathed O'er Eden", and the other, "O Perfect Love". After the benediction the happy couple left the church to the exquisite music of "Lohengrin's Bridal March".

The bride looked indeed charming and one would never have guessed by looking at her that only two days before she had landed on Canada's shores, at St. John, N.B., after a seventeen days' voyage across the ocean from the far-off Island of Trinidad. She was gowned in a handsome smoke Charmeause frock and wore a most becoming hat of a lovely shade of green, trimmed with smoke and orange. The bridesmaid looked pretty in a most fetching and beautiful dress of white silk and net, large picture hat which just completed the pretty picture.

The groom's present to the bride was a fine pearl necklet; to the bridesmaid a gold bar pin set with pearls; and to Gilbert C. Dicks a suitable engraved gold cigarette case.

The flowers on the altar were beautiful specimens of Easter lilies.

The bride was the recipient of many handsome, beautiful, useful and valuable presents, a few of which are as great popularity in the land of her adoption as she is in that of her birth.

As for the groom little need be said as to the brightness of his future prospects now that he has the valued aid of such a valuable and charming helpmate. He is in the months that he has been incumbent of Selby, and Selby has has endeared himself to his parishioners—by his every action—by better attended than ever before, a better spirit of co-operation and more hearty interest evinced in the work of the church. In addition to his popularity as a parish worker and a preacher, he has whatever advantages that accrues to heredity; his father is Archdeacon Bracken, of St. John's, Antigua, his grandfather was the late Bishop Branch of the Diocese of Antigua, and his uncle the Most Reverend Edward Hutson is Archbishop of West Indies.

A long, useful and happy life is the wish of a host of friends for the happy couple to combat the world, the flesh and the devil.

TOWN COUNCIL

Council met in regular session on Monday evening, Mayor Graham presiding.

Members present—Reeve Paul, and Councillors Wilson, Ming, Steacy, Boyes, Perry.

Minutes of the last session were read, and on motion were confirmed.

A large delegation of East Street residents was present, and protested against assessing the cost of a new sewer upon them, as they had already paid for the present one.

Mr. J. E. Madden said they were present to oppose the placing of the cost of a new sewer upon them. That something would have to be done to relieve the situation in the block above Graham street was a sure thing but how that situation would be taken care of he did not know. The sewer from Graham street south to Thomas street was working all right, and as the residents along East street had paid their proportion of that sewer, which was laid down in 1906, he did not consider it fair to charge them with the building of another one now.

Dr. Milsap briefly recited his trouble, which has been long standing. He had been very patient and put up with the nuisance of having his cellar flooded periodically and was sure that something would be done soon.

Mr. H. B. Sherwood thought the present sewer was not large enough to carry off the water and sewerage. Did not think the residents should be saddled with the cost of another sewer, contending that the expenditure should be borne by the town.

Mr. J. H. Moffat said he had perfect drainage, and was strongly opposed to paying for another sewer, and was of the opinion that the cost should be borne by the town.

Mr. Brown said that when he bought the property on East street he paid for the sewer also; he had perfect drainage.

Mr. F. Gleeson did not feel disposed to pay a second time for sewerage purposes, but would rather pay for another sewer and have it right. He hoped the fact that this delegation waited upon the Council would not stop a proper sewer being laid down.

Mr. Earl Dafoe was in about the same position as Dr. Milsap. He had had a great deal of trouble from his cellar being flooded. However, he did not feel inclined to pay a second time for a sewer.

Mayor Graham said it was not the wish of the Council to put the residents of East street to any extra expense. The present sewer was laid down in 1906, some sixteen years ago. It had been built very cheaply, and all the residents had ever contributed towards it was the sum of $125.00. Judge Madden had paid the largest sum of any person living on that street, viz., $17.00 for two lots; most of the other residents who had paid anything at all, had paid about $11.00. In concluding, he said he did not think that the residents along this street should consider that they had paid enough for a proper sewer.

A communication was received from W. A. Hare, Ottawa, saying they had shipped the cans and can carrier for use in sweeping and cleaning Dundas street pavement. Ordered filed.

From the Board of Railway Commissioners for Canada, saying the Board had approved of the plans for a new Union Station at Napanee, together with the necessary alterations to the road bed to enter the station from the northeast. Ordered filed.

Moved by Councillor Wilson, seconded by Councillor Perry, that the Finance Committee be appointed a Town Planning Committee, ascertain what powers the committee have invested in them, get an estimate of a plan, and report to this Council. Carried.

Councillor Ming said the Town of Napanee had a very slow and most antiquated manner in getting their fire fighting apparatus to a fire, and thought something should be done to remedy this serious defect.

The above matter was referred to the Fire, Water and Light Committee to bring in a report.

Councillor Steacy reported that the work of changing the stairway in the Town Hall is completed, also remodelling the room for the Treasurer's office and re-decorating same.

A by-law authorizing the construction of a sewer on East street was given its several readings, signed, sealed, numbered and finally passed.

A letter received from Mrs. Ida M. Thompson, who fell on the sidewalk, which was in an icy condition, was referred to the Finance Committee to investigate.

Mr. Sam Smith was present and explained to the Council the condition the Disposal Works is in at present, and suggested remedies.

Mr. W. A. Grange gave a verbal report of the delegation to Toronto, of which he was a member, who waited upon the Government protesting against the proposed clearing of the Napanee river for the purpose of taking the water off the drowned lands in the north part of the county. The Minister assured them that nothing would be done without notifying the proper authorities.

W. D. BLACK CRITICIZES DRURY'S ROAD POLICY

ANOTHER COMMISSION IS NEEDED TO INVESTIGATE IT, HE DECLARED.

Toronto, April 28.—In the legislature yesterday, W. D. Black, Conservative member for Addington, severely criticized the government for its good roads policy, dealing particularly with the question as affecting rural ridings and the distribution of money between the highways under the Minister of Public Works, and the colonization roads under the Minister of Lands and Forests. Although the provincial and county highways comprised but one-eleventh of the roads of the province, $14,000,000 had been spent on them last year. Only half a million, he protested, had been spent upon the other ten-elevenths.

In that connection, he said the government had broken its pledges of building roads for the money, and he went on to say that the people in the outlying parts of the province were entitled to more consideration. He said that, by an amendment passed last year, the government had "saddled on some of these poorer townships a debt for the money which was expended on your provincial highways running along the waterfront."

Mr. Black went on to state that, while the government criticized the Hydro Commission for overrunning its estimates, it might very well appoint another commission to investigate overrunning of estimates in its own departments. He instanced 9.5 miles of the Dundas road. He found that, although the 9.5 miles had been estimated to cost $209,473, four miles had already cost $255,-583, without bridges.

DIES AT AGE OF 101 YEARS.

WILLIAM THOMPSON PASSES AWAY IN HOME FOR THE AGED.

The death occurred at the Home for the Aged, Kingston, on Friday morning, at 5 o'clock, of William Thompson. Had he lived till June 20th, Mr. Thompson would have celebrated the 102nd anniversary of his birth. Deceased formerly lived at Tamworth, was widely known in this district, and very highly respected. He was born on June 20th, 1820, in the Township of Ernestown, and in his prime was one of the best woodsmen of that district. Deceased was twice married, and is survived by his second wife. A son also lives at Tamworth.

It is stated that up till three years ago, Mr. Thompson was able to do a hard day's work. He was very active and loved to be doing something. Mr. Thompson worked on a farm, but owing to failing eyesight, was compelled to give up his work.

Interviewed some time ago, Mr. Thompson had an interesting story to tell. He said that one day, when he was eighty-five years of age, he went out into the field and tired out three men on the mower, thus showing his remarkable strength. For over fifty years he was a smoker. One day he fell asleep with his pipe in his mouth, and set fire to his whiskers. That day he swore off smoking.

Although not a sufferer from any disease, Mr. Thompson was unfortunate enough to have a tree fall on his back when he saved his child from probable death. Deceased was an interesting talker, and told many interesting stories of the old days in this district, to his friends, and he had many.

The remains were forwarded to Tamworth for interment.

Rust Defying - Because Hot Galvanized

There's one feature in particular you'll appreciate about Toronto Stable Equipment. It's the only Stable Equipment made in Canada in which the galvanizing thoroughly covers the inside of steel tubes as well. This method makes it absolutely rust defying and proof against strong stable acids for the maximum period—while the method ordinarily used simply applies a surface coating and goes only a short distance inside tubing.

Toronto Stable Equipment will make work easier—keep cattle healthier—bring more profits. Let us explain the many advantages of Toronto Stalls, Bull Pens, Water Bowls and Litter Carriers.

KEEP FIT

Never let your system get run down -- keep fit all the time

As long as you keep yourself strong and healthy, it is almost impossible to contract colds and other contagious diseases.

Don't wait until your system becomes weakened, but immediately you notice you are not feeling up to the mark, start fortifying your system against disease by taking Carnol. These remarks apply specially to children who do not realize the importance of taking proper care of themselves.

The peculiar feature about Carnol is that, while it is a preparation containing cod liver oil, it has a delicious taste.

Carnol is the ideal preparation for all run down conditions. It is an excellent remedy for anaemia, consumption and all diseases of a wasting nature, due to impaired nutrition, poor and insufficient blood supply. Carnol provides food for the nerves and food for the body. It increases weight and builds up the whole system.

Carnol is of special value in the treatment of all nervous conditions marked by depression of the vital forces and usually caused by prolonged mental strain, overwork, nervous prostration.

Carnol has proved an excellent remedy in Rickets, that common disease of ill-nourished children, and in other ailments.

Carnol is composed of that wonderful nerve tonic—glycerophosphate salts. This is commonly known the world over as "The Blood Salts." It is the best blood builder and nerve invigorator yet discovered. Carnol also contains the soluble nutritive properties of fresh beef which stimulates and nourishes the system.

In addition, there is cod livers' extract with all the nauseating, bad-tasting elements removed.

Carnol is sold by your druggist and if you can conscientiously say after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 5-122

PLANTING OF THE VEGETABLE GARDEN.

Experimental Farms Note.

There are so many different phases of work to be considered in connection with the planting of a garden that one needs to have a thorough grasp of the proper procedure. The first operation to be conducted when weather conditions are right, is the preparation of the soil. Where the soil is of a sandy nature, there is little danger of injuring its physical make-up, but if the soil is of clay texture, working while too moist will cause puddling which would render the soil lumpy for that season. However, the cultivation given the garden prior to sowing the seed should be thorough in every respect, because upon this tillage will depend, to a very great degree, the success or failure of the garden.

To obtain the maximum returns from any garden, it is necessary to employ successional sowings of such crops as peas, beans, beets, carrots, radish and lettuce. The sowings should be regulated at intervals of a week or ten days apart so as to have a succession of tender fresh vegetable available throughout the season. The first sowings should be made as early as weather and soil conditions will permit and continued in succession until the last week of June.

Regarding the sowing of the seed, one must be careful to regulate the depth in accordance with the season of the year. During the early part of the season, shallow planting is essential to quick germination, but as the season advances and the soil becomes warmed to a greater depth, it will be found necessary to increase the depth in the ground to which the seed is placed, bearing in mind, of course, that large and small seeds must be planted in depth in accordance with their size.

Whether the garden be large or small, the ambition of every gardener should be to obtain the most from the given area. This can be done by a system of double cropping, or catch cropping, using such quick maturing crops as radish and lettuce. The early maturing crops are sown between the rows of cabbage, cauliflower, tomatoes and potatoes, or as markers in the rows with the seed of slow germinating sorts such as parsnips or beets, and are ready for use and gone before the standard crops require the space for their development.

A few suggestions regarding the mode of procedure in connection with the growing of successional crops might not be amiss. In the first place, let us consider peas. The first early sowing should be made using a smooth seeded variety such as Alaska or Early Morning Star. This type of pea can be sown very early when conditions for the wrinkled sorts would be entirely undesirable. It may be necessary to make a couple of sowings of the smooth sorts before it would be possible to sow the wrinkled peas. For the successional sowings of a wrinkled variety, use Thomas Laxton, this early sort has been found very desirable and possesses all round good qualities. If, however, a dwarf variety is desired, English Wonder is recommended, followed by American Wonder. With beans it has been found much better to use some early sort such as Round Pod Kidney Wax for a golden podded sort, and Early Red Valentine if a green podded variety is desired. Beans cannot be planted very early, therefore, the range of the season is not so great as in the case of the peas. Other recommended varieties are: Beet, Detroit Dark Red; Carrots, Chantenay; Radish, Scarlet Turnip White Tip; Lettuce, Grand Rapids.

All plants that are to be transplanted, should be hardened off well in a cold frame prior to planting in the open. Select only the stockiest, well grown plants. Choose a dull day for planting or the evening towards sundown. In setting out all classes of plants, it is very important that the earth be firmly pressed about the roots. If loose planting is practised, the roots of the plants cannot form proper contact with the soil to obtain plant food and moisture.

Avoid crowded conditions in the garden. While it is desired to crop the land intensively, yet good judgment must be the guide in order to prevent strangulation of one plant by another or making conditions congenial for the development of fungous diseases.

Assistant in Vegetable Growing, Central Experimental Farm, Ottawa.

GOLDEN WEDDING.

A very interesting event took place at the home of Mr. and Mrs. James Wales, Newburgh, on Saturday, April 22nd, when their children, with their various families, gathered together as a surprise, to celebrate the Golden Wedding Anniversary of their parents. The couple are very active and in good health. Mr. Wales has reached the age of seventy-one, while Mrs. Wales is but sixty-nine.

The rooms were tastefully decorated with ferns and beautiful house plants. Shortly after eleven o'clock, during the hearty handshakings and pleasant greetings had ceased, little Muriel Bell, daughter of Mr. and Mrs. Russell Craig, and great-granddaughter of Mr. and Mrs. Wales, was baptized. Mr. and Mrs. Wales were then brought forward and given seats of honour, while Rev. E. B. Cooke read the following address:

To Our Dear Father and Mother.

The train has travelled so quickly on its way over life's railway that we scarcely realize the elapse of years since we have gone out from your home to take up our own duties. But we shall never forget the roof which sheltered us during our childhood days, nor the kind parents to whom we carried our childish woes.

We may not always have been as dutiful as we might have been, but you were always patient and helpful, and often your gentle words of rebuke accomplished more than heated words of attention would have done. As we gather here to-day, what happiness could enter into our hearts and take its royal throne there? As seated before us are our parents, hale and hearty, who have passed over the bridge of time without dropping through one of the many hidden trap-doors which lie thickly scattered along the way, waiting with outstretched arms to receive their first victim, only to hurl it into the dark, swelling tide, which vanishes forever beyond our vision. On your brows are not the furrows which age or injury might have hollowed deep, as year by year the golden harvests were gathered before your still bright and beaming eyes. Surely, the Unseen Hand which has guided you in the past, will also help your children and lead them to do their utmost to live an upright and honourable life, patterned after your own.

Fifty years have passed since first you took the matrimonial vows, but we know they have not all been filled with golden sunshine, yet you always persevered and looked on the bright side of everything.

Fortune has favoured you in one respect, above all others, that of permitting your fond children to assemble together at your pleasant home this twenty-third day of April, nineteen hundred and twenty-two, where accompanied by our various families we wish to express our love by presenting to our father this goldheaded cane, which may assist him over many rough places on the road which lies ahead, and to our mother, this gold-plated mantel N.Y. clock, with unfaltering courage will faithfully tick out the hours of the years to come.

We unite in wishing you that God, who has smiled so graciously upon you in the past, will bless you and keep you in his protecting care, amid the various changes of the coming years, until at last, you will awaken on some cloudless morning and say, "This is our Diamond Jubilee".

Signed on behalf of the children of Mr. and Mrs. Wales.

Mrs. Wales responded in a few short, but suitable and heartfelt words.

In the adjoining room sat the table groaning under its heavy burden of dainty and delicious dishes. Here the company repaired to partake of this sumptuous repast, which was followed by a cheering toast to the bride and groom.

During the afternoon, numerous musical selections were given by the company, and Rev. Mr. Cooke gave a short address, "God be with you till we meet again" was sung, and then amid best wishes for many more years of happy wedded life the guests departed for their homes.

Those present, in all numbering forty-two, were Rev. E. B. Cooke, Pastor of Newburgh Methodist Church; the four sons with their wives and children, Mr. and Mrs. Fred Wales, Switzerville; Mr. and Mrs. Edgar Wales, Hawley; Mr. and Mrs. Frank Wales, Wesley, and Mr. and Mrs. Clarence Wales, Violet; the four daughters with their husbands and children, Mr. and Mrs. Jas. Frink, Switzerville; Mr. and Mrs. Harry Wartman, Wesley; Mr. and Mrs. Willie Robson, Bath, and Mr. and Mrs. Earl Craig, Switzerville; also Mr. and Mrs. Russell Craig, Switzerville.

DOUGLAS FAIRBANKS presents

"The THREE MUSKETEERS"

Adaption, Costuming, Research under Edward Knoblock.
Direction under Fred Niblo
Photography under Arthur Edeson

This newest of "Doug's" productions, this most enchanting of all Dumas' vivid stories, this marvelous visualization of "The Three Musketeers" is truly a picture for everyone—for your family and every family. From it, the young can learn frankness, kindness, valor and generosity. The old can find forgetfulness of trouble and taste its antidote for sorrow. And all of us who believe in Life's drama, with its chapters of gaiety and wit, owe to Dumas a debt of gratitude.

"ALL FOR ONE, ONE FOR ALL"

One show only each night at 8.15.

PICKS HAWAII AS BEST PLACE FOR VACATION

"Columbus, Ohio, is a great city, but I'll take the balmy breeze of Waikiki and the shade of palm trees in Hawaii instead of a pair of arctics and a four foot snow path."

This was the short note received yesterday by Mrs. Ida Parish Storm of this city from her brother, Gordon Parish, of the Buckeye city, who will arrive in Honolulu accompanied by Mrs. Gordon in the steamer Maui next Tuesday.

Mr. Parish, who is a large furniture manufacturer and dealer and owner of 12 stores in Ohio, has recently retired from active business participation and has picked Honolulu as the recreative spot after short visits to many of the more prominently advertised winter resorts of the United States.

While in Honolulu Mr. and Mrs. Parish will be guests at the Moana Hotel.

Mr. Parish is a brother of Mrs. D. W. Spencer, Napanee.

Requisite on the Farm. — Every farmer and stock-raiser should keep a supply of Dr. Thomas' Eclectric Oil on hand, not only as a ready remedy for ills in the family, but because it is a horse and cattle medicine of great potency. As a substitute for sweet oil for horses and cattle affected by colic it far surpasses anything that can be administered.

LETTER OF APPRECIATION.

Selby, April 25th, 1922.

Mrs. D. R. Sexsmith,
Selby, Ont.

Dear Mrs. Sexsmith.—We, the members of The Kinship Bible Class, wish to express to you our hearty appreciation of your faithful service as teacher of our class.

Remembering the various duties which demanded your time and attention in your home, we have wondered many times at your mastery of not only the lesson text, but the connecting passages.

You have striven at all times to uphold the truth as it is in Christ Jesus and to strengthen our faith and knowledge in the principles of Christian life and service, exemplifying those words of C. D. Meigs.—"Lord help me live from day to day, In such a self-forgetful way, That even when I kneel to pray, My prayer may be for other."

And our class motto, "Lend a hand".

Nor shall we soon forget how when certain doctrines and laws or rights of the individual were being discussed and there was likely to be a division in the ranks, your keen perception and characteristic humor of the Emerald Isle, directed the course of the kinship to ripples of laughter and the more peaceful waters of good fellowship.

We assure you of our love and sympathy during your illness, sincerely regretting the necessity of appointing another teacher for the coming year.

Trusting in the love of our Heavenly Father that your health and strength may return with the coming of the flowers, we anticipate with pleasure the time when you will be in our midst again.

Signed on behalf of the Class.

Yours in His name,
FRANCES DENISON, Secty.

WONDERFUL THE WAY IT HELPED HER

So Writes Mrs. Lemery of Brockville, Ontario, Regarding Lydia E. Pinkham's Vegetable Compound

Brockville, Ontario.—"I took Lydia E. Pinkham's Vegetable Compound for weakness and female disorders. I was weak at times that I could not stand. No. I had been this way for years and the different medicines I had taken had not helped me any good and one of your books in my order one day and thought I would give it a trial. I am now on my fifth bottle and it is wonderful the way it has helped me. I am feeling much better, have no weak spells and can do all my work now. I am recommending your Vegetable Compound to all I know and you can use my testimonial to help other women."—Mrs. Casey Lemery, 176 Abbott St., Brockville, Ontario.

Lydia E. Pinkham's Vegetable Compound is a medicine for women's ailments and has a record of nearly fifty years behind it.

Why Buy an "If"?

—If you don't touch the open coil in an exposed element of your Electric Range with a fork or spoon,

—If you don't spill grease or let syrup boil over on the open coil of an exposed element,

—If you don't clean the open coil of an exposed element with a wet cloth or don't let dirt into it—it may work all right and it may not burn out or short-circuit.

But if you have a McClary's Electric Range with Protected Elements there will be no "ifs"—

Nothing can touch the coils in a McClary's Protected Element—neither dirt nor grease can get into them.

McClary's Protected Element takes the "If" out of the Electric Range.

TO THE CITIZENS OF NAPANEE.

The Board of Health calls the attention of the citizens of Napanee to the fact that the 1st of May has arrived.

The Public Health Act requires all premises in town to be cleaned and placed in a sanitary condition by the first day of May in each year and notices have been placed in conspicuous places throughout the town for some weeks calling attention to this clause in the Act.

A fair amount of progress has been made in carrying out this provision in the Act, but very much remains to be done. This has been perhaps unavoidable owing to weather conditions and the large amount of work required to be done but settled weather has arrived, and the Board of Health appeals to the citizens of Napanee, householders and property owners alike, to put their shoulders to the wheel and make this work their individual own. This brings up a point about which there seems to be some considerable uncertainty in the minds of owners of leased property, viz., what have they to do in reference to carrying out of the provisions of the Public Health Act by their tenants. The M. O. H. takes this opportunity of placing his views in reference to this matter before the citizens of the town, and to state his reasons why and that is that a primary responsibility in this matter rests with the property owner, not that he should do the work, but that he should consider that, as a property owner, a certain duty, a certain responsibility, rests with him and that it is only by his recognizing this that the work of the Board of Health can be properly carried out, first because it is necessary that he should furnish his tenants with the necessary facilities for keeping the premises in a sanitary condition, and secondly because the frequent changes in tenants in some classes of property makes it impossible for the Board of Health to keep track of the work. The work of keeping the town in a sanitary state is a very large one for a central organization to carry out, in a very small one for the individual citizen if he recognizes his responsibility and says I will do my part and does it. The Board asks you to do this. They are willing to help, they are willing to allow a reasonable time, not beyond June 1st, but the law must be carried out, and the Board takes this opportunity of clearly defining their position in the matter.

The Board wish to call particular attention of persons keeping animals in town, horses, cattle and hogs, to the necessity of the greatest care in handling them so that the premises are not offensive nor unsanitary, and the Inspector has instructions from the Board to see that the law is carried out and that provision in the Public Health Act respecting the keeping of hogs in town, which was relaxed during the war, will be enforced this year.

After Ten Long Years of Suffering

HE SINGS THE PRAISES OF DODD'S KIDNEY PILLS.

Jules Labrosse, who had Bright's Disease, Gravel, Dropsy and Diabetes, Tells of Benefit he got from Dodd's Kidney Pills.

Papineauville, Labelle Co., Que., May 1st. (Special).—After suffering for ten years from various forms of kidney disease which included Bright's disease, gravel, dropsy and diabetes, Mr. Jules Labrosse, a well known resident here, is now so far recovered that he is singing the praises of Dodd's Kidney Pills.

"Dodd's Kidney Pills have rendered me an immense benefit for which I am happy," Mr. Labrosse says in telling his story. "I suffered for ten years and am now very well. I went down to eight to 125 lbs. Now I weigh 160 lbs."

Dodd's Kidney Pills are purely a kidney remedy. Healthy kidneys strain all the impurities out of the blood. Pure blood carries new strength to all parts of the body.

Ask your neighbors if Dodd's Kidney Pills do not make healthy kidneys.

An Oil That is Famous—Though Canada was not the birthplace of Dr. Thomas' Eclectric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is far afield enough to attest its excellence, for in all these countries it is on sale and in demand.

Price of Tea Highest in Years.

During 1920 so much more tea was produced than was required throughout the World that the market dropped to a comparatively low point. So serious was the position of the growers in India, Ceylon and Java that they agreed to produce 20 per cent. less tea during 1921. The result was that less tea was produced than was required, and now all surplus stocks have pretty well been exhausted to fill the deficiency. Prices in the last four months have steadily advanced, until the market to-day is at a level as high as was ever before reached even during war years.

Storage Batteries.

Three questions you should ask when buying a Storage Battery. 1st, Is is a good battery ? 2nd, Is it made by a reliable firm ? 3rd, Can I get service everywhere ? Prest-O-Lite Storage Batteries are 100 per cent. built in Canada. Prest-O-Lite Storage Batteries are standard equipment on the majority of Canadian-built motor cars, and, from the beginning, proved themselves superior in power and life. Prest-O-Lite has more than 800 Service Stations in Canada. Wherever you go, you can get expert advice and repairs.

We positively guarantee this to the public as the best. Prices 10c. and 20c., plus tax. 18a.

Travellers' Aid.—What It Does.

The Travellers' Aid Society gives advice, information and protection to all travellers, irrespective of age, race, class, creed, or sex, and when necessary it provides at its own home, housing for women, girls and children travellers. Its purpose is to prevent crime extortion and wrong against innocent and unsophisticated travellers. The Society also investigates, on request from all parts of the world, the good faith of the situations offered to women and girls in the city. All of its services are rendered absolutely free, and its agents are prohibited from accepting any gratuities. Mrs. Murney Parker, Travellers' Aid Superintendent, Napanee.

Another Old Landmark Gone.

On East Street, Napanee, between Dundas and Bridge Streets, there has stood for a number of years an old building, the remains of a barracks erected for the accommodation of the men and their families who were employed in the construction of the Grand Trunk Railway. Mr. William Normile, our enterprising citizen, having purchased this property, is removing the building to make room for a garage, which will be a large and imposing structure. People are remarking of the timber and lumber in this old frame building, well preserved and being remarkably good, boards from 15 to 24 inches wide, clear of knots, and such pine lumber as cannot now be procured in Canada. When the new garage is built it will be an improvement to the street, but some of the old citizens miss these old landmarks.

OBITUARY.

Rev. Jacob Clancy.

Rev. Jacob Clancy was born at Newburgh, Ont., March 17th, 1831, and died in Albion, Michigan, April 22nd, 1922, in his ninety-second year. At the age of eighteen Mr. Clancy was converted and joined the Methodist Church.

On Christmas Day, 1853, Mr. Clancy was married to Miss Jane Ann Shorts, the daughter of Rev. William Shorts. To this union twelve children were born. The eldest, Andrew Nelson, died at the age of two years. The other eleven children all attained to years of maturity. The large family circle was not broken until fifteen years ago. Since then a daughter, Nelda, Mrs. Clancy, and three sons, Rev. Judson Clancy, Rev. Dennis Clancy, and Bennett Clancy have passed to the Better Land.

In 1887 Mr. Clancy left Canada and came to Jackson, Michigan. For two years he served as pastor of Cooper Street Methodist Church. In 1889 he came to Albion, where he has since made his home. Six of the children have attended Albion College. Three graduated, both from Northwestern University and one from Boston University.

Rev. Judson Clancy died in 1916, as Pastor of Shawmut Congregational Church, Boston. Rev. Dennis Clancy died while Superintendent of Bareilly District, India. Mr. Bennett Clancy died in a railroad wreck in 1918.

Mr. Clancy reared in addition to his eleven children, one adopted daughter, Mrs. Lottie Westing, California, Mo., and three grandchildren, Radley Anna Clancy, Bernice Clancy Martin and Paul Rockwell Clancy.

He leaves to rejoice in his life and memory, three sons, Rev. Rockwell Clancy, District Superintendent, Aligarh, India; Rev. J. Franklin Clancy, Pastor Union Avenue M. E. Church, Chicago, and Dr. Marshall Clancy, physician, Chicago. Also four daughters, Mrs. Zilpha Clancy, Albion, Michigan; Miss Adelaide Clancy, Superintendent of Blackstone Missionary Institute, Matra, India; Mrs. Laura Foote, Truchess, Alberta, and Mrs. (Dr.) Pyrood, Chicago.

Mrs. Clancy was the semi-invalid for several years prior to her death. Mr. Clancy lived to see his 91st birthday. Both Mr. and Mrs. Clancy were made happy and comfortable by the devotion of Miss Zilpha Clancy, who for over one-quarter of a century maintained a broken circle family home in Albion.

Mr. Clancy began preaching when twenty years of age. For seventy-one years he served his fellows as pastor, evangelist and local preacher. During this time he were the partition wall between this life and eternity so thin that he could clearly discern and hear clearly the realities and beauties of the Glory Land.

His passing was painless and beautiful. Having eaten his breakfast and while engaged in family prayer, he was stricken by apoplexy, from which he died two days later.

It is worthy of note that the Clancy years of affiliation extended a total of 242 years of effective Christian service, that all the children are Christians, that the twenty-three grandchildren and four great-grandchildren are members of the Methodist Episcopal Church.

The services were in charge of the Pastor, Rev. W. W. Dell, assisted by Dr. Samuel Dickie and Dr. F. S. Goodrich—The Albion Recorder.

LETTER TO THE EDITOR.

Napanee, May 5th, 1922.

To the Editor of the Napanee Beaver.

Dear Sir,—In replying to the investigation who appeared before the Council on Monday evening, May 1st, respecting the East St. sewer, I made the statement that Judge Madden had paid about $17.00 towards the cost of the construction of the East St. sewer. My statement was made from memory, and on looking this matter up I find that the amount actually paid by Judge Madden was $23.82, and I wish to make apology to the Judge for my mis-statement.

The total amount paid by all property owners on East St. towards the construction of the East St. sewer is $168.54.

Thanking you,

I am yours sincerely,

MARK P. GRAHAM, Mayor.

OBITUARY.

Mary Elizabeth Schuster.

In the death of Mrs. Schuster, which occurred at the residence of her son, in Pittsburg, Pa., on Thursday, April the 27th, 1922, this entire community has lost one active church worker and organizer.

The late Mrs. Schuster was formerly Miss Mary E. Wright, and was born in Napanee eighty-seven years ago. She was a daughter of the late Patil Wright, one of Napanee's pioneer business men, a U. E. Loyalist, and an active member of the Kingston Militia in the early days of military life in the Limestone City.

Mrs. Schuster was a public school teacher in the Town of Napanee in her early girlhood days, and her husband was the late A. Schuster, Methodist Minister, Lecturer and Missionary, who succeeded her to the grave three years ago.

Mrs. Schuster was buried from the residence of her son, Captain W. E. Schuster, at Belleville, on Saturday, April the 29th. A special funeral service was held at the City Mission building, of which Institution she was the founder, the funeral services being conducted by Dr. Cleaver, Dr. Baker and the Rev. Mr. Kerr.

Mrs. Schuster leaves two sons, Charles A., of Pittsburg, and Capt. W. E. Schuster, of Belleville, and one sister, the last surviving member of a large Napanee family, Mrs. Edward Merrill, of Toronto, formerly of Picton, widow of the late Judge Merrill.

The Late Hilton Wilson.

On Thursday, May 4th, 1922, a sad death occurred at the home of Mr. and Mrs. Percy Wilson, Bickmell's Corners, when their eldest son, Hilton Eugene, passed away, after four weeks' illness of pleuro pneumonia, followed by heart trouble. Although only a lad of nine years, he was ever ready and willing to do his part in any duty assigned to him, and was possessed of a bright and cheery disposition and excellent singing qualities, and always had a smile and cheery word for each of his many friends and acquaintances, who deeply regret his early demise. There are left to mourn his loss his parents, one brother, Hamlet, and two sisters, Ina and Keitha. The sympathy of the community is extended to the family in their sad bereavement.

The floral offerings were beautiful and consisted of the following:—Pillow, family; sheaf, Uncle Tom, Aunts Emma and Jessie; wreath, heart, Grandpa and Grandma Gerrison, Aunts and Uncle; wreath, teacher and scholmates and friends; Roy Sampson and Mrs. Clarence Boulton; cross and bouquet, Mr. and Mrs. Percy Scott and family.

The funeral was conducted on Sunday at 2 p.m., by the Rev. Mr. Lemmer, at Camden East Methodist Church, where a large number of friends and relatives gathered to pay their last respects. To show the high esteem in which he was held, the teacher and pupils of Bickmell's school marched in a body to St. Luke's cemetery, where the deceased was laid to rest in the family plot.

The flower bearers were Marion Simmons and Helen Scott, while those who acted as pall bearers were Bert Scott, Clarence MacDonald, Clarence Blakely, Cecil Simmons, Milton Dunn and Carmen Hyland.

QUESTIONS AND ANSWERS ON FORESTRY.

By the Canadian Forestry Association.

How much money is spent annually in Canada on forest protection equipment such as cruisers, motor launches, telephone lines and other materials needed for rapid transportation and communication ?

A. As nearly as we can estimate $400,000. Ontario, for example employs one thousand fire rangers and spends over $500,000 on the wages of these men and necessary fire detection and fire fighting equipment. British Columbia will spend $115,000 this year on forest protection equipment.

Q. Is the British Empire self-sustaining as regards its timber supply ?

A. The Empire is unquestionably owns sufficient timber resources to meet all requirements, although Canada is the only part of the Empire having a considerable supply of coniferous wood, such as pine, spruce, fir and cedar. The fact is, however, that the United Kingdom draws over 88 per cent. of her timber supply from without the Empire. The three main sources of supply are Russia and Scandinavia, South West Europe and North America. Canada sells the United Kingdom about ten to fifteen million dollars worth of timber annually. The reason for the preponderance of Russia and Scandinavia in the Old Country is to be found in the much lower freight rates.

Q. Is the quantity of timber cut for lumber in Canada since 1912 increasing or decreasing ?

A. We are cutting less timber for lumber purposes as compared with the annual felling of pulp wood for which the output of paper is increasing rapidly, chiefly on account of the supplies are being exhausted in the United States.

Q. I have read somewhere that the great forests of India are in control entirely of technical foresters and that while the cutting goes on at an enormous rate, the capital stock is not being impaired in any degree.

A. Your assumption is quite correct. The forest operations in India are wholly under the direction of trained forestry officers, graduates of British forestry schools. As a consequence the forest resources are not being impaired although cutting is allowed to proceed to supply most the needs of the population. Furthermore the control of forest operations by foresters has made for the Government of India a profit of 772,000 pounds sterling per annum. India's forest management is generally regarded as the finest in the world.

THE UPTONS AND BRYANT TO BE TRIED ON THE 13th OF JUNE.

Erwood Upton and Sherwood Upton, who are now serving a four-year sentence in Portsmouth Penitentiary, and Frederick Bryant, who is in jail awaiting trial on the charge of murdering Constable Beard, of Napanee, on the morning of August 28th last, shooting of Constable Cotter and taking part in general robberies, will appear at the sitting of the County Court, Kingston, which opens at the Court House, on Tuesday, June 13th, at 2 p.m., to answer to some of the charges against them. J. L. Whiting, K.C., who is conducting the prosecution, did not state definitely what the charges will be, but it is understood that the three young men will be charged with shooting Detective James Cotter and that Bryant may be charged with breaking into Masbond's fancy store. It will be remembered that when the Upton brothers were charged with breaking into Masbond's store they pleaded guilty, but would not implicate Bryant.

Bryant, who has been confined to the county jail for five months, under a special guard, has been a model prisoner. It is thought that if he is found guilty on any of the charges, the Judge when sentencing him will take into consideration the time that he has been confined to Jail.

The Upton brothers, who pleaded guilty on the charge of manslaughter, are still waiting sentence on this charge. It is not likely that Justice Riddell will announce his sentence until all the other charges are disposed of. It is not yet known whether Bryant will be tried on the charge of murder at this sitting of the court, which will be presided over by Judge Madden.

MORVEN.

The Quarterly service, which was held in the Brick Church, on Sunday morning, was largely attended. Many expressed their regret that it was the last service of its kind to be given by our Pastor, Rev. R. C. Tait, to this congregation.—Mr. and Mrs. Clarence Sharp spent Sunday at Mr. Sharp of her parents, Mr. and Mrs. J. Alb. Bell.—Mr. Matthew Mills, of Napanee, spent the week end at home.—Mr. and Mrs. John Forrester, of Bath, visited at Mr. John ralick's, on Sunday.—Miss Ada Welsh and brother, Mr. Welsh, of Napanee, entertained a number of their friends on Friday evening.—Miss Ada Kay, of Odessa, visited the Epworth League on Friday evening.—Mr. and Mrs. Sperry Fraser visited Chas. Histed, new Sperry last week.—Mr. and Mrs. L. Hartman spent Sunday last at Odessa with Mr. and Mrs. C. G. Wallace and children.—Mr. Earl Loucks, of Fredericksburg, spent Saturday evening to spend Sunday with his parents, Mr. and Mrs. Wm. Loucks.—Mrs. Addis spent last week end in Kingston with her mother and other relatives.—Mr. Wm. Loucks, sen., spent Monday last in Kingston.—The funeral service of Mr. Percy Wilson's little son, Hilton, was held in the Methodist Church on Sunday last, at 2 o'clock. The sermon was preached by the Rev. Mr. Latimer, of Wilton, and the remains were laid to rest in St. Luke's cemetery to await the Resurrection morn.

ENTERPRISE.

The weather is ideal, and most of our farmers have finished seeding, and are working on their planting ground.—Quite a number from here attended the funeral of Mrs. S. B. Wagar, which was held at her home in Verona, last Monday. The late Mrs. Wagar was a resident of Enterprise for many years. Mr. Merrell and son, Percy, have the sympathy of all their friends here in their bereavement.—Mr. Sherman Wagar, of Kingston, is home on parole.—Our postmaster, Mr. Geo. Fenwick, has treated himself to a Dort car.—Our new bakery are doing a rushing business.—Miss Blanche Husband has been engaged since on Mr. Wellington Lockwood, who we are pleased to state is improving fine.

For spraying fruit trees and berry bushes, get the latest material at Hooper's.

BELL ROCK.

Rev. Dr. Lawson conducted Quarterly service in the Methodist Church here last Sunday.—Miss Lottie Wescott visited the schools in this vicinity last week, examining the pupils during the time this fine weather.—Building is brisk at the Bell Rock cheese factory once more, under the management of Mr. A. W. Till.—Recent visitors: Mrs. Geo. Lakins, Verona, at A. Smith's; Mrs. Flora Thompson, of Northbrook, at Hicks'; Mr. and Mrs. F. L. Amey, Selby, at their daughter, Vivian, at J. Pomeroy's.

NEWBURGH.

The vacant lot on Main street, opposite the property of Mr. Wm. Sutton, has, for the time being, been secured for a play ground for the children of the Public School and those younger. The care of it has been taken over by the local branch of the Junior Red Cross, and a set of rules governing the play ground has been drawn up.

The Rev. Dr. Young, of Montreal, occupied the pulpit in the Methodist Church on Sunday morning last on the occasion of the regular Quarterly service.

The annual meeting of the Bible Society was held in the Methodist Church on Tuesday evening, and was presided over by the President, the Rev. Mr. Dickinson. After the usual business, Mr. Claude Brethen gave an illustrated lecture on the work of the Bible Society.

At the annual meeting of the Methodist Sunday School held at the home of Mrs. Winter one evening last week, Mr. Thos. Cook, of Wesley, was chosen as Superintendent for the coming year, following the resignation of W. W. Adams.

A number of the villagers attended the funeral of the late John Yeomans, at Wesley Church, on Monday afternoon.

Miss Ella Yeomans spent last week in Napanee, with Mrs. J. Eadie, and attended the funeral of her sister, Mrs. Vanluven.

The High School boys played their first ball game on Tuesday evening, when they played against Yarker team. The game resulted in a score of 9 to 2, in favor of the Yarker team.

NAPANEE TO POMPEI.

From Napanee to Pompei is a long stride in the matter of miles, but a far longer one when measured in years. For sixteen hundred years its stately palaces, well paved streets, public buildings and commercial houses lay buried in the ashes of Vesuvius, still tenanted by the ghastly remains of the greater portion of its 80,000 inhabitants. The catastrophe which destroyed the city was so overwhelming that the enormity of the task forbade all attempts, at the time, to remove the mountains of volcanic matter which concealed all trace of its existence. The fear of angering the gods that brought about its destruction played also an important part in leaving the entombed city undisturbed for ages, until the antiquarian turned his attention to its hidden treasures. For nearly two centuries the excavations have been carried on with more or less energy and still little more than half of the ruins have been uncovered.

Our first glimpse of Pompei was from the edge of the outer crater of Vesuvius, where one of the party, warming his hands in the sulphurous fumes of one of the dozens of mysterious chimney holes of the gigantic furnaces, shouted to a more timorous member, shivering on the brink, ankle-deep in snow, "come on down, the smell is fine". But he didn't come, being somewhat fearful that his additional weight might cause a cave-in with disastrous results to the party. We were all quite content to make a hasty retreat and regain sea-level with its lemon orchards ready to yield their golden fruit; but a little timid about the funicular railway with its 45 degrees grade, and wondering what would happen if the cable parted. We lest no time in presenting ourselves at one of the gates of Pompei, where for a modest fee we were admitted and free to roam where we would. Hailing from Napanee it was quite natural that the well-paved streets should attract our attention. It is 1900 years since they were repaired and the well, defined chariot ruts show that they were subjected to hard usage; yet they are in perfect condition. The flag-stone sidewalks would put to shame the cement walk on Dundas Street, and the sewerage system which without repair resumed work over a century ago, is still in good order. The street crossings are huge boulders flattened on top, which the chariot wheels straddled, and they, to-day serve their purpose very well.

On every hand there was evidence of opulence gayety and prosperity at the time of the calamity. The Mosaic floors and frescoed walls in the homes of the wealthy were in many instances as complete as if done a few months ago, and the original lead plumbing for supplying water to the fountains in the inner courts was still in working order, not perfect it is true, but it was buried 1700 years before Napanee had a place on the map, and was uncovered with pick and shovel before a pipe of any kind was laid in our town, and has been exposed to the weather ever since, and yet :- but we will forbear making any further comparisons.

In going through some of these homes we were impressed with the thought that with all our boasted advancement, we have but few advantages to-day over the Pompeians of the first century so far as the comforts of the home are concerned and in many other respects. Our houses are certainly not as picturesque. Our modern heating and lighting systems are decided improvements, but the want of these was not severely felt for the climate was mild and the day for either work or pleasure was more generally measured by the rising and setting of the sun. Drinking water was supplied by a public system of water works, and soft water by private ones. The household utensils, thousands of which were recovered from the ruins and are preserved in the museums, were well adapted to the purposes for which they were used, and bear a striking resemblance to those in modern use.

The provision for the entertainment of guests during the feasts was on an elaborate scale, and the domestic baths with the rooms of graded temperature are rare in the private homes of to-day.

The amphitheatre, with its seating capacity for thousands, provided public entertainment for the citizens, varying from the drama to gladiatorial contests. The Hall of Justice, judging from what remains of the building, was an imposing structure and it is a well known fact that little if any improvement has been made in the recognized principles of administering justice since the judges delibcrated within its walls.

We left the gate just in time to catch the last train for Naples, and on our way back to the city we were of one mind that it would not have been so bad to have lived in Pompei 2000 years ago, if we could have escaped the unpleasant experience of being smothered and buried through a freakish outburst of old Vesuvius. The excavations are still going on, but not on a very extensive scale. The expense of the present operations is fully met by the entrance fees collected for admission to the city and the museum. The quantity of treasures recovered is enormous, and their value cannot be measured in dollars and cents. Bulwer Lytton appears to be accepted by the guides as the standard authority for the precise location of the numerous incidents referred to in his "Last Days of Pompei". The homes of Nydia and Glaucus are pointed out and the course pursued by them in their flight. There is a wide scope for the imagination in responding the empty houses and thoroughfares of the silent city, all of which was freely indulged in by the party upon their return to their rooms upon the mountain side overlooking the picturesque Bay of Naples.

Do You Want to Cut Your Chore Time in Half?

In the ordinary work of the farm you must pump more than a ton of water a day.

Why take the time and trouble to do this work when the wind will do it for you for.

A Toronto Windmill will cut your chore time in half. Make money for you. And I recommend it as an efficient worker. It needs little attention outside of an occasional oiling. And it costs nothing to run.

And if you want a real water service, self-governing water under pressure everywhere, you'll be interested in Toronto Tank and Toronto Water Systems.

Let me tell you about them.

He Is Satisfied With The Results

THAT'S WHY HE PRAISES DODD'S KIDNEY PILLS.

Quebec Man Who Suffered From Bright's Disease, Diabetes and Backache Gave Dodd's Kidney Pills a Thorough Trial

St. Prosper, Dorchester Co., Que., May 8th. (Special) — Mr. Rochelle, well known and highly respected here, is one of all his friends of the satisfaction he got from the use of Dodd's Kidney Pills.

"I suffered for many years from Bright's disease, diabetes, backache and lumbago," Mr. Larochelle states. "I took from 10 to 15 boxes of Dodd's Kidney Pills.

"I can tell you I am satisfied with the results. I advise all who use Dodd's Kidney Pills to take enough to make them well."

Dodd's Kidney Pills have been in use in Canada for more than a quarter of a century. They are known by the good they have done.

Ask your neighbour if Dodd's Kidney Pills do not make healthy kidneys.

DENBIGH.

A very interesting wedding took place on the afternoon of the 26th ult., in the Lutheran Church, when Miss Freda Martha Roth, youngest daughter of Mr. and Mrs. Chas. Roth was united in marriage to Mr. Henry Wm. Rosen, of Killaloe, by Rev. M. Voye, of Eganville, in the presence of a large number of relatives and friends. The bride was assisted by Miss Anna Stein, and Mr. John Roth, brother of the bride, assisted the groom. After the ceremony in the church a reception was held and a dainty supper was served in Mr. C. Roth's public hall. The bridal couple were the recipients of many beautiful and useful presents. They are going to make their home in Killaloe, where the bride has been teaching school for several terms.—Albert John was for a few days last week a welcome guest of his parents, Mr. and Mrs. Wm. John, but left again for his present homestead in New Ontario. — Miss Pearl Ready, who has been employed in Montreal, has arrived home. Her brother, Alfred, left for Toronto on business.—Rev. G. J. Gaul was a few weeks away at his home in Osborne, but has arrived again, accompanied by his son.—Mr. and Mrs. Solomon Bebee, of Tennechar, have had the serious misfortune of having their beautiful home, nearly all contents, destroyed by fire on Monday last. Some insurance was carried on the building, but none on the contents. —A much more serious accident happened last Tuesday to Huston Armstrong. He was drawing a load of hay for Mrs. Ready with her team. One of the horses is tricky and started to kick, striking the fork which the young man held in his hands, and the end of the fork handle struck him in the face, breaking the nose and severely bruising the head. Dr. Adams at once attended to his injuries and sent him to the Kingston General Hospital. The young man has the sympathy and best wishes of everybody in this vicinity, and every one is anxious to learn the result of his examination by the hospital surgeons.

There are four points about Copalite Varnish worth remembering. It dries hard, gives a beautiful gloss, won't turn white with water and will not darken your floors. Sold in Napanee only at Wallace's.

A gloom was cast over this vicinity in the death of Mr. John Morley, a most highly respected resident of this place. Mr. Morley had won a great many friends through his kind disposition and friendly manner. Deceased took sick some eight weeks ago, and was taken to the General Hospital for treatment, but in spite of all that medical aid and loving hands could do he passed peacefully away to his last resting place early Monday morning. In religion he was a Methodist and a very prominent in all church duties. He was also of a willing character, ready to help anyone who was in need of it. He is survived by a loving wife, one daughter, Carrie, and one son, Gordon, both at home. Much sympathy is extended to Mrs. Morley and family through the loss of an affectionate husband and loving father.—Mr. A. M. Smith is recovering from a severe scalding received while killing pigs.—Miss Mary E. Lockwood spent some days last week visiting her aunt, Mrr. Herb. Burnett, Odessa.—The infant daughter of Mr. and Mrs. Ross Revell is on the sick list.—Quite a number of people are feeling "blue" with la grippe.—Mr. W. Grass has his new ice cream plant nearly completed.—Misses Mary and Emma Lockwood spent Sunday with Mr. and Mrs. Fred Conway, Collins Bay.—Mr. and Mrs. H. Lockwood spent Sunday with Mr. and Mrs. Ross Revell.—Mr. and Mrs. Alfred Babcock and daughters, Hazel and Phyllis, and Mr. Geo. Cadott motored to Batterson and spent Sunday last the guests of Mr. and Mrs. Bert Compton.—A baby girl has applied for board with Mr. and Mrs. Ernest Sproule, Westbrook. —Miss Julia Babcock, of Pennsylvania, spent a few days recently with her brother, Mr. Alfred Babcock.—Much sympathy is extended to Mr. Kellar, in the loss of his house and contents on Tuesday night last.

The Valleys are the thin streaks
The Hills are the thick streaks

PAINT streaks are caused by the brush marks. No matter how much it is brushed, if the paint is cheap the brush marks are bound to show.

Good paint levels up to a smooth surface. Cheap paint dries with hills and valleys that are alternately strong and weak.

Just as a chain is only as strong as its weakest link, so is a film of paint only as good as its thinnest places—the valleys.

Most paints are made of only three things. Lowe Brothers High Standard is made of six—three more ingredients that exhaustive laboratory and practical tests have shown to be necessary to make good paint.

Add to this the fact that the ingredients are more finely ground, and you can understand why High Standard will always smooth out to a uniformly thick surface. Which is also the reason it lasts longer, and looks better as long as it lasts.

Come in and see the sample panels and ask for literature.

High Standard goes on smooth and stays smooth. That's why it looks better and lasts longer.

She was technically accused of manslaughter, but those raven locks, those flashing black eyes, those pearl teeth and that enchanting smile were working havoc on counsel, jury, and judge.

Obviously, if things could be made easy for her they would be, and she was given to understand that court proceedings were a pure formality.

"I understand," said counsel for the prosecution, "that during the absence of your husband you shot the burglar."

"I did," the beautiful lady admitted.

"What became of him ?"

"Why, the other burglar took him away."

"Which other burglar ?"

"The one I shot at."

QUESTIONS AND ANSWERS ON FORESTRY.

By Canadian Forestry Association.

Q.- I understand that Canada has made some practical contribution in restoring the forests of the British Isles devastated by war necessities. What does this amount to ?

A. The Dominion Forestry Branch has sent the British Forestry Commission over 13,000 pounds of seed, mostly Douglas Fir, Western Hemlock and Sitka Spruce, (British Columbia trees) and this great quantity will be planted in nursery beds and millions of young trees developed therefrom. The number of seeds averages about 200,000 to the pound which would make the Canadian contribution almost three billion tree seeds. Of course this entire number will not germinate and only a fraction will reach maturity when the seedlings are planted out in the forests of the Mother Country.

Q. How many forest rangers are guarding the forest wealth of Ontario this year ?

A. About one thousand men. The amount spent by Ontario on forest protection is approximately $500,000.

Q. How many men were killed and injured in the air patrols for forest protection purposes last year in Canada ?

A. One man was killed in the carrying out of the entire programme of the Air Board, which included total flying distance of 181,000 miles. There were a few casualties in privately-flown machines but considering the distances covered, the loss to personnel compared excellently with an average season of canoe and other standard forms of patrol.

Q. Is there any preference as between young trees developed in a nursery and seedlings taken from the woods for planting in open spaces.

A. By all means stick to the nursery-grown stock. It may be smaller to commence with but usually it will produce a larger and healthier tree within a very few years.

HOGS WANTED.

Hogs, Cattle, Calves and Lambs Wanted.

Will ship hogs on Monday, May 15th, and will pay the highest market prices for select hogs weighing 150 lbs. and over; 3c. to 4c. off sows. Good veal calves from 5c. to 8c.; extra good ones more, according to quality. It will pay the farmer well to veal his calves from now on, as price of milk is low, and the rush of calves is about over, so the price of veals is sure to advance. Bring your hogs and veal calves to me, as I am in the market every week for both hogs and calves and can pay as much or more than any other buyer.

'Phone 238 before selling.

C. W. HAMBLY.

Hogs and Calves Wanted.

Will not ship hogs and calves on Saturday, May 13th, but will ship on Saturday, May 20th. Hold your hogs and get the highest price.

Phone 47. G. H. WILLIAMS.

500 Calves Wanted.

Will ship hogs and calves on Monday, May 15th, and pay 4c. to 9c. for calves. Bring in your calves on Monday as the market has advanced in price. Veal your calves as prices for calves will be advancing. Can pay the highest prices for hogs. Fat cattle wanted, at the highest prices.

Tel. 226. FRED WILSON.

CUSTOM HATCHING.

The poultry business leads all other branches on the farm as a profit-maker. Just think of over 90 tons of dressed poultry being sold in our town on only 2 days last fall at very high prices. This amount represents less than one-third of the poultry sold in this county last year. Then, when you take into account the eggs, which amounted to over $199,000, a grand total of $225,000. Are you getting your share of this great money making industry. If not, start in now.

In order to help you get started right, The M. B. Mills Co. will do custom hatching at reduced rates. We will also take orders for Day-old chicks of the popular breeds.

We are agents for the best Incubators made, the celebrated Buckeye Hot Water machines; also best Brooders. Can give clear instructions with the machines running before your eyes, so anybody can easily learn to handle them. Remember the most important thing is that your chicks hatched early when you want them in good numbers, not waiting in disappointment for the clucking hens. Get your orders in now and be ready. We buy and sell poultry any day of the year round.

"Scotch Madras", a Leader In Curtain Materials.

We have just placed in stock a large delayed shipment of Scotch Curtain Madras, imported direct from the factory in Scotland. This celebrated John Brown & Son's make is acknowledged to be the best made. The patterns are all new for this season, and come in Cream color only. Made from selected Egyptian Cotton, it will stand both sun and washing much better than the American Cottons. We are so sure of the quality that we guarantee every yard to give perfect satisfaction. Come in widths of 36, 45 and 50 inches, and in prices of 50c., 60c., 65c., 75c. and $1.00 per yard. These prices are just half of last year's values. We are sole agents in Napanee.

This Month Women Are Directing Their Thoughts To Dresses

GARMENTS THAT MAY BE WORN DURING THE "TEA-HOUR"; WHILE "MOTORING", OR FOR THE "PORCH"

INDIVIDUALITY IS THE CHARM OF OUR PRESENT ASSORTMENTS.

Not, how much material for the money, but rather how much art in style, how much smartness of line, how much richness of material, is the way we choose and buy our dresses.

If there is one thing that a woman wants in a dress, we feel it is "original individuality". Then, too, the price must be correspondingly consistent. We feel that the amount of dress value we exchange per dollar is unusually large.

Styles for "Summer" present many pleasing innovations, the elastic waistlines are youthful, the sleeves come in a variety of lengths ranging from real short puff sleeves to those of wrist length. Skirts are ornamented and trimmed in numerous methods, including drapery, tunic, panels, embroidery, pleatings and motifs.

Taffeta Silk is one of the leading fabrics, while Canton Crepe is exceedingly popular. Ratine Voile and Ginghams are good for hot days.

For Dresses that are truly distinctive, we urge you to investigate our present offerings.

The Dress reproduced is made from Checked Homespun. The fringe trimming is extremely fashionable. Collar is of White Kid. Priced $27.50.

Examine Our Range of Men's Suits at $25.00

Extra Good Values in Men's Suits

All Wool Blue Serge, $25.00

Medium heavy All Wool Botany Serge of a Fast Navy shade, "properly made" in Men's Semi-Conservative two-button Sac Suits. This Suit is lined with "all wool" Twill Italian, and very neatly stitched and tailored. An exceptional value at $25.00.

Right here we want to say a word about prices. We want lower prices even more than our customers. They would be a great stimulant to business. But further reductions are going to be very slow. Travellers are now out with Fall samples, and Suit prices are about the same as this season.

We would, however, like you to keep in mind that our prices have been reduced by 40 per cent., and the quality of cloths, trimmings and make has been very much bettered.

All Wool Tweeds, Special at $15.00

A neat Grey Green Mixture in All Wool Basketweave (Canadian Tweed), made in Men's 3-button Conservative or Young Men's Semi-Fitting, all-round belt style. The coats are neatly cut in stylish models. The Vests have five pockets, and the Trousers have belt straps, medium-or small legs, and plain or cuff bottoms. Very Special at $15.00.

Khaki Pants on Sale, $1.98

Firm Twill Dennim in a neat Olive Khaki shade, properly and neatly made and finished with five pockets, belt loops and cuff bottoms. A $3.00 pant last year. On sale for a short time, at $1.98.

OLDEST HORSE IS 51, DR. McCULLY FINDS UPON EXAMINATION.

AND CLOVER IS YET MANY YEARS FROM HIS END, SAYS PRE-EMINENT VETERINARIAN.

Because the story of Clover, the horse belonging to a Pennsylvania clergyman, has aroused international interest and because doubt has been expressed by scientists and horsemen whether it were possible for a horse to attain the age of fifty-one, which Dr. Myers, his owner, claims, The World commissioned Dr. R. W. McCully, considered the foremost veterinarian in America, to go to Catawissa and make an examination of the animal.

Dr. McCully, who is chief veterinarian for the Jockey Club and has written much on horses, given it as his opinion that the horse may well be fifty-one, and furthermore that he is "yet many years from his end."

With this pronouncement Clover takes a place in history. He is the oldest horse on record. The story of the examination follows:

By R. W. McCully, V.S.

Catawissa, Pa., April 18th.—Clover has the oldest mouth I have ever examined. I have seen horses, twenty-five, twenty-seven, thirty years old, but he is the oldest. He is an old, old horse.

Everything about him points to advanced age; his mane, the hair in his tail, his swayback and the atrophy of the muscles of his neck and shoulders.

The Rev. Dr. Uriah Myers told me to-day that he has owned Clover thirty-five years and before that the horse was raced as a trotter and used as a workhorse more than ten years. In those days it was not the custom to race a trotter until he was at least five.

I can well believe the horse is fifty-one years old. He has the oldest face of a horse I ever have seen.

Still Sound, Clean-Limbed.

I first examined the horse's mouth, then his legs and hoofs, as though I were passing on a thoroughbred. I found his general condition good. He is sound in wind and had wonderfully clean legs. There is a lustre to his coat that is remarkable in an animal so old. His only blemish is a cataract on the right eye. This is not necessarily traceable to advanced age.

I believe constant care, careful feeding and regular but not too strenuous exercise are responsible for Clover's long life. No horse in the best appointed racing stable in this country is fed better or more carefully selected food. Dr. Myers, for all that he is a man of the cloth, is a keen judge of horses.

Clover's ration, twice daily, consists of one scoop of bran, one of middlings and two of a mixture of oats, clover and molasses, topped off with three ears of corn. It takes him a long time to eat this, as he masticates slowly.

It is hard to tell the exact age of a horse by his teeth after the fifteenth year. However, the contour of the mouth changes with age. In a young horse the teeth meet at an obtuse angle, but as the animal grows older the angle becomes more and more acute. Judging by this, Clover has the oldest mouth I ever saw. His incisors are as long as a man's forefinger and straight in the jaws. This is not surprising thing is that the teeth are in as good condition as those of a ten-year-old horse. His molars are perfect and in this lies the secret of his health.

Another thing much in his favor is a big, deep mouth. As a rule horses with little fish mouths are little good.

There is no doubt in my mind that this horse is of standard bred trotting family. His head, particularly, resembles that of Rysdyk's Hambletonian. Even though age has left its mark on the head, which is turning gray, there is the look of the trotting horse about him.

Clover is a bay gelding, 16 hands, weighing about 1,100 pounds. He stands squarely on his feet, although his nigh foreleg is about a half inch longer than the other; however, this is a natural conformation. This had no effect on his gait, for he walks without the slightest indication of lameness.

He is remarkably spry and playful. When I examined him in his box stall to-day I was astonished at the quickness of his movements. He lies down and gets up with ease, a sign that he is still many years from his end. One of the first symptoms of marked old age in a horse is the difficulty of lying down and getting up again.

The horse never has been overfed hard, but Dr. Myers tells me he has driven him fifty-four miles in seven hours with perfect ease; also that Clover has trotted a mile in 2.22 and paced a mile in 2.17 many years ago, of course. Last year his greatest effort was carrying Dr. Myers and his wife to the Bloomsburg Fair and back a distance of about ten miles, but his owner believes he could do fifteen miles a day without any physical strain.

What a Horse for Endurance.

What a horse he would be to start in that endurance race the army officers ride in every year were he many years younger. In this test he would be meeting thoroughbred and standard bred horses.

The phrase "hot-blood" and "cold-blood" as applied horses is just a phrase, but those that are not thoroughbred or standard bred are just scrubs. The thoroughbred, the galloping race horse, is the oldest strain on account of the length of time through which the purity of his pedigree can be traced.

The standard bred, too, must show a certain number of uncontaminated crosses. This standard bred is longer lived than any other breed. It has heavier bones and more flesh and less nervous energy and consequently makes a better work horse than the thoroughbred because of the higher sensitiveness of the latter, which when put to laborious tasks wears himself out pulling against the collar.

When a horse reaches an age that makes it notable many are ready and eager to question the bearing their contention or reconcile their horses to live 25 years. There is no reason why there should not be an exception, why a freak should not crop up now and then, any more than no man should live to be 100 years old.

It was established to my satisfaction that Dr. Myers has had the horse Clover in his possession for 35 years. Even with lack of proof of his age, he is an exceptionally old horse.

Clover, the Oldest Horse.

Accepting the opinion of Dr. R. W. McCully, the experienced veterinarian whom The World commissioned to examine the horse Clover, the pride of Catawissa is fifty-one. Very few horses live to be thirty-five. At that age Clover was a youngster. Since those days of his childhood he has put sixteen years behind him and is out to better his record and add to his fame.

That Dr. Myers, the clergyman who owns Clover, has had him for thirty-five years has been established. Before that he "was raced as a trotter and worked as a work-horse for ten years," according to the evidence gathered by Dr. McCully. Only last year he made a trip of ten miles, a remarkable feat for a horse of that age. Whoever doubts it is quarrelling with the facts and may as well admit that he is beaten. There are people that will question the calendar and argue that the sun is ahead of time.

Clover is fifty-one. He owes it to his good stock, to his good habits, his playful disposition, his sound appetite, regular feed and exercise and the excellent care he has had at his master's hands. It is a partnership that reflects great credit on horse and owner. They have lived together the best part of their lives, are inseparable friends and deserve well of the world.

—We congratulate our esteemed and progressive townsman, Mr. Geo. Tustin, on bringing to Wonderland Theatre that wonderful picture, "The Three Musketeers". This picture was well deserving of the liberal patronage accorded it, and more shows of that calibre would be greatly appreciated.

—Mrs. George Fitzpatrick, a life long resident of Napanee, passed away on Friday morning, after a week's illness of pneumonia. Deceased, whose maiden name was Sarah A. Grange, was born near Napanee. She is survived by her husband and two children, Mrs. Jas. Foster, Kaladar, and Hugh Fitzpatrick, Picton, and three grandchildren, Cecil Foster, Toronto, George Foster and Mrs. Robinson. She was seventy years of age. The funeral took place on Sunday afternoon, service at St. Mary Magdalene's Church, interment in Riverside cemetery.

—The Choir concert given by St. Mark's Church, in the White Hall, Deseronto, recently, was a complete success. Where all did well one cannot specialize. "The Baby Show" "The Lost Child", "Afternoon Calls", "The Sunflower Drill", and the sketch "Watermelon Pickle", were deserved-ly applauded; also Miss Hall's reading and Mr. C. Cottle's song. The duet, "I Don't Want to Play in Your Yard", was excellent; also the song, "That is What the Little Girl Said". The Rev. E. Radcliffe moved a vote of thanks at the conclusion of the programme, when he said the whole entertainment reflected the greatest credit on Mrs. John Dale and all who assisted her in giving the large audience such an enjoyable evening. The Choir funds were nicely augmented.

—Sunday, April 30th, was a red letter day for the Methodist Church at Cressy. After two weeks of special services conducted by Evangelist, Rev. P. A. Scott, Ph.B., of Napanee, assisted by the Pastor, Rev. F. J. Pethick, a reception service was held, when over fifty young and old united with the church. It will be a service long to be remembered as so many young men and young women were received, while in several cases entire families were converted and received into membership. The Cressy meetings followed a two weeks' revival in the Waupoos church, where Mr. Scott assisted, and where over fifty confessed Christ and united with the church there. These two communities have been greatly stirred and the churches wonderfully inspired by the powerful messages preached in the demonstration of the Holy Ghost power. Mr. Scott is now in the second week of services in the Bongard Church on the same circuit. A very great interest has already been created, and many have already accepted Christ here.

Long Distance puts the

Big Warehouses at your Elbow

"No, I won't load up with a big stock" — said the enterprising but cautious dealer — "if they sell as well as we hope, I can easily get in touch with your house by Long Distance and order more of them."

Re-ordering by Long Distance makes it entirely practicable for dealers to carry small stocks, thus keeping down their capital investment, and yet not lose sales by being out of stock. The wholesaler's and manufacturer's warehouses are virtually at the dealer's elbow. The goods are often shipped the same day.

It also enables dealers to try out the novelties and new styles people have been reading about and are asking for, on which the margin of profit is usually greater than on staple lines. "Use the Bell to Sell" — and to Buy.

SILOS AND SILAGE FOR DAIRY COWS.

Experimental Farms Note.

The time has long since passed when a silo ceased to be an experiment. No matter in what section of this broad country of ours a dairy farmer may be located he can own a silo and some form of silage to advantage. Briefly, the advantage of having a silo lies in the fact that it provides cheap, succulent, nutritious, palatable feed throughout the winter months and even during the dry spells in summer if necessary. This in turn makes for healthy, thrifty cattle and economical production of milk.

Silos may be made of wood in various forms, of solid cement, of cement or tile blocks, or even in holes in the ground lined with cement, the latter being known as pit silos. The prospective builder must choose the type best suited to his conditions and capital. Properly built, any one of them will keep the silage. The four fundamental factors in a silo are strength to resist the pressure the silage exerts; close construction so as to exclude all air; smooth, straight walls so as not to impede the settling of the silage in the silo; and a handy means of getting out the silage. As regards design, the larger diameter silo costs less per ton capacity than the smaller both being the same height; of two silos of the same diameter, the higher gives a greater capacity per foot height than the lower. The silo which provides proper storage for silage at the least cost per ton is the silo to build.

Silage may be made from quite a large variety of farm crops, including corn, sunflowers, peas, oat and vetch mixture, sweet clover, red clover, and some of the grasses. Of the above mentioned crops, corn, where it can be grown, is the ideal crop as it gives good yields and makes an excellent quality of silage. If unable to grow corn, sunflowers are about the best substitute in most localities but they do not make as palatable a form of silage. These two crops are to be specially recommended, as they are sown in drills and intertilled, consequently help to keep the land free of weeds. The other crops mentioned all make good silage if ensiled in proper condition, but do not yield as heavily per acre. Mixtures of these latter crops would make as good and in some cases better silage than one single crop, particularly if corn forms a fairly large part of the mixture.

To make good silage, the crop must be cut in the field and put into the silo while still fairly green and juicy. It must be cut in short enough lengths to pack well and it must be packed well. As a rule, crops with solid stems make better silage than those with hollow stems as the latter carry too much air in the hollow spaces which can not be entirely pressed out. Too much air means too much fermentation and mouldy spots in the silage. This may be overcome by thorough tramping in the silo and by moistening the material with water when filling the silo, if it is too dry. Better silage results in a silo filled to the top and refilled after settling than one only partly filled owing to the extra pressure. Frost does not injure the silage in a silo provided it is used as soon as it thaws out, which it always will be if allowed to do before being given to the cattle.

Asthma Doesn't Wear Off Alone.—Do not make the mistake of waiting for asthma to wear away by itself. Nation-wide Fame.—There is scarcely a corner of this great Dominion where the merits of Dr. Thomas' Eclectric Oil have not been tried and proved. It is one of the world's most efficient remedies for sore throat, lame back and many other ailments arising from inflammation. Rubbed on the skin its healing power is readily absorbed, and it can also be taken internally.

He—You told me before we were married you would try to economize.

She—Yes, and when I did you assured me that you would work so hard that economy on my part would not be necessary.

Useful in Camp.—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Eclectric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or contusion, or sprain be sustained, nothing could be better as a dressing or lotion.

LOCK UP ALL YOUR COWS WITH ONE LEVER!

Let me show you the newest ideas in barn equipment.

The Gilson people of Guelph have started making Barn Equipment! And believe me, they've got out some revolutionary ideas!

They fixed Stalls and Automatic Stanchions for the modern outfit. I've ever seen. Strong, steady, clean. Make a dairy barn look as efficient as a modern factory. You can hook up any number of cows from two to fifty by simply throwing one lever! Release 'em just the same way—all together. I'd like to show you what comfort, cleanliness and convenience is built into these stalls.

In addition, I'd like to show you our barns, too, of some real handy labor saving gens. Gilson's have a wonderful water system. Makes a lot of difference in the amount of milk you get if cows are comfortable when they want to—that's right, to-me-quarters. Let me tell you about the gravity or automatic, sanitary Water Bowls.

And forget that mean job of stable cleaning down to its easiest form, the Gilson Self-Dumping Litter Carrier is a marvel. Raised and lowered with ease. A clean, quick way of handling a very necessary job. Let me show you some mighty interesting pictures. Before you equip your barn it will pay you to see me.

PITIABLE WRECK SAVED FROM EARLY GRAVE.

"I couldn't sleep, my nerves were all unstrung, I was steadily losing weight."

"My husband is a mechanic and earns good wages," writes one woman. "We have six children between the ages of seven and fifteen. Both my husband and myself have denied ourselves actual necessities to give our children the best schooling we could afford. I have often stayed up all night making clothes for them or doing mending. Besides this, I have always done the washing and ironing for the eight of us. I also do the scrubbing and the cooking. The outcome of this was that I was doing more than any human being could stand and so broke down. I became incompetent nervous wreck. I was reduced to a skeleton. I was in such a nervous, high strung condition that the least excitement would start me on a regular fit which I couldn't control. This breakdown meant keeping my children from school and help in the housework, because I couldn't do anything as the least exertion left me a wreck. I was the finest example of a complete nervous break down you ever saw. Everything was wrong with me—I couldn't eat, I couldn't sleep, I had that dreadful weak feeling which I cannot describe but can only be understood by those who have had it. I was so weak that I was ready to catch anything that was going. I tried several preparations but none of them did me any good. One day my husband came in and said, 'I see a preparation in a drug store called Carnol. No extraordinary claims are made for it and I have an idea it might do you good. We don't you get a bottle? They say if it doesn't do you any good they will refund your money.' I believe that advice of my husband's saved my life because seven weeks after I started taking Carnol I was doing more work than I had ever done before and was feeling stronger than I ever felt in my life." Drowned at Deseronto.

Oliver Sager, aged 47, was drowned at Deseronto on Saturday last. The victim went to the wharf to fish and it is surmised he slipped off and thus lost his life. Some time after he was missed an outer coat was found on the wharf, and from appearances he had been sitting upon it. Sager was a bachelor and resided alone. The body was subsequently recovered and an inquest was deemed unnecessary.

Fire at Deseronto.

Fire completely destroyed the junk shop of Joseph Shanfield at Deseronto on Saturday night, building and contents being lost. "We found the fire in the back part about nine o'clock on Saturday night", said Chief of Police Bowen, speaking over the long distance telephone, of the blaze. He said that the origin was not known and that there was no insurance on Shanfield's stock. The building was owned by Mr. Peter Wilms, formerly of Deseronto, and now of Kingston. On it there was some insurance. The total loss will amount well on to three or four thousand dollars, Chief Bowen stated. The fire brigade were able to prevent the blaze from spreading to the adjacent property.

Victoria Day at Picton.

Victoria Day, Wednesday, May 24th, will surely going to be some day in Picton, as the Directors of Prince Edward Agricultural Society are putting up bigger purses for races than ever before. There will be a great Ball game between Picton Intermediate Champions and an outside team. The Hastings and Prince Edward Regimental Band will give a fine band concert; and there will be held a big Victoria Day Dance in the Armouries at night. Take in the Str. Brockville's excursion to Picton on that day, and enjoy the delights of a trip on the waters of the beautiful Bay of Quinte. Boat leaves Napanee at 9 a.m.; Deseronto at 9.30 a.m. Fare for round trip, from Napanee 75c.; from Deseronto 50c. 19a

New Historical Publication.

After a number of years of patient labor and investigation, the Lennox and Addington Historical Society take great pleasure in announcing the completion of their publication, "The War Work of Lennox and Addington. The county has a record in war work of which every inhabitant should be justly proud, and the Historical Society has sought to preserve that record in a concise, accurate and attractive form. The actual cost of printing and publishing the book is about two dollars and a half a volume. But the Society has spent about five hundred dollars of its funds on the work. Liberal donations from the Red Cross Society, Napanee, and The Daughters of the Empire amount to another five hundred. So that the public is able to profit by these donations in that the book, which is costing in the neighborhood of $2.50, is to be offered for sale at $1.50. Only a limited number have been printed. The type has been all destroyed, so that after these on hand have been sold no more will be available at any price. Distributed from the Publishing Office, Napanee Beaver.

A bachelor who is forever "putting his foot in it", recently visited the proud parents of a new baby boy. The mother held up the bundle for inspection, and asked gaily: "Tell us now, frankly, which of us do you think he is like?"

After a careful examination of the baby the bachelor replied: "Well, of course, it is not very intelligent looking yet, but he's wonderfully like both of you!"

Napanee Board of Commerce.

There will be a general meeting of the Napanee Board of Commerce on Tuesday evening next, at 8 p.m., in the Town Council Chamber, to discuss the question of a weekly half holiday during the summer months. All members of the Board and any of our merchants who are interested in this question are requested to attend.

Death of Harold Parker.

Mr. Harold Parker, only son of Mrs. M. E. Parker, well known in Napanee, and a cousin of Mr. and Mrs. Benjamin Dayy, Napanee, died suddenly in Toronto on Tuesday. Deceased died after but a few days' illness of quinsy. The remains were brought to Napanee for interment. Harold was well known in Napanee, where he attended school. His death came as a great shock to his friends in Napanee. The funeral was held from St. Mary Magdalene Church yesterday afternoon.

Deseronto Woman Had Close Call From Death.

What might have been another tragic drowning at Deseronto, was prevented by the prompt action of Engineer Fred Cummings and Captain Barnup of the fish boat "Quinte Lady". The Quinte Lady was on her regular rounds picking up fish from the different fishermen around the bay and, when in Hay Bay, Mr. and Mrs. Morris Lloyd delivered their fish by a small boat. After the delivery they got permission from the Captain to be towed up the bay. As the Quinte Lady began to move, the smaller boat in tow capsized, throwing the occupants out in the water. Engineer Cummings seeing their plight, stopped the engine and sprung for Mrs. Lloyd and succeeded in getting her to the side of the boat where with the help of the Captain, she was pulled aboard. The lady, being unable to swim, was very thankful for the timely assistance. Mr. Lloyd, being able to swim, managed to make the side of the boat and was pulled aboard.

"Has your wife started her spring cleaning yet?"

"Yes, she's cleaned me out buying her spring clothes."

NEWBURGH.

There seems to be a falling off of the Newburgh High School students in the graduating classes of Queen's University since the days of the Fees, the Longmores, the Gandiers, and others. This year the sole connecting link between the school and the University is George Lewis, who graduated in Science. Newburgh High School regards Prof. Matheson as one of its boys. Although not a student he occupied a position on its teaching staff for four years, and so closely did he identify himself, not only with their work, but with their sports, that he is considered to this day as one of themselves by the students of that time One reason, no doubt, for the falling off of the number undertaking University work is the higher salaries paid to public school teachers. To this profession Newburgh has contributed representatives by the score, and their activities extend from the Ottawa River to British Columbia.

The Junior High School baseball team played a friendly game with Strathcona on Saturday, the score standing at 14 to 11, in favor of the school boys. Although the Newburgh baseball players have not joined the league, they will be able to give the teams in the league a chance for some practice.

There is a movement on foot to change the geographical boundaries of the Methodist circuit in at least part of this district. The congregations affected will be Wilton, Odessa, Union, Bath, Morven, Violet, Camden East and Newburgh. The new plan will not only render service more convenient, but will relieve the Sustentation fund of over $1000.00. The plan awaits the action of Conference for its approval or otherwise.

Mothers' Day was duly observed in the Methodist Church. A fine sermon was delivered by the Pastor, Rev. E. B. Cooke, who took for his text the portion of Scripture that describes the means taken by his mother to preserve the life of Moses. Besides the usual anthem by the Choir, there was a solo finely rendered by Mr. Chas. McKim, and a duet by Miss Switzer and Mr. Milne, which was much enjoyed.

Mail orders promptly filled at Wallace's Drug Store, Napanee.

ADOLPHUSTOWN.

Alban's Dramatic Club journeyed to Odessa and staged their two popular plays, "Aunt Susan's Visit" and "A Pair Married Man", to a full house.—The Canada Dry Ginger Ale Jazz Band furnished the music during the putting on a series of entertainments in the Parish Hall this week.—On Monday next, at 8 p.m., the Lord Bishop of the Diocese visits S. Alban's Church for Confirmation. On Tuesday morning at 10.30, he will consecrate the new chancel at S. Paul's Church, Sandhurst.—The first baseball game of the season took place on Saturday afternoon when the local team met and defeated the Enterprise team. The game was a fast one, the score being 2 to 2.—The Stc. Brockville is now making regular trips from Kingston to Picton, calling at Allisto's wharf.—Miss Marjory Smith left on Saturday for Toronto to enter the Hospital of S. John the Divine as nurse-in-training. She was accompanied by her sister, Miss Agnes Smith.—Mrs. Briscoe spent the week end with her daughter, Mrs. H. M. Johnston, "The Willows".—Miss Ruth Smith is the guest of relatives in Trenton. — Mr. Horace Austin is with Mr. and Mrs. J. L. Haycock, Sr., for the summer.—Mr. John Sayers, Picton, was a visitor here this week.—Miss Geraldine Allen and Miss Eleanor Ham motored to Belleville this week for the examinations of the Toronto Conservatory of Music.

Mail orders promptly filled at Wallace's Drug Store, Napanee.

MOSCOW.

The weather has been ideal for seeding operations, and farmers are through, and are working at their planting ground. We hope the weather man favours us with a nice rain now.—The Garrett, Neely and family were recent visitors at Mcnoew.—Mr. and Mrs. Charles Reid and family spent the week end at his parents', and Mr. and Mrs. Ross Reid accompanied them back to Belleville for a week's visit.—Mr. Korah Lee had the misfortune to have his car break down on the Bell Rock swamp road in the water and had to wire Yarker for help.—The Orange Lodge are holding a lawn social here on the 10th of June.

BETHEL

Mr. Percy Galbraith received 50,000 small pickerel, which he placed in Varty Lake. These were sent to him by the Government. Now the sports who reside on the shady banks during the summer months can have some game fish. But do they all give the fish a fair show?—The carpenters are busy at work at Clarence Allen's painting on galvanized roofs.—Mrs. S. Canada and Mrs. C. Milsap, Yarker, called on friends here Monday.—Mr. and Mrs. Max Gordanier and baby, of Elginburg, spent over night at Mrs. Perry Alkenbrack's, recently. — A number from here went to Yarker on Sunday to hear the Oddfellows' sermon.—Mr. Ernest Reid visited his sister, Mrs. Walter Day, Petworth, recently.—Miss Gertrude Hill with Mrs. Clarence Allen on Monday night. — Mr. E. J. Corkill, I. P. S., Napanee, called at our school on Friday.

TOWN COUNCIL

The regular meeting of the Town Council was held in the Council Chamber on Monday night.

Mayor Graham, Reeve Paul, and Councillors Boyes, Mulg, Perry and Storey were present.

Mrs. F. Peterson, Mill St., put in a claim for damages for injuries sustained from falling on Richard St., below Water St., on May 8th. Referred to Finance Committee to investigate and report.

A communication was read from the A. E. Ames Co., Toronto, confirming the sale of the $47,000 Town of Napanee 5½ per cent. bonds, repayable in equal annual instalments May 1st, 1922-1952, at 99.53 and accrued interest.

From the Provincial Board of Health, re town water supply, stating that the lower river for water supply is extremely dangerous, and strongly urging the Council to authorize a firm of engineers to make a report upon the filtering of the entire supply in order that the people might have a degree of protection should the upper river fail at any time. Referred to the Public Utilities Commission.

A petition was read from E. S. Lapum and others, with the request that Thomas St., between John and Robert, be sprinkled.

Coun. Boyes reported recommending the payment of $20.00 to the Thompson family for medical expense in connection with a member of the family getting injured from falling on a broken sidewalk.

On motion it was decided to notify the Chief of Police to keep a watch on carters and others dumping rubbish in prohibited places.

Reeve Paul gave notice that the recreation ground at the east end of the town, known as the old Crystal Palace grounds, was ready for the boys and girls to amuse themselves in games of baseball, basket ball and other forms of amusement of a like nature. Reeve Paul is looking after this work personally. He has donated the ground, and put it in shape by having earth drawn to fill up the low places. This has been levelled and rolled, and is now ready for any kind of legitimate sport that the kiddies wish to indulge in. All are welcome. Mr. Paul is bearing the expense of these improvements himself.

ACCOUNTS.

The accounts of the Frontenac Lumber Co., for $444; Chas. Stevens $19.00, and F. E. Vanlaven $51.25, were referred to committee.

The following accounts were ordered paid :—A. T. Harshaw & Son, insurance premium, $28.50; J. M. Graham, $10.10; Public Utilities Commission, $1147.50; Napanee Express, printing, etc., $65.55; Fred Edrar, $15.20; special police at court, $6.00; Chas. Stevens, $20.70, can carrier, $25.38.

Council adjourned.

Miller's Worm Powders not only make the infantile system untenable for worms, but by their action on the stomach, liver and bowels they correct such troubles as lack of appetite, biliousness and other internal disorders that the worms create. Children thrive upon them and no matter what condition their worm-infested stomachs may be in, they will show improvement as soon as the treatment begins.

DAVIS—MacQUEEN.

On Tuesday last, at 1.30 o'clock, in Annette St. Baptist Church, Toronto, the marriage of Miss Vera Davis, only daughter of Mr. J. Lester Davis, of Toronto, to Mr. William John MacQueen, of the same place, was solemnized. Rev. Mr. Brown, the Pastor, officiated, in the presence of a large number of guests. During the entrance of the bride, escorted by her father, Professor Hayes was at the organ. The bride was accompanied to the altar by Miss Isabel Alberts, while Mr. Thomas Armitage supported the groom. Mrs. Rashleigh sang during the signing of the register. After the ceremony a buffet lunch was served at the home of the bride's father, and the happy couple left on the train for Niagara Falls and Rochester. The groom's present to the bride was a fur neckpiece, to the bridesmaid, a sterling silver vanity case and chain, and to the best man a gold chain. The bride's going away suit was of navy-blue tricotine with hat to match. The bride's grandfather and grandmother (Miss Eliza Hinch) were residents of Lennox and Addington, and have many relatives residing here. Of the many costly presents received by the bride, some sending from a distance were Mr. and Mrs. Walter Exley and Miss Vivian, Mrs. Newport, Mrs. Wilsover, Miss Marie Paul, of Napanee; Miss Shane, of Watertown, N.Y.; Mrs. Brooks and Mrs. Hinch, Rochester, N.Y.; Mrs. McQuaig, of Peterboro'.

OBITUARY.

Dorothea Campbell.

On April 28th, 1922, death entered the home of Mr. and Mrs. Stewart Close, and took from their loving care their beloved and only daughter, Dorothea Campbell, who in thirteen short years had finished her life's work and heard the call, "Let the little ones come unto me". Little Dorothea, who had been ill for more than a year, was always the joy and sunshine of her home.

Having been touched by the Spirit of God very early in life, she learned to love His ways and now has gone to be with Him, to whom she gave her heart.

Much sympathy is extended to the sorrowing parents and friends by the entire community who can but bid them remember that it is but one more in the chain that binds earth to heaven.

The funeral service was conducted by the Pastor, Rev. H. A. Clark, at the home, and interment in Reidville cemetery. The pall bearers were Messrs. Wills and Fred Galbraith, Patsy Nolan, Wilfred Haggarty, Blake Barrigar and Perry Armstrong.

The list of floral offerings was:—Mr. and Mrs. Stewart Close and brother, Raymond Campbell, wreath; Mr. and Mrs. Leeman Campbell, sheaf; Mr. and Mrs. Laughlin Campbell, sheaf; Mr. and Mrs. W. B. Close, sheaf; Mr. John and Miss Thresea Dewey, and Mr. and Mrs. Alex. Hagerman, sheaf; Mrs. Thornhill, sheaf; Mr. and Mrs. Rufus Lewis, crosse; Misses Celia Nolan, Bessie Wright, Edna and Etta Kring, wreath.

ODESSA.

Mrs. Alexanderack and little daughter and Mrs. John Shane, Newburgh, spent the week-end with Mr. and Mrs. James Shane.—Miss Bertice Henderson, Sunbury, with her parents, Mr. and Mrs. Fred Henderson.—Mr. and Mrs. Wilbur Hermiston, Kingston-town, and Mr. and Mrs. Rufe. Hamm and Leland, Sunday guests of Mr. and Mrs. J. G. Hamm.—Miss Hazel Gardner, Marlbank, has been spending the past week with her cousin, Miss Elma Townsend.—Mr. and Mrs. Lewis Hartman, Camden East, spent Sunday with Mr. and Mrs. Charles Hartman, Shore.—Last Tuesday afternoon was A. last day for the Odessa School, and the pupils were delighted with their half holiday spent in the nearby woods, and their dainty baskets, which was their first picnic of the season.—The concert given by the Adolphustown Dramatic Club on Tuesday night, was a great success, and had a large attendance. The proceeds were in behalf of the Methodist Church fund.—Mrs. Albert Booth and Mrs. John Gardiner left last week to make their home in Kingston. Their many friends are very sorry to have them leave the village.—The first baseball game of the season for the Odessa team was played at Yarker last Saturday afternoon. Two of the young men met with quite serious accidents which prevented them from continuing in the game. Bruce Cairns received his ankle and Leslie McConnell was struck with the ball below the knee. The score was 14-10, in favor of Yarker.

SHE DIDN'T WANT TO LIVE

"I felt so ill and wretched that I didn't care whether I lived or not."

This was Mrs. W.'s experience. If you are not feeling well you should read every word of her letter. She says, "I often feel I have actually experienced what it means to be ill, really ill, and don't know what suffering is. I felt so ill and miserable that I didn't care whether I lived or not. I am naturally of an active temperament and as a result I must have overwork at times, because I began to feel tired all the time, no matter which of the 24 hours my face took on a doubtful hue. I was sure ill over. I was troubled with dull pains which at times rendered me helpless. My body felt as if somebody had given pounding it—every bit of it ached. When I laid down at night I could not get into a comfortable position and consequence was I got very little sleep. The pains, which followed sleeping in one position for any length of time gave me fresh pangs. Dizziness from which I awoke in a cold perspiring. I consulted doctors and they told me that I was completely run down and needed something to build me up. Their prescriptions only helped me for a while. One day I found a circular about Carnol and the glowing accounts in it sounded so honest and true and free from any exaggeration that I decided to try it. It did work, after taking the first bottle I was as well as ever. If any one had told me that Carnol would do what it did for me I wouldn't have believed them."

Carnol is sold by your druggist, and if you can conscientiously say after you have tried it that it hasn't done you any good, return the empty bottle to him and he will refund your money. 7-12z

QUESTIONS AND ANSWERS ON FORESTRY.

By the Canadian Forestry Association.

Q. Is there such a thing as a scientific fire finder used in Canadian forestry services for the detection of forest fires from lookout towers?

A. In several parts of the Dominion our government forest services utilize what is called the Osborne forest fire finder. This is a most interesting device mounted in lookout towers whereby the ranger in charge can quickly and exactly locate from a whiff of smoke on the horizon the position of the fire and with that knowledge can direct his men where to go. The fire finder cannot be described in much detail but roughly consists of a metal disc on which is mounted a map of the district. The lookout station represents the centre of the disc. By swinging the disc so that the sighting device is leveled directly on the fire, the observer is able to fix the location of the trouble with preciseness and then proceeds to telephone to the rangers nearest the fire giving them instructions where to go.

Q. How much of Canada's forests is denuded each year for the manufacture of pulp and paper?

A. About four million cords are cut each year in this country, valued in the rough at forty-five million dollars and from which pulp and paper products are produced to the value of over two hundred million dollars. More than ninety per cent. of these values is furnished by the wood of four kinds of trees of which spruce is chief.

Q. Is there any reliable information as to how much of our Dominion forests has been sacrificed to forest fires in the past century?

A. Dr. C. D. Howe, head of the Forest School of the University of Toronto, estimates that from one half to two-thirds of the forested area of Canada, or, in other words, around one million square miles has been burned within the past 55 years. Dr. Howe further estimates that the forest areas have been so denuded of the larger-sized timbers that to-day less than twelve per cent. of the land area of the country contains timber of the size demanded by a modern lumber mill.

Dr. Howe's comment as to the effect of forest fires is highly interesting. He says that "of the million square miles of our forest inheritance that has been devastated by fire, much has been burned not only once but two, three and even half a dozen times. These repeated fires on the same area render abortive Nature's attempt to re-clothe the old burns with commercial valuable trees. Whole townships that once supported magnificent forests of pine or spruce are now, because of repeated burning, covered with worthless brush or trees of no market value.

Q. I have heard of a number of women's societies interested in promoting Roads of Remembrance as memorials to the soldier dead. Where can we get information as to how to proceed with such Roads of Remembrance?

A. The Canadian Forestry Association is prepared to help any organization with shade tree planting as a war memorial. Address the Association at Ottawa.

Now She Doesn't Need The Doctor

WHY JOHN HAMILL PRAISES DODD'S KIDNEY PILLS.

When He Found Them His Wife Found Relief. That's Why He Tells Sufferers to Use Dodd's Kidney Pills.

Marchburn, Sask., May 8th, (Special)—Mr. John Hamill, a well known and highly respected resident here, is a firm believer in Dodd's Kidney Pills.

"I speak on behalf of my wife," Mr. Hamill says, "when telling the reason why. She has been ailing for years. I had doctored attending her but she didn't seem to get any better.

"At last I found Dodd's Kidney Pills and my wife found relief. She kept taking them from time to time. Now she doesn't need the doctor.

"Also since childhood Mrs. Hamill has been a sufferer from constipation. She found relief from that in Diamond Dinner Pills."

Nine-tenths of the ills that dog the pathway of suffering women come from diseased kidneys. Ask your neighbors if Dodd's Kidney Pills do not make strong, healthy kidneys.

LETTER OF CONDOLENCE

Croydon, May 8th, 1922.

Dear Sister Close,—It is with sincere regret that we, the officers and members of Mayflower L. O. B. A. No. 361, extend to you our sympathy in this your hour of sad bereavement. We all realize your loss and counsel you to look forward to a glorious meeting in the Great Beyond. Dorothy will be greatly missed in the home and among her schoolmates with whom she was a general favorite, being of a kind and cheerful disposition, she endeared herself to all whom she was in any way associated.

Although we as human beings are selfish enough to wish to keep all our friends with us, still we know in our own mind, that when called away, they are better and happier. Dorothy with her open ends and sunny way enjoyed life as only children can, without the care and trials of this world. We hope and trust that God will strengthen and comfort you in your sorrow, for

"She is not dead, this child of our affection,
But gone unto that school,
Where she no longer needs our poor protection,
And Christ himself doth rule.

Signed on behalf of the officers and members of L.O.B.A., No. 361.

LETTER OF CONDOLENCE

To the Widow and Family of our Late Brother, John Tyner.

Dear Friends,—We, the members of L. O. L. No. 159, Tamworth, wish to express to you our deep and sincere sympathy in the loss you have sustained in the death of the one who was in your home circle, the beloved husband and father. In the Providence of God he was spared to a long life. But our brother did not think of life as made up of years only, but of active work, of service to God, and of kindly thoughts and deeds done to others.

As members of the Orange Brotherhood, we cherish the memory of his place in our membership. As one of the oldest members of our lodge, he was always an example to others, and exemplified in his life those Christian principles, which it is the highest purpose of our Order to set forth. And now that the passing years have brought his long and useful life to its earthly close, we rejoice that our Christian faith assures us that he has but gone to his reward, there to await the coming of those who know and loved him here.

Signed on behalf of the Lodge,

O. A. McKNIGHT, W.M.
W. H. CLARK, Chaplain.

BROOKSIDE.

The seeding in this vicinity is almost finished. The farmers are improving us due to scarcity of rain.—Many from here attended the funeral of the late Mrs. Snider, who passed away at the home of her daughter, Mrs. H. Carman, Selby. For many years the deceased, with her husband, who predeceased her, made her home in this vicinity, and in her demise we realize the passing of one who made herself known by her goodness and kindness. Much sympathy is extended to the bereaved ones.—Mrs. Roy Freeman is with us again, much improved in health.—Mr. and Mrs. Galbraith called on friends at Moscow.—Mr. and Mrs. C. W. Wallace, accompanied by Mr. and Mrs. F. Wallace, spent Sunday with Mr. and Mrs. Wm. Wallace, Switzerville.—Mr. and Mrs. S. Freeman and Hazel and Kennerly visited at Inverary.—Mr. and Mrs. C. Freeman, also Mr. and Mrs. R. Freeman and Bruce called on friends at Pleasant Valley.—Mr. and Mrs. B. Holden and family, also D. McLeod spent a Sunday recently at Echo Lake.—Claude Vandervoort, Yarker, at F. Wallace's.—Lloyd Wallace at E. W. Boyce's.—Several attended the I. O. O. F. services held in Yarker Methodist Church on Sunday afternoon.

IN MEMORIAM.

In sad and loving memory of Agnes Reba Cuddy, who entered into rest 4 May 17th, 1921.

No one heard the footsteps
Of the angel drawing near,
Who took from us to Heaven
The one we loved so dear.
Oft we sit and think of her,
And our hearts are sad with pain,
Oh! this world would be a Heaven
Could we hear her voice again.
20a —Mother, Father, Grandmother.

IN MEMORIAM.

In memory of Mrs. Geo. Black, who died May 18th, 1921.

Passed beyond the veil where God calls home the dear ones whom we love,
To dwell with Him in perfect peace above.
We cannot feel that He has loosed the tie
Which bound our human hearts on earth;
So I find comfort in the thought that they may be —
My guardian angel keeping watch o'er me.
No broken ties, but just a veil between
My earthly vision and that world unseen!
A little time to wait while loved ones there,
Keep tender watch o'er me, till I may share
Their perfect peace and God's most perfect joy,
Known unto those who dwell with Him above.
20a —Husband and Children.

MERCHANDISE AND WEARING APPARE L TO MEET THE NEEDS OF WEATHER, HOLIDAYS AND POCKET-BOOKS

Big Double-Header Sale in Our Women's Ready-To-Wear Section is Now In Progress

Women's Suits, $32.95

The June bride, those who intend to travel, those who like a Suit to wear, should hail this special Clearing Sale with delight. These Suits were personally selected by our own buyers who had their weather-eye open to the requirements of our customers from manufacturers who are the best we have in Canada. Each garment is beautifully styled, cut and finished in the most approved methods, and each garment is decidedly wearable.

They are made from All Wool Serges and Tricotines. The prevailing colors are Navy and Black, with an occasional Tweed. All sizes are procurable. Regular this season's values range from $37.50 to $55.00. "Limited quantity".

Women's Coats, $19.50

Every woman needs a Coat. Our climate also emphasizes this need; there is hardly an evening the year round when a Coat is not necessary. In this rousing sale which is now in progress, we are offering magnificent values which were only obtainable through extraordinary purchasing conditions. In some instances the making alone is worth the sale price of the Coat.

Styles feature loose-backs and all-round belts, and every Coat is fully lined with Silk. Artexl rope stitching, buttons, pockets and pleats are used in unique original ways for further trimmings.

All Wool Canadian Velour in a variety of Summer colorings is the material used and will give undeniably good service. Obtainable in all sizes. Former this season's prices were $25.00, $30.00, $32.50 and $35.00.

Summer Millinery Vies Between Sports Hats for Motoring and Large Picture Hats for Dress Up Wear

Twenty-fourth of May is a holiday. If you are planning to spend it motoring, boating or picnicing out-of-doors, you sur ely will be delighted with these Sport Hats. Obtainable are many clever models, c omposed of Polo Cloth. These come with soft flexible brims which can be worn up or down to meet the whim of the wearer. These are priced at $3.00.

Equally as smart in appearance and just as practical in nature is a hat composed of felt and straw. The up-turned rolling brim is tacked on one side to the crown with a rosette of felt. Obtainable in a very soft Sand shade. Priced $3.95.

The girl who must have colors will surely appreciate a clever range of wool and straw hats that have just arrived. These are popular in shades of Lemon, Jade and Flame. The shapes possess an exceptionally jaunty air. Priced $6.75.

Just a step or two in advance of the weather comes a picturesque assortment of Dressy Hats to keep company with Su mmer dresses. Noticeably good this season are the numerous combinations of St raw, Georgette, Crepe and Flowers. Lace, too, is afforded a very prominent place, while the dependable straws, as Milan and Mohair, make practical interesting revela tions for milady's choosing.

These and others are all on display. Hats can be made to your own specifications.

Children's Straws, Summer 1922

"What a lovely assortment of Children's Straws you have" is a frequent expression which we have heard this past week. And it is not only the many lines which we are carrying, but the prices are considerably lower than last season, which fact you will appreciate. We will be pleased to serve you. Priced from 50c. to $1.50. In our Men's Furnishings Department.

Skirtings.

These Skirtings will be on display and sale for one day only, Saturday, May 20th. Special Price, per yard $2.48. Regular values $3.75 and $4.50 per yard. The latest colorings and designs in Stripe and Plaid Velour and Serge.

Skirtings that are 54 inches wide,—one length will make a skirt,—two widths will be enough for any style in a pleated skirt. Patterns and colors are suitable for sport wear, or for the more dressy occasion. See Window Display before sale.

Men's Straws

Now for a change of headgear. The felt hat is too heavy and cumbersome these hot days, and the 24th of May demands a Straw. Prepare for the 24th by buying your Straw Hat now. Sailors are, as usual, the leading hats for this year, and you will see an excellent range of Splits and Sennits here to choose from. Of course we carry Panamas, Imitation Panamas, and each and every hat is marked particularly close. Choose yours now.

—The rumor that the children of Archie Bruce were ill of diphtheria is false, and they are not under quarantine and have not been so. Little Donald only, was ill a few days under Dr. Duffett's care, with a severe cold, but we are pleased to state he is now quite well again.

—The regular annual meeting of the Maple Leaf Institute will be held at the home of Mrs. W. R. Smith and Mrs. Harold Brandon, Morven, next Thursday, May 25th, at 2 o'clock. It is requested that all the members are present as the officers for the new year are to be elected. The Auditors' report will be given, and a good programme is also being prepared.

—Mrs. Horace Bourne, Providence, R.I., died very suddenly on Sunday last. Deceased was Miss Josephine Davy, daughter of the late Daniel Davy, well known in Napanee. Deceased leaves two children, aged twelve and thirteen years. The remains are being brought to Toronto for burial. Mrs. Bourne was a niece of Mrs. Canfield Shorey and Miss Louisa Davy, and spent her girlhood days in Napanee.

—The monthly meeting of the Woman's Auxiliary held at St. Mark's Rectory, Deseronto, May 16th, was very successful, very delightful and well attended. The members, after transacting the usual business, made Mrs. George D. Stobo, one of their most faithful and loyal members a Diocesan Life Member by presenting her with a purse of $25.00 and a gold cross. The Rector, Rev. E. Radcliffe, in a few complimentary remarks, stated how worthy Mrs. Smith was of this honour, and how cheerfully and willingly every one had contributed to make Mrs. Smith a Life Member. Then amidst hearty applause little Miss Martha Smith, a member of the Little Helpers, handed to her grandmother a purse of $25.00, and another granddaughter, Miss Rebecca Smith, a member of the Junior Branch, pinned on the gold cross, a badge of Life Membership. After the presentation refreshments were served by Mrs. Radcliffe, to about thirty ladies present, who expressed themselves on leaving as having spent a most enjoyable time at the Rectory.

—Hay Bay ferry will start on Saturday, May 20th.

The best known spot to meet and shop—Wallace's Drug Store.

The Str. Brockville will run an excursion to Picton's Big Victoria Day celebration on Wednesday, May 24th, leaving Napanee at 9 a.m., returning from Picton at 5.30 p.m.; fare for round trip, 75c. 20a

—On Sunday morning fire was discovered in the kitchen of James Killoran, Thomas St. The firemen were called out and in a few minutes had the fire under control. The kitchen was partially destroyed.

—Rev. C. W. DeMille, formerly of Napanee, is to be the new General Superintendent of the Ontario Religious Education Council, succeeding Rev. T. A. Halpenny, who becomes Principal of Stanstead, Que., Methodist College.

—Mrs. Harron, Toronto, who has been spending some weeks with her daughter, Mrs. G. A. Wallace, passed away on Sunday morning. A week ago she suffered a stroke from which she never rallied. The remains were taken to her home in Toronto on Sunday evening, and the funeral was held on Tuesday afternoon.

There's a big field of horses entered for Picton's Victoria Day races, and the lovers of good horse races will surely see them in Picton on that day. Take in the Str. Brockville's excursion to Picton, and enjoy a good day's sport. Boat leaves Napanee at 9 a.m., fare 75c.; leaves Deseronto at 9.30 a.m., fare 50c. 20a

COUNTY BASEBALL GAMES

Two games were played in the Lennox and Addington County Baseball League on Saturday last.

Showing wonderful ability at the bat, Yarker defeated Odessa at Yarker on Saturday afternoon in their opening game by a score of 14-10, after a splendid exhibition of baseball. There was plenty of hitting and both teams did their share, but the Yarker team were determined to outhit their opponents and their swinging was effective. Warner featured the game with a home run and two three-baggers while Dunn and Burley also landed three-baggers.

The game was attended by a large crowd which was greatly satisfied with the brand of ball put up by the teams. There was plenty of action and excitement went high all through the encounter. B. Cairns, who started for the Odessa team was taken out of the box at the end of the second innings and was replaced by Frink, who worked hard during the rest of the game though he was touched up frequently.

The game itself and the interest displayed by the fans showed that Yarker is a real live baseball village, and there will be some excitement there this year. The Yarker team looks good as it stands and should travel some distance in the Inter-County League.

The Greatest Investment Opportunity Today is in Certain Well-Secured Corporation Bonds

Municipal and Corporation bond prices were forced down by the following influences:

1. By tight money conditions.
2. By the fall in sterling exchange.
3. By Corporations and Municipalities having to finance at a time when confidence was disturbed.

These adverse conditions are rapidly being corrected. The money market has eased a great deal and money is now available for all legitimate business. Sterling exchange has recovered much of its depreciation, and today the flood of securities from London to Canada has practically stopped. Business is now showing signs of improvement, and confidence is gradually being restored.

As a result of the improved conditions outlined above, long-term municipal bonds have already advanced from ten to twelve points in the last eight months. The prices of Corporation bonds, on the other hand, being more dependent on public confidence than they are on the fluctuations of sterling exchange, or on the state of the money market, have not yet shown any material advance in price. But as business is now gradually improving, and as confidence is gradually being restored, the price of Corporation bonds, as a class, is bound to be moved upward very materially in the near future.

In bringing this matter to your attention, we wish to point out that there are both good and bad Corporation bonds, and careful discrimination is necessary. When purchasing Corporation bonds it is advisable to do so through an investment house of good repute and sound judgment. We have well-secured Corporation bonds to yield from 7% to 8%, and would be pleased to discuss with you an exchange of Corporation bonds for Municipal bonds, whereby you can take a substantial profit on your Municipal bonds, reinvest the proceeds at a much higher rate, and secure an investment that will give every prospect for appreciation in value.

Among those Corporation bonds which may safely be purchased for security, high income yield and reasonable prospects of appreciation in value, we recommend:

Manitoba Power Co., Ltd., 7% First Mortgage Sinking Fund Gold Bonds, due Nov. 1, 1941. Price 100 and Interest to yield 7%
(Guaranteed by the Winnipeg Electric Railway Co.)

Howard Smith Paper Mills, Ltd., 7% First Refunding Mortgage Sinking Fund Gold Bonds, due Jan. 2, 1941. Price 95 and Interest to yield..... 7.50%

Wayagamack Pulp & Paper Co., Ltd., 6% First Mortgage Sinking Fund Gold Bonds, due Feb. 1, 1941. Price 77.50 and Interest to yield.... 8%

We will be pleased to give you full particulars of the above Corporation bonds upon request; or if you will forward a list of your municipal holdings, we will advise you how you can make profitable exchanges.

Now that I know how to use Rinso — why it's just splendid.

Knowing how to use Rinso correctly means finding workless wash days. It's well worth while. Let us ask—are you making the same mistake as Mrs. Carr?

WHAT WAS MRS. CARR'S MISTAKE?

She forgot that Rinso is not the same as ordinary soap flakes or washing powders. She did not give Rinso an opportunity to show its wonderful power of washing clothes clean just by soaking. She used to put Rinso direct from the package into the tub without first making the famous Rinso liquid.

The result was that the fine granules of soap essence of Rinso were not properly dissolved and their value was not spread evenly through the wash so as to loosen all the dirt in every garment—ready to come away in the rinse. The result of course was disappointing.

THE PROPER WAY TO USE RINSO

Now this is the proper way to use Rinso—for ordinary washing—For each tubful of clothes take half a package of Rinso put in a little cool water and stir until it is in a cream thoroughly dissolved. Add two quarts of boiling water and stir well. When the froth subsides there will be a clear amber coloured liquid. Partly fill your tub with cool or lukewarm water and add the Rinso liquid. Put the clothes in so that each is covered and soak the things thoroughly overnight. Do not just dip them up and down.

In the morning rinse the clothes until the water runs clear. Only soiled collars and cuff edges may need a slight rubbing with your fingers. No need for washboard or boiler—just wring and dry.

EXTRA SOILED GARMENTS

Greasy or badly soiled garments—soak overnight in lukewarm Rinso suds, first rub a little moistened Rinso as it comes from the package on badly soiled spots. Next morning add warm water and rinse. The dirt will just float away entirely.

FOR THE WASHING MACHINE

Rinso is splendid. Soak the clothes for one hour, two hours, overnight, or as long as convenient, then add a little fresh Rinso liquid and operate the machine. Rinse thoroughly and the clothes are clean—all the dirt will run away.

Follow these simple directions and you will be delighted, Monday after Monday, with the Rinso way of washing.

Could Hardly Live for Asthma, writes one man who after years of suffering has found complete relief through Dr. J. D. Kellogg's Asthma Remedy. Now he knows how needless has been his suffering. This matchless remedy gives sure help to all afflicted with asthma. Inhaled as smoke or vapor it brings the help so long needed. Every dealer has it or can get it for you from his wholesaler

Teacher (to class in natural history)—What kind of birds are frequently kept in captivity?

Tommy—Jail birds.

The cheapest Paint you can use is B. and H. English Paint. It covers so well, goes farther, and wears better. In Napanee, at Wallace's.

Stage Manager—All ready; run up the curtain.

Stage Hand—Say, what do you think I am—a squirrel?

Simple and Sure.—Dr. Thomas' Eclectric Oil is so simple in application that a child can understand the instructions. Used as a liniment the only direction is to rub, and when used as a dressing to apply. The directions are so plain and unmistakable that they are readily understood by young or old.

First Cannibal—Our chief has hay fever.

Second Cannibal—What brought it on?

First Cannibal—He ate a grass widow.

Cheap White Lead contains whiting Therefore buy the brands the painters know,—either Elephant or B. B. English. For sale at Wallace's.

Diner—What sort of chicken do you call this, waiter?

Waiter—That, sir, I believe, is a Plymouth Rock.

Diner—Ah! I'm glad it has some historic interest. I thought it was just an ordinary cobblestone.

Cheapest of all Oils.—Considering the qualities of Dr. Thomas' Eclectric Oil it is the cheapest of all preparations offered to the public. It is to be found in every drug store in Canada from coast to coast and all country merchants keep it for sale. So, being easily procurable and extremely moderate in price, no one should be without a bottle of it.

The Man—My wife says if I were to die she would remain a widow.

The Girl—Evidently she thinks there isn't another man like you in the world.

The Man—On the contrary, she says she is afraid there is and that it might be her ill luck to get him.

Would you have your whole paint job spoiled for two or three dollars? Use either B. B. English or genuine Elephant Lead and doubled boiled Pale Linseed Oil. For sale at Wallace's Drug Store.

Patron of the Arts—Eighty-five francs? That's rather expensive for the work of a painter who's still alive.

Art Dealer—Well, you might give me the money, and I'll see what can be done about it.

We are offering our stock of Manhattan Coach and Chair Paint at one-half price. We have left the following colors, Bottle Green, Wine, Green, Yellow, Vermillion and Maroon. At Wallace's Drug Store. This is highest grade Varnish Paint.

When little Percival arrived at school on the opening day, he carried the following note to the teacher:

"Dear Teacher: Our sweet little Percival is a very delicate, nervous child, and if he is naughty—and he is likely to be naughty at times—just punish the boy next to him, and that will frighten him so he'll be good."

The difference in the cost of painting a house with Elephant or B. B. English White Lead and a cheaper grade amounts to about four dollars. In one case you have a first class job that will last, in the other a poor one. B. B. and Elephant Lead for sale at Wallace's Drug Store.

HER AILMENTS ALL GONE NOW

Mrs. Sherman Helped by Lydia E. Pinkham's Vegetable Compound

Lake, Michigan.—"About one year ago I suffered with irregularities and a weakness and at times was obliged to stay off my feet. I doctored with our family physician and he finally told me he could not understand my case, so I decided to try Lydia E. Pinkham's Vegetable Compound. After I had taken the first bottle I told my husband that I was getting relief. I have taken several bottles of the Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and I am entirely cured of all ailments. You may publish this letter if you wish."—Mrs. MARY SHERMAN, Route B, Lake, Mich.

There is one fact which should consider and that is this. Many suffer from irregularities and various forms of weakness. They try this and that doctor, as well as different medicines. Finally they take Lydia E. Pinkham's Compound, and Mrs. Sherman's experience is simply another case showing the merit of this well-known medicine.

If your family physician fails to help you and the same old troubles persist, why isn't it reasonable to try Lydia E. Pinkham's Vegetable Compound?

No Disappointments in Appointments

If You Use Long Distance

If you are a Salesman or a Buyer, why gamble valuable time and the cost of travel fares that the party you wish to see will be in when you call on him?

The high cost of personal interviews is materially reduced and many more calls can be made per day if you make a definite appointment by Long Distance.

Avoiding disappointments by making appointments over Long Distance is one of the most profitable uses Salesmen can make of it. ALWAYS, a leading Montreal Department store, tell us their buyers always call up manufacturers before leaving town to call on them, to make sure their trip will not be in vain.

Station-to-Station rates reduce the cost of telephoning, and if you can telephone after 8.30 P.M.—to a man's home, perhaps — the evening rates are only about one-half the cost of day-time messages.

PLANTING THE FLOWER GARDEN.

(Experimental Farms Note).

The annual delight to flower lovers of planting the garden is about to be experienced as spring is here. Often the desire to plant, however, is so strong that certain kinds are set out in the garden long before they should be with the result that many plants are ruined by late spring frosts. There is no advantage, and great danger, in planting geraniums, for instance, before the last week of May, and tender plants are almost certain to be killed.

In planting the flower garden it should always be kept in mind that green grass is one of the most pleasing sights about a garden, as flowers without grass to set them off may be compared with a picture without a frame. The flower garden then should be so planned that the grass will not be much cut up by flower beds. See that the places for flowers are along the boundaries, in corners, or close to the house, leaving as much grass as possible in an unbroken area.

All herbaceous perennials that are going to be planted this spring should be set out as soon as possible now as the more growth they have made before planting the less satisfactory will be the results the first year.

Roses should be planted as early as possible, and if the plants seem dry when they arrive prune severely and bury them in moist soil for a couple of days before planting.

Some of the hardiest annual flowers, the seed of which can be planted outside early in May, are Sweet Alyssum, Calliopsis, Candytuft, Calendula or Pot Marigold, Delphinium, Eschscholtzia, Poppy, Phlox Drummondi, Virginian Stocks, and Verbena, while for best results Sweet Peas should be planted as soon as the ground is dry enough, but good success will be obtained in an average year even if there is delay in planting for a few weeks. Annuals that are affected by very little frost should not be planted before the latter part of May as, in addition to their probably being killed by frost, these tender things do not succeed well until the temperature of the soil is fairly high. This applies also to such tender plants as Cannas and Dahlias. Gladioli may be planted any time in May.

In planting the flower garden it is very desirable to plan it in such a way that there will be a succession of bloom from early in the spring until late in the autumn. Care should be taken also to arrange the plants in such a way that there will be pleasing blending or contrasts in colours and that the lower growing plants will be in the foreground, or, at least, not hidden by the stronger and taller ones.

Seventy-Six Years' Experience

FOR seventy-six long years McClarys built stoves of all kinds to burn all sorts of fuels for use all over the world. A type of stove was designed to meet every new kind of fuel offered.

When it became evident that electricity would some day be used for cooking purposes, McClary's engineers were put to work to design the most suitable kind of stove to use electricity.

The stove now offered by McClarys, with its protected trouble-proof element and round cornered, porcelain enameled, washable oven, is the successful result.

When you buy a McClary's Electric Range, you know that a long, successful reputation is behind it —you should certainly see this range before buying.

Hurrah for the Barred Rock Hen.

Mrs. Herb. Yorke, who resides near Tamworth, has a barred rock hen that lays an exceptionally large egg every day, but on May 13th her small son, Douglas found one that weighed 5 oz. strong, and measured 7⅛ in. by 8¼ in. In appearance it resembled a small goose egg. On being opened it contained two good sized eggs. Who next?

Greater Tea Consumption In Great Britain.

The reduction of the English duty on tea by four pence a pound will undoubedly result in greater consumption on the part of the public of Great Britain, which is now by far the largest tea consuming country in the world. This increased demand will tend to raise the present abnormally high market, and an increase in cost of teas throughout the world may be expected.

Victrola Prices Greatly Reduced

THE VICTROLA — THE GREATEST MUSICAL INSTRUMENT THE WORLD HAS EVER KNOWN — CAN NOW BE PURCHASED AT A VERY LOW PRICE

Why did all the great artists such as Caruso, Gluck, Heifetz, Kreisler, Paderewski, Gall-Curci, Melba, Farrar and Alda choose the Victrola as the one instrument they wished the world to hear them through? Because they are judges of music and they know a musical instrument from an imitation. They make records only for the Victor.

Their choice should be your choice, if you want all that is best in a musical instrument.

The prices of the Victrola have been greatly reduced, so that now it is the lowest priced high-class machine to be had.

Call and see them. Two weeks free trial.
